

Certificate Course In Disability Studies

Organized by,

Andrews Vision Centre (AVC), Wilson College

In collaboration with

Youth4Jobs Foundations

About the course

Course Outcomes

- Participants will gain an understanding of theoretical, legal and cultural frameworks to engage and implement rights of persons with disabilities in higher education institutions and employment.
- Develop methods of inclusion in institutions of higher education and employment.
- Online practical training will train participants to engage with disabilities in a way that it not only builds sensitivity but also an understanding of a mutually beneficial life world of diversity and plurality.
