

SEMESTER- V TYBSc REGULAR & ATKT EXAMINATION

November, 2021

Time: 12:00 Noon to 1:00 p.m.

Date	Day	Subjects
22/11/2021	Monday	Chemistry – I-Physical Chemistry Physics – I - Mathematical and Statistical Physics Mathematics –I-Multivariable calculus Zoology – I – Invertebrates and Type Study Microbiology – I-Microbial Genetics Botany – I – Plant Diversity - III
23/11/2021	Tuesday	Chemistry – II- Inorganic Chemistry Physics – II,-Solid State Physics Mathematics – II-Linear Algebra Zoology – II-Hematology & Immunology, Microbiology – II-Medical Microbiology and Immunology: Part I Botany – II – Plant and Diversity - IV
24/11/2021	Wednesday	Chemistry – III - Organic Chemistry Physics – III – Atomic & Molecular Physics Mathematics -III-Topology of Metric Spaces Zoology – III-Histology, Pathology, Toxicology & Biostatistics Microbiology –III- Microbial Biochemistry :Part-I Botany – III- - Form and Function-III
25/11/2021	Thursday	Chemistry –IV- Analytical Chemistry Physics – IV-Electrodynamics Mathematics -IV-Graph Theory Zoology – IV – Anatomy and Developmental Biology Microbiology -IV-Bioprocess Technology:Part-1 Botany – IV – Current Trends in Plant Sciences - II
26/11/2021	Friday	Chemistry – AC – Heavy and Fine Chemicals Physics – AC – Electronic Instrumentation Mathematics – AC – Computer Programming and System Analysis Zoology – AC – Fishery Biology Microbiology – AC – Biotechnology Botany – AC – Horticulture and Gardening - I
