नमस्कार, मैं विल्सन महाविद्यालय बोल रहा हूँ।

प्यारे विद्यार्थियों,

मैं आपका विल्सन महाविद्यालय बोल रहा हूँ। वैश्विक महामारी कोरोना के कारण संपूर्ण विश्व में हाहाकार मच गया। मानव जाति की सुरक्षा हेतु लॉकडाउन के चलते हम मिल नहीं सकते, तो क्या हुआ? मैं तो सदैव आपके मन-मस्तिष्क में, आपकी यादों के झरोखों में बसता हूँ। मैं कभी आपको भूल नहीं सकता, न ही आपको कभी मुझे भूलने दूँगा, क्योंकि आप मेरी आन, बान और शान हैं। आपसे ही मेरी पहचान बनी हुई है। कोविड-19 की वजह से आप अपने घरों में बैठने के लिए विवश हैं, परंतु हिम्मत हारने की कोई आवश्यकता नहीं। इन विपरीत परिस्थितियों पर विजय प्राप्त करके यह संसार एक बार फिर अपनी सामान्य दिनचर्या में लीन होगा।

प्यारे विद्यार्थियों, मुझे आपकी बहुत याद सता रही है। जिस प्रकार एक माँ अपने पुत्र को गोद में लेने के लिए तरसती है; आज उसी प्रकार मैं भी आप सबकी चहल-कदमी, हँसी-ठिठोली, शोरगुल और शरारतों को देखने के लिए तरस रहा हूँ। आपके बगैर ऐसा लग रहा है जैसे शरीर तो है मगर प्राण नहीं। आप सब मेरे प्राण हैं इसीलिए जहाँ रहें, स्वस्थ और सुरक्षित रहें। आपके बिना आज इस कॉलेज के रास्ते-गलियारे बिल्कुल सुनसान पड़े हैं। कक्षाओं की नीरवता मुझे बेचैन कर रही है। पुस्तकालय की किताबें उपालंभ कर रही हैं। समस्त विभाग, स्टाफ रूम, प्रयोगशालाएँ शिक्षकों के बिना सूने और विरान पड़े हैं। ब्लैक-बोर्ड, चॉक-डस्टर, मेज-कुर्सियाँ आपकी प्रतीक्षा कर रहे हैं। किसी तरह गिने-चुने कर्मचारियों के सहयोग से कॉलेज चल तो रहा है, पर सच तो यही है कि आप सब के बिना उनका भी कहीं मन नहीं लगता है।

प्रिय विद्यार्थियों, आप हमसे मिलने नहीं आ सकते, तो क्या हुआ? मैं तो आपसे मिलने आपके घर आ सकता हूँ शिक्षकों की आवाज के रूप में। ज्ञान का आदान-प्रदान एक अनुष्ठान है, जो जहाँ है वह वहीं रहकर इस ज्ञान-यज्ञ में आहुति दे; तभी यह संकट की घड़ी और एकाकीपन तकलीफदेह नहीं लगेगा। अब आप सबको कक्षा में देरी से आने या अनुपस्थित होने का कोई नया बहाना ढूँढना पड़ेगा। अतः आप सब स्व-अनुशासन में रहें, स्व-अध्ययन करें और समय का समुचित सदुपयोग करें। मेरा आशीर्वाद हमेशा आप सभी के साथ है।

Message from Honourable Secretary of John Wilson Education Society

I Bring Greetings to the Staff and Students of Wilson College.

2020-2021 has been an unprecedentedly challenging year for all, we as the Wilson Family have had our share of ups and downs and have emerged victorious by God's Grace, Mercy and Goodness.

I Thank the Almighty for His protection and preservation of all of our Teaching and Non Teaching Staff and Students this year.

I congratulate Principal Prof. Anna Nikalje for her unstinting efforts to cope with the challenges of this Pandemic Year. She and her excellent Team have seen to the smooth running of the Online Teaching learning experience, efficient conducting of the online examinations and the exhaustive amount of online courses and Webinars organised which surely has enhanced the morale and capacity of our Teachers.

It is commendable that Wilson College has conducted a number of curricular and co-curricular online activities, certificate courses and programs the year round which have helped the students develop intellectually and academically and also for the continuous encouragement and communication that has kept all moving forward inspite of all odds.

I appreciate the efforts taken by the IQAC and Autonomy Committee towards making the autonomy proposal and hopefully by next academic year Wilson College will have the autonomy Status.

I'm happy that new, unconventional courses like B Voc, have begun this year, along with other new courses, this will definitely enhance the employability of the students making them globally competent.

It gives me great pleasure to release the 113th volume of the College Magazine which continues to record the invaluable legacy of this great institute, the achievements of staff and students, the programmes, webinars and competitions and above all the heartfelt expressions of our students.

I wish God's choicest blessings of Health and Success to all and pray for the progress of the College

In His Service

Mr. Prem Masih
Hon. Secretary

Message from Bishop of Mumbai (C.N.I.)

Chairman Board of Management

Dear Dr. Nikalje

Greetings in the Name of Our Lord and Savior Jesus Christ

It gives me great pleasure in congratulating you and the entire Wilson College staff for moving forward efficiently and bravely through the challenges of the Pandemic year 2020-21.

I praise the Lord for His divine protection on all of you and extend my deepest sympathies to all those who have faced the loss of their loved ones.

It has been a Year of great setbacks and obstacles but by God's grace you all have steered the Institution safely through. I am sure that this year's College Magazine will record all the excellent programs conducted as well as the challenges faced and the expressions of all students staff and friends.

We hope that we will be able to Open our Educational Institutions without delay and resume regular classes. I wish you a new year of Hope and challenges. With the Help of God and His support we have done well so far and so let us continue to live with diligence and discipline in every way

I express my appreciation once again and hope that you all are safe and secure. I pray that you all have the strength to keep the faith, the purpose to continue hoping and a heart filled with God's love as Faith Hope and Love is also the Wilson College Motto.

I wish you all a brighter hope in the Days to come

With Prayers and love

All the Best and God bless you

Yours in His Service

From the Principal's Desk

Warm greetings to dear students, teachers and all stakeholders in the matchless name of Almighty Lord! Each year has its celebrations and challenges, and we rise up to meet them with unity and faith. However, the past year will go down in human history for the loss of countless lives as the World reeling under the COVID -19 Pandemic.

I give all glory and praise to the Almighty for preserving most of us and for the complete healing of many students and staff members who contracted the corona virus.

I am extremely delighted to inform all readers that Wilson College was ranked Twenty-seventh in the all India ranking and Third in Maharashtra by the Education World India Higher Education Ranking 2021-22. We are dedicated to realizing the dream of the Founder Rev. Dr. John Wilson and continuing his legacy of imparting quality education to all, in keeping with the Vision and Mission of the College.

We at Wilson College and I particularly as its Helmsman, could perceive the repercussions on the educational front and knew that only meticulous planning, focused implementation and diligent training could help us hold the fort as we passed through various stages of lockdowns, curfews and a newly implemented online teaching-learning system.

The staff and students accepted the challenge, and academic, co-curricular and extra-curricular activities were conducted efficiently and effectively. The G-Suite Educational Platform was selected for teaching and learning, and Institutional College IDs were provided to all staff and students. Many teachers upgraded their ICT skills by attending various webinars and training sessions organized by the IQAC, to ensure that student-centric quality education continues at Wilson.

Online teaching comes with its own set of demands and requirements. The staff was sensitive to this and decided to help students who faced challenges in the online mode. A student survey was taken to assess their needs and difficulties. Thereafter a Student Support Committee was formed where dedicated efforts were made to provide internet data packs, android phones and financial support to procure required devices. This was done in collaboration with the Rotaract Club of Wilson College.

I am happy to announce the commencement of the Commerce Stream (B. Com and M.Com), which is a historic milestone for the College. Additionally, we have started the Bachelor in Vocational Studies

Program (B.Voc.) which includes courses focusing on skill development namely, "Theatre and Stage Craft" under the NSQF scheme of the University Grants Commission.

Another feather in the cap of the College was the status of a 'Lead College' given by the University of Mumbai. Fifteen other Colleges were placed under the Wilson College Cluster.

Regular staff meetings of various statutory and non-statutory bodies were conducted online. The Student Induction, the Orientation Programme as well as the Prize Distribution Function was conducted successfully in the online mode. The first-ever online examinations of Mumbai University were very efficiently carried out for the Wilson Cluster under the able leadership of Wilson College. I appreciate the dedicated team efforts of the College Examination Committee.

Our motivated faculty was instrumental in organizing a large number of Co-curricular E-activities, Science Webinars, International and National conferences including Faculty Development Programmes with the initiatives of the IQAC and in collaboration with the University and institutions of repute. The College Chapel held regular online services for students, counselling and encouraging them constantly. Chapel Services were conducted for the Orientation Day and a special Condolence Prayer Service was also organized.

It was the never-say-die attitude of the Cultural Committee and students that the College festival OLE was organised in the online mode with much pomp and fanfare where eight hundred participants from across India participated in the five-day festival.

It was a matter of great pride that in spite of the lockdown the College CAS Committee conducted and completed the CAS promotion procedure for ten CAS aspirants on 3rd March 2021. The Junior College staff promotions, as well as the administrative staff promotions, were also processed.

With the support of the Management the regular upkeep and maintenance of the College and augmentation of wash room facilities was carried out in spite of the lock down period.

Sensing the need of the times, the changing education scenario, the demands of the National Education Policy 2020 and factors influencing delivery of quality and relevant global level education, Wilson College has submitted the proposal for Autonomy. With this we hope and believe that the magnificent legacy of this Institution will be carried to greater heights.

This issue of The Wilsonian is a unique blend of Online and Offline Programmes, Technology, Teamwork and Talent. I congratulate the Editorial Team for investing their time, effort and creativity to bring out this year's edition.

I am grateful to the Management for the constant support, motivation and guidance given throughout this year. I thank the Vice -Principals, Heads of Departments, IQAC Coordinator, Convenors and Coordinators of various committees, Registrar, teaching and support staff and all my beloved students for their cooperation and commitment in working cohesively to steer the College through the challenges of the current time.

God Bless you all.

Prof. Anna Pratima Nikalje
Principal

Every age is dotted with events so that posterity can look back, think, analyse and learn from it. Every century is marked by one major event and our present century i.e., 21st century has faced itself with the Corona pandemic. Well, a lot has been discussed, speculated and perhaps even been over analysed about our current living situation. This pandemic is not just a record of public health, but it also has an education story to report. With most schools the world over closed and shifting to online mode of teaching we need to question and examine certain issues : what are education institutes doing or not doing to support remote or virtual teaching/learning process, what is fair and equitable (with regard to services offered to both teachers as well as students with different abilities), how different is the online mode from the offline mode of teaching/learning, how effective is the monitoring system, how much has the individual teacher been able to cope overnight with this mode of teaching and the other added administrative responsibilities, what is the role of every stake holder especially of parents in this situation, what system or methodology of evaluation are we following with focus on intentions to impart knowledge and prepare students for employment. An important issue requiring much attention is the mental, emotional and psychological effect on teachers, students, administration and the support staff.

As we are negotiating through this crisis, it is comforting to know that we at Wilson college with our resilience have managed so far to cope well.

The world will never be the same again, education will never be the same again and our lives will never be the same .As it is often quoted " the heart of education lies in the education of the heart along with the mind ".So it compels one to think whether our heart leads us ;and how much have we as stakeholders in the education system, invested in the heart quotient as what psychologist call EQ or emotional quotient-.

Gone are the days of competitive rat race for the percentages right till the 3rd decimal point, no longer the fear for the frightful face of the board and university exams .The mask has been replaced with a gracious consideration on the mark sheets of many aspiring graduates who have learned to lean back on a continuous annual evaluation and periodic performance .Through it all the teachers and students have emerged victorious making their presence felt through talent, hobbies, skills and learning from online platforms.

As Winston Churchill has said "Success is not final and failure is not fatal, it is the courage to continue that counts "

How effective the new education policy will be only time will determine. So let us together hand in hand take our institution forward ensuring that each and every student on our records receives the all-round qualification needed to be fruitful and ready to carve a niche for him/herself on the global scenario, as our mission statement so aptly states. We hope and believe that we will accomplish this.

We have learnt to love; learnt to lose what we could not hold on to and above all learned to learn in any and every circumstance.

This year has also been a year dedicated to fight against child labor and a year dedicated towards cultivating healthy plant life. Our cover page designed by Pooja Kargatya describes the year. The obvious onslaught of the pandemic has stricken every part of human life and the globe has been masked and left dumbfounded, yet through it all we can see that life continues as a seed bearing plant, a sapling that struggles to emerge from the soil. Similarly, we are optimistic that humans will emerge like the Phoenix rising from the ashes with grit and determination to face a new season.

This year's Wilsonian has created history by being the lengthiest college magazine to be printed and has a rich record of all the activities done by staff and students during the lockdown season. An incredibly long list of many webinars, conferences, competitions and interactions that have taken place within and outside the splendid stone portals of our campus which has proved that Wilson college is in the heart of every Wilsonian and that's what makes us beat all odds.

May this online edition of our college magazine weave in our heart's chords of faith, hope and love. We appreciate the efforts of every member of the editorial team for putting together a timely treasure for all to cherish.

We are grateful to the Management and to our Principal, Prof. Anna Pratima Nikalje for their patience, support and continuous guidance.

Student Editorial

The year 2020 has given more to the authors of history textbooks than it has to the writers of diaries. Decades from now, scholars will have a wealth of material for their accounts of this pivotal time, but when the people who lived through it look back on the timelines of their personal lives, many of them will find it difficult to comprehend this time period.

The world has changed dramatically in the past year. A rare disaster, a coronavirus pandemic, has resulted in a tragically large number of human lives being lost. As countries implement necessary quarantines and social distancing practices to contain the pandemic, the world has been put in a Lockdown. The magnitude and speed of collapse in activity that has followed is unlike anything experienced in our lifetimes.

The lockdown we were put into, connected us to reality but through a virtual mode. Our college was one such reality that we wanted to be a part of, every problem is destined to come with a solution and we found ours with a virtual mode of education in the midst of a pandemic.

Virtual learning is defined as learning that can functionally and effectively occur in the absence of traditional classroom environments (Simonson & Schlosser, 2006). In a publication which examined the quality and extent of online education in the United States, Allen and Seaman (2003) defined a **blended learning course** as "having between 30% and 80% of the course content delivered online", while they considered an online course as having "at least 80% of the course content delivered online". In both definitions, it necessitates instructors to have a clear understanding of the role of an effective online instructor, one which differs greatly from that of the face-to-face teaching-learning experience.

The biggest excitement was when our fellow students took to the online platform to knit a tapestry of our very own college magazine the Wilsonian. Every student who was part of the forum indulged through the online world, by contributing pictures and articles which were edited enthusiastically by student editors. As a student editor what struck me most on a personal level that everyone was ready to make every small and big contribution just to enhance our college magazine.

This year the students of our college encountered reality through virtual platforms like zoom meetings, google hangouts and other online platforms resulting in a huge surge of online activities.

The only reason that we could enhance the learning experience was because the only people who could make it happen worked really hard for it. So most importantly I would like to thank our respected Principal Ma'am Prof. Anna Pratima Nikalje and our teachers every department who worked through these challenging times to make the learning experience worth achievable in the year of the pandemic.

It is they who made it possible for us to continue our journey in a meaningful and sensitive manner, Thank you.

Hond Farewell

Mrs. Suniti Pethe

Mrs. Suniti Pethe, Associate Professor and Head of the Economics Department from 1986 to 2020 was a remarkable member of the Wilson College staff who added value to Wilson College in multiple roles. She made the learning of Economics stimulating and interesting for generations of students and inspired students like Dr. Chirag to pursue Ph D in Economics. Her remarkable rapport with students was a boon especially to those who found Economics difficult. She was always available for them.

She was a very important part of CEP between 1993 and 1996 and helped with the lecture phase and placement. In those days the CEP camps were organised for 6 days and during the first year of our camp she came with her daughter Manasi who was just one and half years old and managed her baby and camp responsibilities for three consecutive years.

In 1992 she was also a part of a student initiative newspaper, helping it through inception. She was always there when these students needed help. She was an active member of the Bazaar Day, our College Fun Fair, through the 1990s. Her biggest legacy is ensuring proper conduct of exams by her meticulous approach, training the staff, clearing all backlog and efficient handling of multiple exams. She had acquaintances and friends in all Departments and also had a very good rapport with the non-teaching staff in the office and other departments. Her generosity was boundless.

She will definitely be missed by students and staff in Wilson College.

Mr. Sudhakar Solomonraj, Head, Political Science Department

Dr. Anjali Masurgappi

Dr. Anjali Masurgappi has had a long relationship with Wilson College both as a student and faculty. She graduated in 1980 and had varied teaching experiences before she joined Wilson College in 2004 as faculty. Anjali has been a strong and capable person, and moved on with grit. One cannot but admire and explicitly mention the diligence with which she did her PhD while in service.

She tried to constantly equip our students with “quantitative” skills and research oriented pursuits. Anjali was instrumental in starting a certificate course in “Quantitative Skills” with the Department of Physics. She was an active member in many student activities and spearheaded the Economic Forum “Arthiki” and its activities. She cared immensely for her students, especially the visually challenged, for whom she created special kits so that they could understand the diagrams and graphs that the rigors of economics necessitates.

She served as the convenor for CEP and was a part of the environmental festival organized by our Nature Club. Besides this she has organized two major conferences for climate change mitigation. She was a part of the core committee of the NAAC team and the IQAC, and later was also its Convenor. She was also a part of the FYBA admission committee and patiently guided students and parents. Extremely hardworking and a caring teacher she constantly tried to keep students updated with the changes in the world around them by encouraging them to attend public lectures and seminars. She also endeavored to expose young learners to a reality beyond urbanity by undertaking various rural visits. For an active person, like Anjali, retirement will definitely bring in the much awaited time to indulge in other passions like learning new languages, trekking and of course gardening . We wish her all the best to enjoy a healthy and happy retirement.

Ms. Suniti Pethe, Head Dept. of Economics

Fond Farewell

Mr. S. Y. Pakhle

Mr. S.Y. Pakhle retired as the Head of the Department of Mathematics in January 2021, after 28 years of service. He joined Wilson College in 1993. During his tenure, he worked on many committees as convenor and as a committee member. He was a University examiner at the undergraduate level. As the head, he was a well-organized person and managed the department work efficiently. He always offered a helping hand to his students, when in need, and also enabled them to be future leaders. He was a sincere responsible person and highly esteemed in the teaching profession. We wish him a fruitful retired life with good health and contentment.

Dr. Joyce Kurian, Head, Dept. of Mathematics.

Mr Devidas B. Dhuri

Mr. Devidas B. Dhuri, from the Department of Chemistry, retired on 1st June 2020. He was associated with the Department for more than three decades and has always worked very sincerely and systematically. He joined Wilson College in 1980 as a peon, in the laboratory, and later in January 1990 was promoted to the post of Laboratory attendant. He has been a regular, systematic, honest and sincere in his duty and helped in the conduct of many college and University examinations. We at the department will remember his ever smiling face and miss him. We wish him happy retirement and hope all his wishes be fulfilled.

Dr. Sakina Bootwala, Head, Dept. of Chemistry

Mr Asham Ali Qureshi

Mr. A Qureshi retired in August 2020 after a long & cherished association of 41 years with Wilson College. He joined Wilson College in 1979 in the Sanskrit Department as a peon. Then he was transferred to the library in 1981. He has worked with three different librarians during his tenure. His journey from a Peon to a Library Attendant in 1989 has been a great example of longevity & commitment towards the job. He was systematic, sincere, efficient, & co-operative. With these admirable qualities he was a fond colleague. With his huge experience, he was well-versed with the library collection & was always willing to extend his co-operative hand to assist the students & the teaching staff.

He had earned respect and appreciation for his service not only from the library staff, lecturers but also from students. We wish him a sound, healthy, successful and peaceful retired life.

Ms. Shubhangi Gavankar, Librarian

Obituaries

Prof. R.M. Dharkar who passed away on 8th December, 2020 had a long association with Wilson College. He joined Wilson College as a lecturer in the department, in 1959, to finally being the Head of the Physics Department for nearly two decades till his retirement in June, 1996. He was an enthusiastic student

of physics who carried over this enthusiasm to his teaching as well. He remained an integral part of Wilson college during his tenure of more than 35 years. He contributed in a major way to the various administrative committees of the college and helped organize many events. He organized various activities in the physics department, many of which revolved around the various unique experimental apparatus available with the college at that time. He took

joy in presenting physics by using demonstration apparatus that were only available with Wilson College. Occasionally such events were organised for faculty from other colleges in the university. Prof. Dharkar also played a leading role in the physics community of the University of Mumbai. He contributed greatly in curriculum development as a member of Board of Studies and member of examination bodies at the undergraduate and postgraduate level. He was an active member of the Indian Association of Physics Teachers (IAPT) right from its inception. He majorly contributed to the activities of the IAPT national level by being a key organizer of the NGPE and Olympiad selection exams. He continued these activities even after his retirement. Prof.R.M.Dharkar was always very active and motivated in whatever task he took up and remained so till the end. May his soul rest in peace.

*Mr. Shekhar Deodhar
HOD: Physics*

Prof. N.M. Savardekar, who passed away on 15th January this year, was an integral part of Wilson College for more than 40 years, having joined as a student right after, school and completing her graduation and post-graduation. On completing her post-graduation she immediately joined the physics department as a

faculty member in 1961. She was a very soft spoken and affectionate teacher helping her students to learn the subject. She mentored and counseled many students and helping them overcome difficulties they faced while completing

their studies at Wilson College. Having diverse interests, she was closely involved with the literary and cultural life of Wilson College. She read on diverse topics and would be a frequent visitor to the library always interested in new books and ideas that could be explored. She continued to pursue her interests even after she retired from Wilson College in November, 1998. She helped organize various activities in college and was eager to guide students during events like college day and bazaar day. She will always be fondly remembered by students and colleagues. May her soul rest in peace.

*Mr. Shekhar Deodhar
HOD: Physics*

Prof. Baldev Damodar Vakharia joined Wilson College as an F.Y.B.Sc student in 1960, subsequently became a teacher, pioneered the Nature Club in 1979, and was elevated to the designation of headship of the Botany Department in 1982. He opted for voluntary retirement in 2000.

Prof. Vakharia was a dynamo, a towering persona whose presence eclipsed everybody and everything. Virtually fearless, intensely assertive, astute, dependable, forthright, principled, sharp as a tack, blandishments did not exist in his vocabulary. To him, his headship was not just a designation, but a hallowed responsibility. He was a dedicated disciple of self-help learning and motivated his students

to do the same. His lectures were interactive sessions where students were encouraged to have the spirit of enquiry. There was a refreshing candour to his objective approach with openness to correction and new perspectives. Prof. Vakharia was of a democratic mindset and did not blithely dismiss contrarian viewpoints. Always an eager beaver, he explored new terrains. His lectures were punctuated with anecdotes and humour, linking education with real-life situations. The several excursions and nature trails he conducted were educative as well as full of fun and banter with his exemplary unflagging energy. He screened several films on Ecology and nature conservation. A crusader of natural therapy, he advocated the philosophy of holistic healing. Repairing gadgets was his favorite leisure activity.

Having a stupendous fan club of ex-students – an envy of many a teacher, he was the cohesive glue that bound ex-

students together. He educated students to attach values, not prices to people and things. With a liberal mindset and a strong moral fibre, he always walked his talk. An excellent confidante, many sought his counsels when they wanted a reality check. He was a simple, family oriented man and his home was an open house.

Prof. Vakharia did not wait for people to get him flowers. Instead, he planted them in their hearts. Our beloved, valiant warrior Prof. Vakharia has left an indelible mark in our souls. Goodbye Green Panther....you are beyond compare!!!

*Ms. Sandra Kavarana
Faculty, Dept. of Botany*

Ashwin Waghmare, was an alumni of the Wilson College, resident of St. Andrews House and Mackichan Hall and heart of Andrews Vision Centre. Popular among his batch mates and teachers as a music wizard, he participated and won all intra and inter-collegiate competitions. Ask him about music and he said that

"Music is something I can always pursue all my life. There are no obstacles between me and music." His love for music led Ashwin to perform at Zee Yuva, a popular television show, where he received much appreciation from the audience and

dignitaries. Brilliant academician in the making, a philosophy graduate, he was rigorous in his work and research. Unfortunately we lost him in April 2020. The challenges of his life as a person with disability remain unsung. His loss remains inconsolable for his family, his mentor Prof Skariah, Sandies family, AVC members, volunteers and teachers.

Only God can understand the way HE works. But then they say that the most beautiful flowers are picked from his garden first. A person that departs from this earth never truly leaves, for they are still alive in our hearts and minds, through us, they live on. Ashwin stays in our heart forever.

Dr. Biraj Mehta Rathie - AVC Convenor
Ms. Sejal Chauhan - Co-ordinator

Mr Arvind S. Deorukhakar joined Wilson College on 16/07/1962 as a "Lab Attendant". He was then promoted to the post of Lab Assistant. He was an efficient staff who worked in the Biology department. He was promoted to the post of Senior Clerk in 1991 and he was posted in the Accounts office.

He was a very friendly and out spoken person. He always guided his juniors whether it was in laboratory or office.

He retired in Jun 1999 as the Head Clerk. Mr A S Deorukhakar and his wife passed away on 3rd Feb, 2021 due to Covid-19. He will always be remembered for his helpful nature and efficient working.

Mr. P. Abhyankar
Registrar

Mr Vasant Ghadi joined Wilson College in 1969 as a Laboratory Attendant. Mr Vasant Ghadi has endeared himself to all his colleagues by virtue of his hard work and helpful nature. He was always very kind to each one and worked beyond his duty hours many a times when

needed. His junior colleagues always remember him with great affection

Mr Vasant Ghadi retired as the senior Laboratory Assistant from Chemistry department in 2006. He passed away on 03rd Oct, 2020 due to Covid-19. His smiling face and kindness will always be remembered.

Mr. P. Abhyankar
Registrar

Mr. Kaushik was our support staff who handled the stationery shop on the college campus. He passed away in June 2021. He was very popular among the staff and students and always provided efficient service. It was indeed a shock to lose a young staff due to the coronavirus. May his soul RIP.

Mr. P. Abhyankar
Registrar

Research Based Pedagogical Tools Workshop

The National Level Online Workshop on Research Based Pedagogical Tools (RBPTs) For Undergraduate Teachers in Science and Mathematics was conducted from 18th to 23rd May 2020, and was organised by Wilson College

in collaboration with the Centre of Excellence in Science and Mathematics Education (CoESME, which conducts programs under the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching Scheme) IISER, Pune.

The workshop got an overwhelming response and around 1600 online applications were received within 2 days. 120 participants from 12 states across the country were selected and have benefited from the highly interactive and activity based sessions throughout the week. Hon.Prof. M M Salunkhe, Vice Chancellor of Bharati Vidyapeeth (Deemed University, Pune) and President Association of Indian Universities New Delhi, was the Chief Guest for inaugural function.

The participants actively participated in the intense workshop which involved- 4 hrs online sessions daily and approximately 2 hrs of assignments to be completed at home for first two days. Third and Fourth day involved groups of participants getting one on one training sessions with 2 Trainers each from Chemistry, Life sciences, Mathematics and Physics to produce their RBPT. On the fifth day all the groups had to present their PowerPoint presentation of the RBPT developed. This was followed by a talk by guest speaker Prof. Gareth Price from Sheffield Hallam University UK. The sixth day included a session "Enablers and Blockers" on how to implement RBPT at college level, followed by the Valedictory Function.

The Dean of IISER Pune, Dr. Harinath Chakrapani and Principal of Wilson College were the Guests of Honour for Valedictory function. Wilson College in collaboration with CoESME, IISER Pune conducted this workshop online for the first time ever which was totally free of cost for the participants.

National Level Interdisciplinary Webinar On “Pandemics: Impact, Challenges & Innovations”

Wilson College organised a two-day **National Level Interdisciplinary Webinar** on “**Pandemics: Impact, Challenges & Innovations**” in association with **University of Mumbai** for teachers and postgraduate students on **29th and 30th May, 2020** using **Google Meet video conferencing** from 2:00 pm to 5:30 pm. This webinar was organised by **five departments: Botany, Chemistry, Microbiology, Physics and Zoology**; with an aim to contribute to society by generating consciousness about pressing issues on the ongoing COVID-19 pandemic.

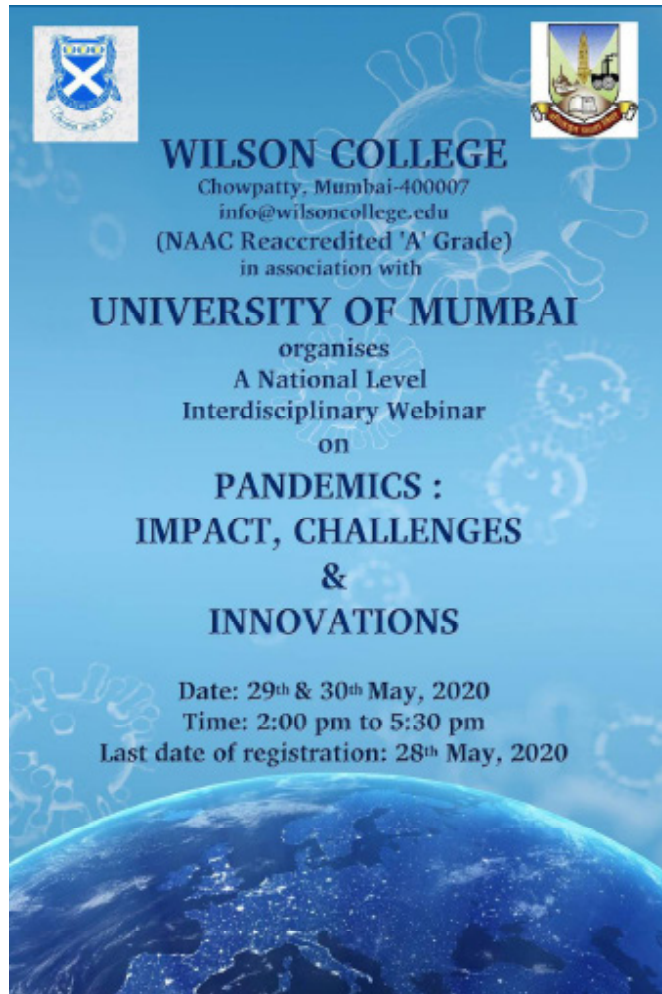

Delegates from various fields came together on the same platform to share their knowledge and insights for innovative ideas to overcome such situations effectively in the near future. The enormous response was well recognized through registration of around 211 participants across 12 states of India.

Objective

In view of the current global outbreak, the issue of the spread of pandemics has escalated due to urbanization, accelerated deterioration of the natural environment and extensive international travel; and is taking a huge toll on societies, health systems and world economies. The webinar was conceptualised -

- To recognize a coordinated global approach to pandemics
- To emphasise the need for early detection, innovations in technologies including nucleic acid vaccines, viral vectors etc. to mitigate the impact, better management of outbreak considering crucial factors viz. financial implications and adoption of policies and measures by countries to strengthen their economies.
- To encourage bold, cross-disciplinary thinking by the world's best scientists.

The **inauguration** of the webinar started with a welcome speech by Dr. Anuradha Pendse (Convenor), followed by the National Anthem, and the introductory address by Principal Prof. Anna Pratima Nikalje, who briefed the audience about the college, its activities and vision for the future. She also quoted that, “**The aim and guiding principle have remained to produce intellectually well-trained in morally upright,**

socially conscious and spiritually oriented men and women”.

Dr. Ajay Deshmukh, Registrar, University of Mumbai was the **guest of honour** and **Dr. A. D. Sawant**, former Pro V.C. University of Mumbai, joint director of higher education, Mumbai and former V.C. University of Rajasthan was the **chief guest**, their recorded audio message was played during the webinar.

The session started with Dr. Ashish Uzgare (co-Convenor) introducing the keynote speaker **Mr. Nilesh Shah**, Managing Director of Kotak Mahindra Asset Management Co. Ltd and Member of Hon'ble Prime Minister's Advisory Council.

Mr. Nilesh Shah delivered an energetic talk by emphasizing on massive progress needed in terms of medical facilities and spoke about the economy; the depletion rate of oil and its impact on the growth of Indian GDP. He threw light on concepts like investment, equity for future growth, securing money and highlighted on 'made in India' concept to motivate entrepreneurs of India.

Session 2: COVID-19 Global Pandemic – Challenges and Global role by India

The second session was chaired by **Dr. Mangesh Joshi on behalf of Dr. Umesh Shaligram, Director- Research & Development, Serum Institute of India Pvt. Ltd.** Dr. Mangesh Joshi briefed the audience on, types of Various effective vaccines, technology for manufacturing and the development status of vaccines & its process . The great role played by Indian Companies in developing vaccines and making it affordable in the world was discussed in detail.

Session 3: Pandemics and us

Dr. Sulabha Pathak, former research associate at TIFR & Immunologist consultant delivered the third session. She explained the history of the virus, its life cycle, progression of the virus, molecular genetics etc. She busted myths regarding our actions to deal with this situation. Dr. Pathak ended the session with a quote “एक तिनका हैं बहुत तेरे लिए” The Covid 19 virus was compared to a “तिनका” blade of grass, which though very miniscule, has a catastrophic impact on the entire human race.

Session 4: Skills required in Pharma Profession

Dr. Mahesh Burande, President, 69th IPC Chandigarh 2017, Director, IPER, Pune, Pharma Consultant and Trainer spoke regarding the skills required in Pharma Profession. He mentioned how India has become superpower in the fields of pharmaceutical, research, the dependency of world on quality and economic medicine in India, technical skills, analytical skills and micro thinking skills.

Session 5: Contribution towards COVID-19 project

After such revitalizing talks, it was a moment of great pride for Wilson College to present their **alumnus** as speakers for the last session of the day. **Dr. Finny Varghese** and **Mr. Sufiyan Khan** spoke and shared their experiences and their contribution towards COVID-19 project for the wellbeing of society.

Day 2:

The second day of the webinar started with National Anthem followed by the welcome speech by Dr. Sakina Bootwala.

Session 1: Impact of Pandemic on Research

Dr. Ajita Kumar addressed and welcomed the speaker for the first session **Dr. Vishwanath Patil, Assistant Professor, Chemistry Department, Mumbai.** He gave a background of coronavirus & its transmission and an idea about vaccines. He highlighted the Spanish controversy, GDP, surfaces related research and virology research at various institutions like National Institute of Virology, Pune.

Session 2: Crisis Management in times of Pandemics

The second speaker for the day was **Dr. Deepa Bhide, Health Care Expert and Project Management Professional.** She focused on Pandemics and some facts, background, properties, attributes, ecology and epidemiology. She highlighted a few topics such as impact, framework, CDC pandemic planning, crisis management, scope management, risk management, communication management, resource and workforce management, data science, the digital revolution, integration management, ethical considerations, herd immunity and therapeutics, project execution.

Session 3: Mass Spectrometry in the management of COVID-19: Perspectives on diagnostic and therapeutic interventions

The third session was chaired by **Dr. Shibdas Banerjee, Assistant Professor, IISER, Tirupati.** He acquainted the participants about the importance of Mass Spectrometry, its history, evolution, proteomics, metabolomics, therapeutic concept, an innovative theory of proteomics and highlighted how mass spectrometry can be useful in this current situation by identification of the virus.

The last speakers of the webinar **Dr. Sadhana Sathaye, Prof. Pharmacology, ICT, Mumbai** and **Mr. Rajendra Tamboli, Ex-director Reddy's Laboratories, Technical training and Subject experts in injectables.** Dr. Sathaye started her talk with a quote: “India is known to the pharmacy of the world producing potential cure at a low affordable price”. She also emphasized the discovery of vaccines and repurposing of Drugs. She enlightened the participants with abundant

information about the concept of repurposing of Drugs, pulse oxymeters, remdesivir, favipiravir, mercaptopurine, hydroxychloroquine etc. The session was taken over by Dr. Rajendra Tamboli, highlighting on pharmaceutical manufacturing processes from raw materials & input to products. He focused on API, manufacturing goods, GMPs, machines, types of equipment, procedures, practices etc.

Vote of Thanks

Day 1 of the webinar was concluded by Dr. Sakina Bootwala, (Co-Convenor) of the webinar by proposing a vote of thanks to all the dignitaries & participants for memorable and successful first day event of this webinar. The two-day webinar was concluded with a Vote of Thanks by Dr. Anuradha Pendse, who gratefully acknowledged the speakers for their time and knowledge and gracefully thanked Principal Prof. Anna Pratima Nikalje, the College Management for their encouragement and support for organizing the webinar. She also thanked Chief Guest Dr. Ajay Deshmukh, Guest of honour Dr. A.D. Sawant & Dr. Shiware. She quoted; **"All good things come to an end but our webinar is an exception and will become the beginning and not the end of many such knowledge-exchange events. When we decided to organise such a big event, we knew we didn't have scriptwriters, IT experts or event managers but we all knew one thing, we had hard-core teachers who were determined to put in their best."** Dr. Pendse also thanked Ms. Sandra Karavara, Dr. Sakina Bootwala and Dr. Ashish Uzgaré the co-convenors of this webinar and also individually thanked each organizing member for their

efforts and dedication for a successful webinar. Last but not the least, the webinar wouldn't have been a great success without active and enthusiastic participants.

Outcome of the webinar:

The sessions were very useful to the participants, they helped to understand the details of the pathogenesis of the Covid 19 virus and its effect on human immune system, many myths were busted regarding the disease, the speakers motivated the crowd and made them understand the need of newer, proven and more collaborative models of crisis management during pandemics or epidemics, the role of teachers was emphasized to rectify the lack of link between industry and academics. Newer diagnostic and prognostic techniques using mass spectrophotometry was introduced. There was an emphasis on massive progress needed in terms of medical facilities and to motivate entrepreneurs of India in the fields of pharmacology, diagnostics, vaccine production and therapeutics.

Feedback by the participants:

Participants expressed their gratitude for making excellent arrangements. Many participants requested to organize similar webinars in future. They appreciated the coordinators for conducting such intellectual programme for the benefit of faculty, scholars and young students and also congratulated the participants.

Special Online Webinar to Celebrate Womens' Day

This year our first ever online womens special webinars were organised for International womens day.

On 8th March 2021, the Chapel Committee held special Online Workshop called "Life Matters" for all our teaching staff, both men and women at 6 pm on the occasion of International Women's Day. The workshop began with an opening prayer by our Vice-Principal Dr. Ashish Uzgaré. It was followed by greetings given by the Principal Prof. Anna Nikhalje. In her greetings, she wished everyone a happy women's day and gave a brief picture of how Wilson College provides an environment to both men and women to work together. She also spoke about the various initiatives

Who can find a

Worthy Woman?

She is far more precious than jewels..

*She is clothed in
Strength & dignity*

Proverbs 31

taken up by the college to address women issues and ended by giving due mention to the great pioneer Mrs. Margaret Wilson herself. Rev Arpana Rangayya, the Chaplain gave a word of introduction for the purpose of the evening which

was to get inspired to change the future of our nation as educationist as “Life Matters”.

The first resource person namely Dr. Jamila Koshy, a psychiatrist, theologian and a gender justice activist spoke on the need to break the stereotypes and question personal biases which eventually needed to be translated by the teachers to their students during the course of educating them. The second resource person was Mrs. Grace Koshy, an economist and a retired banker from RBI. She spoke

from her work experience, the need for a woman to balance both work and home frontier and also the need to be faithful with God’s help by being an example of excellence at the work place. In conclusion, Mrs. Ruby Malshe summed up their sharing by emphasizing the need to re-think and revisit our attitudes and behavior. The workshop closed with a prayer for all the participants, by Mrs. Kshama Jayraj.

International Chemistry Webinar on “Emerging Trends in Chemistry Education and Research”

Department of Chemistry in collaboration with Association of Chemistry Teachers and University of Mumbai organized two days International Webinar on “*Emerging Trends In Chemistry Education And Research*” on 25th & 26th June 2020 .

ICW-2020 is a global standard webinar which is a platform to discuss and learn about the latest advancements and novel approaches in chemistry. It aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of chemistry and related fields. It also provides a premier interdisciplinary platform for researchers and educators to discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the field of chemistry.

The education sector in chemistry is set to see strong expansion globally due to government support and incentives, inclusion of “Quality Education” is one of the key sustainable development goals of India, which has led to the growing importance of education, technological and pedagogical changes . The objective of this International webinar was to present and explore areas in research and strive for excellence in education for India in the 21st century, by focusing on the challenges and opportunities.

The inaugural address was delivered by Dr. James C. Barton BSc, PhD, DASE, Education Consultant, Ireland, Former Professor of Inorganic Chemistry, Wilson College, Mumbai.

Eminent speakers like Prof. P Ramasami from Computational Chemistry Group. Department of Chemistry University of Mauritius, Republic of Mauritius, Prof Dr. G

Ramakrishnan, President of the Chromatographic Society of India, Dr. Chandrakanth Gadipelly, The Wolfson Faculty of Chemical Engineering, Israel Institute of Technology (TECHNION), Israel and Prof. A .K. Bakhshi, Founder Vice-Chancellor of *PDM University*, Bahadurgarh, Haryana. Alumni Dr. Shyam Lele and Dr. Regi Nair from the USA gave insightful talks on this occasion.

The response to the webinar has been mind-blowing. The department would like to put on record that 2021 participants had registered including participants from UK, USA, Malaysia, Ethiopia and China, where as 891 have benefited from the highly interactive sessions on both the days.

The evaluation of feedback form and question –answer sessions during the webinar showed that our program was highly appreciated and that the participants understood the importance of education and technological changes in teaching and learning.

Our special thanks go to, Mr Prem Masih, Hon.Secretary, John Wilson Education Society, Rt. Rev. Prakash Patole, Chairman, Board of Management, Wilson College, Dr. T. A. Shivare, Director of Education, John Wilson Education Society, Dr. D. V. Prabhu, General Secretary of Association of Chemistry Teachers and Adjunct Professor of Chemistry, Wilson College, for their valuable message and guidance.

Department of Chemistry thanks Prof. Anna Pratima G. Nikalje, Principal and Chairperson of ICW-2020 for her valuable guidance, encouragement and support to make this webinar a memorable one. The efforts of all the eminent speakers who shared their research experiences and scientific knowledge with the delegates have contributed

to the excellence of this event. Thanks are also due to our advisory committees for their valuable suggestions.

I must acknowledge the strong and active support of the organizing team and the relentless efforts of all my colleagues & teaching staff without whom this event would not have been possible.

As a Convenor, I know that the success of the webinar depends ultimately on people who have worked with us in planning and organizing both the program and making the

arrangements. In particular, I thank Dr. D.V. Prabhu for his advice and brilliant suggestions for organizing the program. The organizing committees of International Chemistry Webinar express their sincere thanks to Association of Chemistry Teachers, Mumbai, for their benevolent gesture by financially helping us to conduct the event in a grand way.

World Chemistry Conference 2021

Department of Chemistry in collaboration with Association of Chemistry Teachers and University of Mumbai organized two days International Conference as "World Chemistry Conference 2021" on 3rd and 4th May, 2021.

World Chemistry Conference serves as one of the most important platforms for chemists and professionals. This conference surpassed participants expectation regarding gaining an insight about the new approaches and techniques involved in the subject. It also provided a meaningful and constructive communication with the global experts

representing both the academia and the industry, and helped to build collaborations among the scientists.

The Conference program was both exciting and groundbreaking in its wide ranging and multidisciplinary content. In addition to keynote presentations and lectures by world renowned invited speakers, WCC2021 gave opportunities to young research scholars to presents their research findings.

The conference program included keynote address by Prof Klaus Kummerrer, Director of the Institute of Sustainable and

Environmental Chemistry, Leuphana University Lüneburg and talks by Prof Anjela Wilson, President, American Chemical Society.

Prof Vimal K Jain, Director, DAE UM CBS, University of Mumbai, Dr. B Shreedhar, Senior Principal Scientist, Analytical and Structural Chemistry Division CSIR - Indian Institute of Chemical Technology, Hyderabad, Dr. A K Tyagi, Senior Research Scientist, Chemistry Division, BARC, Mumbai, Prof Tom Welton, President, Royal Chemical Society, Imperial College, London, Prof P Sivaswaroop, Regional Director, IGNOU Nagpur, Prof Uday Maitra, IISc, Bengaluru, Dr. Vivek Polshettiwar, Associate Professor, Department of Chemical Sciences, Prof. N. V. Thakkar, Ex-Prof. & Head, Department of Chemistry, The Institute of Science, Mumbai.

The response has been overwhelming. I am pleased to put on record that over 285 delegates had registered and 47 research papers were presented in this conference. The most heartening feature of the conference was the participation of a large number of postgraduate and research students.

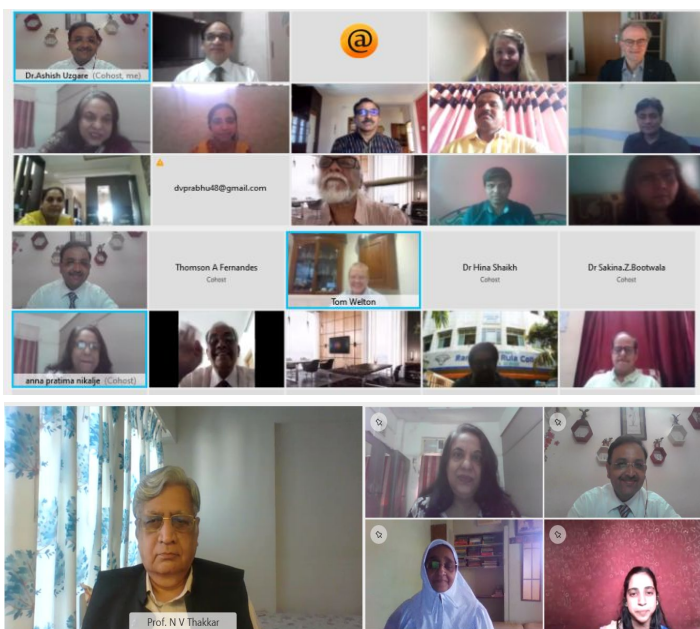

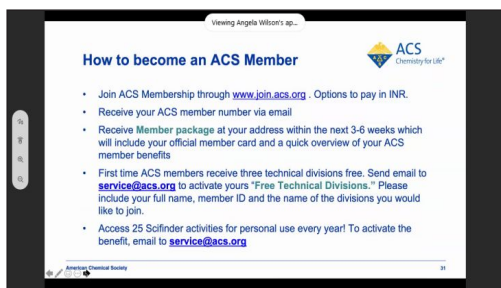

The best research papers will be published in peer reviewed journal G.P Globalize Research Journal of Chemistry (ISSN 2581- 5911) edited by Dr. D V Prabhu and published by Gaurang Publishing Globalize Pvt.Ltd., Mumbai.

My special thanks go to Hon'ble Prof. Suhas Pednekar, Vice Chancellor, Mumbai University, and Hon'ble Dr. Jairam M. Khobragade Director, The Institute of Science, Mumbai. Mr Prem Masih, Hon. Secretary, John Wilson Education Society, Rt. Rev. Prakash Patole, Chairman, Board of Management, Wilson College, Dr. T. A. Shivare, Director of

Education, John Wilson Education Society, Dr.D.V. Prabhu, General Secretary of Association of Chemistry Teachers and Adjunct Professor of Chemistry, Wilson College, Prof. Anna Pratima G.Nikalje, Principal and Convenor of WCC-2021, for their valuable guidance, encouragement and support to make this program a memorable one. I genuinely appreciate the efforts of all the eminent speakers who have consented to share their research experiences and scientific knowledge with the delegates and have contributed to this event. Thanks are also due to our National and International Advisory committees for their valuable suggestions.

I must acknowledge the strong and active support of all my chemistry staff. This event would not have been possible without the relentless efforts of all my colleagues, teaching staff and researchers, of the Chemistry Department. As a Head of the Department, I know that the success of the conference depends ultimately on the team work of the people who have worked with us in planning and executing the program. In particular, I thank Dr. D V Prabhu for his advice and brilliant suggestions in organizing the event. Recognition should go to the members of organizing Committee, Prof Sandeep S. Borde, Dr. Harischandra A. Parbat, Dr. Sanjay D. Mhaske, Dr. Ashish Uzgare, Dr. Jamson Masih, Dr. Hina Shaikh, Mr. Kailas Shinde, Dr. Anand Burange, Dr. Thomson Fernandes and also our young and vibrant staff Mr. Sachin Gupta, Ms Nikita Braganza, Ms. Shreya Shirke and Ms. Perna Jain, who have all worked extremely hard to make this conference a grand success.

Bachelors of Vocational (B.Voc) in Theatre and Stage Craft

Wilson College in its commitment to provide quality education introduced its first B.Voc in Theatre and Stage Craft. The course has been approved by UGC under National Skill Qualification Framework (NSQF). The same has been initiated in collaboration with theatre production company, Readings in the Shed. The production house has successfully produced over 20 plays and run over 70 shows across country. It is also the first of its kind among the colleges of Bombay. The course aims to give practical training to the students to meet the increasing demands for trained personnel to work in diverse areas of Theatre & the performing arts. Students will be trained into the fundamentals and advanced concept and practices of Acting, Direction, Set Design, Aesthetics, Performance, Writing related to Theatre & Stage craft. Internships form an integral part of course, thus students also get an opportunity to gain experiential knowledge from industry and theatre practitioners in Mumbai. The course started in January 2021 and 9 students have enrolled for the course. Students have secured prestigious local, national and international internships that explains the success of the program.

Mr. Nikhil Katara is faculty trainer as well of the program. He

is instrumental in building relationship between classroom work and industry enriching the course with practical skill based knowledge. The visiting faculty include Sahitya Academy Award recipient Mahesh Dattani, Ms Himali Kothari, Advocate Kishori, Kyla Dsouza, Prof Kanchana Mahadevan, Ms. Dharini Bapat, Ms Ruby Malshe, Ms. Biraj Mehta. Weekly guest lectures by other national award winners and eminent theatre practioners like Ramu Ramanathan, Yuki Illias, Sameera Iyengar, Faezeh Jalali, to name a few.

The course is co ordinated by Mr. Nikhil Katara (industry partner) Dr. Biraj Mehta and Dr. Jamson Masih with support from Ms. Valenie Lopes. Inspite of the online mode, the course is successfully been conducted and fast gaining popularity among students and theatre practitioners.

We wish to thank Principal madam, Dr. Shiware and management Wilson College for their faith, encouragement and support, we specially wish to thank Ms. Kinnari Kamat and Mr. Anil Rathod for their administrative support.

climatechangetheatreaction Behind the scenes, CCTA is a small but mighty machine! Working with us this month is this wonderful young man:

KEITH CORREA is an Indian artist and a student studying English Literature and Theatre through two courses at Wilson College, Mumbai. Through his Theatre course and the help of his teachers, he got an opportunity to work with The Arctic Cycle on their different programs. His interests lie in writing, with an emphasis on world-building and story creation. In his pursuit towards environmental justice, in 2019, he went on to be a part of a voluntary mangrove clean up and plantation drive. As a contributor to Artists and Climate Change, he plans on interviewing writers participating in Climate Change Theatre Action 2021.

Certificate Course in Screenplay Writing

The course was conducted in collaboration with Whistling Woods International from 13th Jan 2021 to 18th Jan 2021 (3.00-7.00pm) 30 online hours. Mr. Sudipto Acharyya, Senior Faculty, Whistling Woods was the main resource person.

Course Objectives:

1. This course on Short Film Writing aims to enable participants to an understanding of the poetics of screenwriting
2. It aims to introduce the students to the fundamental narrative tools and their deployment for an effective storytelling practice.
3. The course aims at skill building exercise into art and craft of writing scripts for mass media, skill that can even be useful for feature films, television productions or video games.

Course Description:

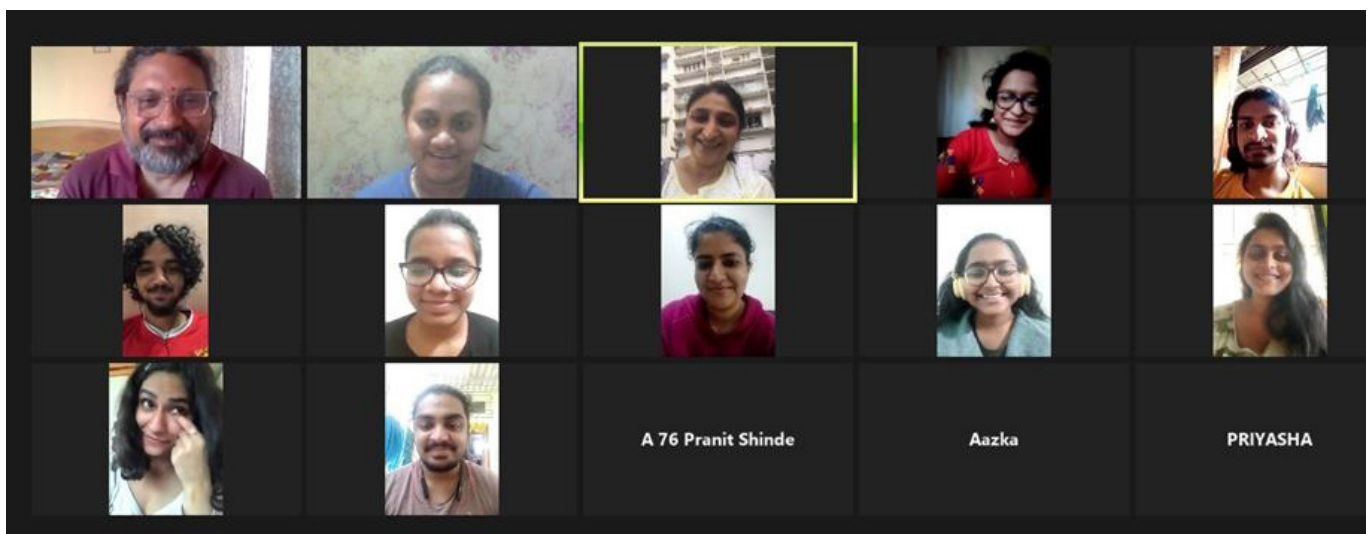

The true purpose of this course is to introduce students to the aesthetic and political potential of mass media and to encourage students to develop their own personal writings and philosophies of mass media. The course addresses these theoretical and philosophical engagements through the art of screenwriting. It aims at developing skill of cinematic writing and imagination through guided experience in screen writing. It is hoped that through an introduction to screenwriting, participants will gain a more critical eye for the world around them and be more inclined to question and reflect on events and occurrences that interest them. The Course Started on 13th Jan 2021 and ended on 18th Jan

2021. The Course was conducted by Mr. Sudipto Acharyya. 20 Students registered and participated in the Course. The Course also had written assignments that were needed to be submitted by the students. The students performed well in the assignments as the course instructor constantly kept guiding them. The course ended on the note that the participants would present a final script to the whole class. It was wonderful to hear all the written screenplays which only proved the success of the course. Overall it was a successful course Conducted by Wilson College in Collaboration with Whistling Woods International.

Course Outcomes:

1. This workshop on Short Film Writing enabled participants to be acquainted with the fundamentals of screen writing that includes researching the story, developing the narrative, writing the script, screenplay, dialogues and delivering it effectively.
2. The expertise shared will enable them to carry forward the skill through self experimentation and learning which may enable them to confidently undertake professional projects.
3. Participants have a short film script ready which has been carefully scrutinized and discussed by expert.
4. 10 were awarded certificate of completion (based on attendance and completion of script submission) and 10 were awarded certificate of participation.

Certificate Course in Astronomy (2020-2021)

Wilson College completes eight years of conducting the Certificate Course in Astronomy. Due to pandemic situation this year the course was announced in the month of March 2021 and the course started in an online mode through Google Meet on 21st March 2021.

In all 35 students registered, which includes students from Wilson College (17), St. Xavier's College (6), Ramsheth Thakur College (2), Somaiya College (2), R. J. College (1), Institute of Science (1), New Law College (1) and Amity Institute (1), working members (4).

This year due to online mode, the course structure was modified. We conducted 15 lectures each of two hours, mainly on Sundays from 5pm to 7pm. There was a study-break for college exams from Mid April to 1st week of May. The course is expected to be completed by 20th June 2021.

The resource persons for the programme are members from T.I.F.R. (Astrophysics div), IIT-B (Astrophysics division), Khagol Mandal, Akash Mitra Mandal (Kalyan) and Wilson College.

A Step towards Mental Health

Wilson College took a step towards creating awareness of the need for Mental Health through various webinars, events and articles

Storms in life can be sailed through when the boat of existence is being tossed hard, if only the sailor holds on tight to the oars of faith with all his strength.

Mental illness today is a great part of human suffering. Beyond the numbers of who is suffering what, there are real people who are hurting from social distancing due to the stigma attached to their pain.

Anxiety today has become a common word and everyone some time or the other seems to have gone through it. This illness is weird. Here, some days the Sun shines bright and on other days the Moon seems to be missing in the sky; and yet life must go on.

As we watch some well-known public figures as well as many others caught so tightly in the tentacles of depression, proceeding to take an irretrievable step towards the gateway out of the world, we wonder at the anguish that must have led them to it and then realize that no one is free from this horrible clutch of the dark that pulls hard at our life force.

Of course, the world offers professionals as help; and then there are always the money makers of meditation camps and the mind-body healing centres and the latest trends of yoga like the Aerial Yoga, the Acro Yoga, the Antigravity Yoga, the Dog Yoga, the Goat Yoga and also the Bunny Yoga. These are sometimes like the good quality beauty products which are often advised for hiding the wrinkles forming with age or stress.

However, what the world doesn't tell us is that we are a masterpiece made in a super specialized way by a fantastic creator. We are like the beautiful yarn being woven on the loom that gets so lost in its different hues that it totally forgets the hand of the Weaver who is creating the one-of-a-kind design on it. The hand seems to be lost to those lost in fantasy threads, and yet it is the one, that is holding the warp strings in place while filling threads are being woven through them making it into a beautiful fabric. The Weaver has very high industry standards but the ignorant fabric now takes pride in itself. To the touch it is soft and pliable and it gets busy flirting with the different hands that touch it; some caress it with love, understanding and admiration while some come to pinch it, causing it hurt and unforgiveness.

I suppose, this is the making of life and the fabric in the process of the journey forgets that in spite of its softness and suppleness, there is strength and sturdiness gifted to it to survive every other hand that comes to bend it.

I suppose, what the fabric needs most is faith in the process of weaving when things look quite a bit of a mess with strings everywhere hanging loose.

I suppose, the fabric must have to struggle to make sense of the design happening on it. And at that time, can you image if someone were to give it a warm hug of care and say what Jeremiah said in 29:11, 'For I know the plans I have for you, declares the Lord, plans for welfare and not for evil, to give you a future and a hope.' What a saving grace would flood the loom and soak the fabric in security!

Ms. Ruby Malse, English Department

Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood.

Over the course of your life, if you experience mental health problems, your thinking, mood, and behavior could be affected.

Today I Darshana Ramgiri would love to write an article on mental health because I feel it's very important to talk about it. In our country India, mental health is something which is locked in a box and kept aside.

In 2018, I was diagnosed with depression, which turned into panic disorder. It was a difficult phase of My life.... But trust me guys it changed my life totally. It bought out the really Darshana, it shaped me for life.... In that phase I took a high jump and dive into My life so deep....

As I visit "Ummeed child development center" from past 16 years for my physical disability therapy, I also started mental health therapy at Ummeed.

Ummeed has a very special place in my life... It's like my second home....

If I would introduce Ummeed it this

" Ummeed is a not-for-profit organization providing family centered care to children with development disabilities and their families. It's trans-disciplinary team of professionals provides evidence based care to children and families based on their needs. Ummeed also provides mental health therapys and professional help to young adults.

Now one of the best came out of this journey was the 'The Little Book Jugaad'

Jugaad is a little book of know-hows on mental health, written by young people.

Jugaad was written by 14 of us from ages 14-19. We all got together to author this book on mental health.

"Jugaad" is a word used to describe life-hacks that people use to solve problems. It also applies to mental health problems – what 'jugaad' do people use to take care of their mental health.

It is a book that describes what mental health looks like to us young people. It also talks about things or people in their environment that supports or doesn't support their mental health. And it has their stories of their Jugaad that helps them take care of their mental health.

The copies of Jugaad has reached many places in India and a few places outside of India. People have also come forward to share their jugaad for mental health on our Instagram page.

Jugaad was created with a hope that this book is a first-person account from young people on mental health and acts as a supplement to all the expert-based literature on mental health.

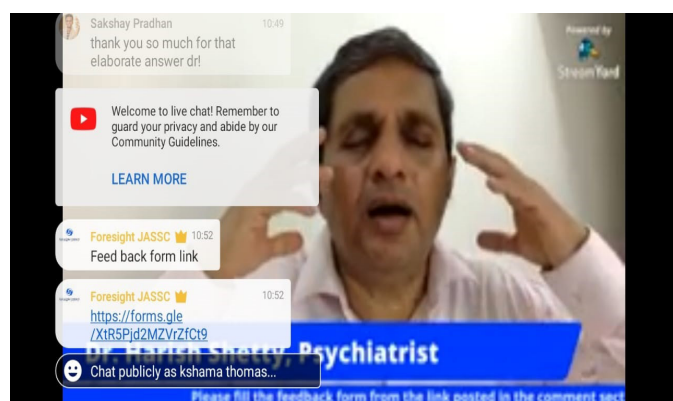

My reason and hope to write this article is to spread awareness about mental health,

Also want to give more power to those who go through it daily... "I just want to say you are not alone." " I just want to say it's normal" "I just want to say value small ways to happiness" "I just want to say life is so beautiful"

" just want to you are precious"

Thank you!

Darshana Ramgiri, FYBA

OLE 2021!

The Real Life Heroes

On 22nd March, Wilson College had its 5th Annual inter-collegiate festival, called OLE. The theme for this year's annual extravaganza was Real Heroes, where students gathered to pay tribute to the Real Heroes aka The Corona Warriors. The event ran from 22nd March till 27th March 2021. Students from various colleges came to participate in myriad events. Twenty events were held over the course of four days, the Inauguration Ceremony was on 22nd and the closing ceremony was on 27th March. Ole 2021 was inaugurated by Vice Principal Dr. Ashish S. Uzgare.

Solo singing, Script Writing, photography were some of the events that were held. More than 800 students and 52 colleges participated.

Before the Inauguration Day, the students busied themselves in various philanthropic efforts which included collaboration with Roti Ghar, where students taught basic classes to under-privileged children. 'Beach Please' was another event where the Students along with the 'beach please' organizers came together to clean the Mithi River of Mahim. Overall, the event was a success, the Inauguration Ceremony was presided over by the Cultural Convenor, Dr. Thomson A Fernandez of Wilson College and the Three Co-ordinators of OLE-Real Heroes, Zenon Pereira, Sneha Dominic and Mikhail Vora. The winners of the events were announced on 27th March 2021, which was the closing ceremony of OLE- Real Heroes.

Art Work of the Winners of the Chapel Competition Titled Expressions of Psalm 23

The Lord is my shepherd; I shall not want.
He makes me lie down in green pastures.
He leads me beside still waters.
He restores my soul. He leads me in paths of righteousness for his name's sake.

Even though I walk through the valley of the shadow of death, I will fear no evil, for you are with me; your rod and your staff, they comfort me.

You prepare a table before me in the presence of my enemies;
you anoint my head with oil; my cup overflows.

Surely goodness and mercy shall follow me all the days of my life, and I shall dwell in the house of the Lord forever.

Our Founder Rev. John Wilson's Favourite Psalm

Anti-Ragging

This year the anti-ragging cell comprised of the following staff members Dr. M Phlip, Dr. S Mane.

Ms Iram Khwaja, Dr. Z Homavazir, Mr M R Dube, Ms Pinki Gala. Wardens of Both the Hostels, Dr. Ashish Uzgare and Ms Kshama T Jayaraj. An online committee meeting was held and members were made aware of the details in the Anti Ragging Circulars of the UGC. As all communication was online this year we made use of zoom meetings, WhatsApp groups and E-mails to connect. Feedback from the Anti-Ragging Vigilance Squad was taken time to time. The Committee helped in taking an anti ragging undertaking from students (which was also done online).

Anti-ragging posters were uploaded on the College Website. A Video from the University Grants Commission website was forwarded to the College Mentor groups to create an awareness among students about ragging, its ill effects, its consequences to both the victim and the accused and how to prevent it. This year no complaint was received by the Committee.

The Student representatives were Ms Gazal Shah SYJC Arts and Mr. Shrivastva Venkyatesh FYBA

The Number of books & Periodicals procured between March 2020 and March 2021 were added in total by 104 in Senior College, 41 in Junior College and 43 Existing Periodicals

The Library received a donation of books from Mr. Sudhakar Solomanraj. We are thankful for his contribution in enriching the library collection. The Vachan Prerana Diwas was celebrated on 15th Oct to mark the 'Birth Anniversary' of our former President Dr. A.P.J. Abdul Kalam. A Video on Dr. APJ Abdul Kalam was circulated among Staff & Student What's app Groups

A National Webinar was organized on 14th June, 2020. The topic was "Effectiveness of Bibliotherapy during

COVID-19. The resource person was Dr. R Kumbhar, Head, Department of Library & Information Science, Savitribai Phule Pune University, Pune. The Objectives of the Webinar were. To understand the concept, process and benefits of Bibliotherapy. To inculcate reading habits that can promote good mental health as reading has been shown to increase empathy, sharpen the human mind and impact human behaviour. To make use of relevant literature to help find one's way through psychological, emotional & social problems. To enable gain a new perspective on any situation faced by an individual. To help boost academic capabilities. To enhance individual well-being, self-confidence, self-esteem & overall quality of life. To aid the library staff to improve upon services to promote reading habits and To explore its scope and opportunities in librarianship.

Prof.(Dr.)Rajendra Kumbhar gave an overview of Bibliotherapy which included :Meaning of Bibliotherapy, Who can claim to be a bibliotherapist, Librarian's as bibliotherapists, Preparation for Librarians as bibliotherapists and Focus on 4 qualities of Librarians –Therapeutic, Anaesthetic, Value of Stimulants and Administering Value. Participants had registered from all over India; from states like Maharashtra, Rajasthan, Gujarat, Arunachal Pradesh, Tamilnadu, Punjab, Bihar, Assam, Delhi, Dadara, West Bengal, Karnataka, Uttar Pradesh, Madhya Pradesh & Kerala. Bibliotherapy is indeed a unique theme which works on the healing power of words; and makes use of books as therapy in the treatment of mental or psychological issues. An added benefit of this therapy is that it is not expensive and has no side effects. This treatment takes into consideration librarians & psychologists, making them work hand in hand to sort out issues which generally trouble people. As we were able to bring about awareness on this therapy to all the participants, I feel we have justified our goal to help them heal.

The librarian had organised demonstrations of two modules "Library visitors register & statistics" and also "Digital Library Management" for Library Committee members on 29th January, 2021. Mr Kushal Gundesha from Algorithms Consultants Pvt Ltd, Pune was the spokesperson.

350 locks were purchased for the cupboards which were a long pending requirement for the library.

I express my sincere gratitude to all library staff for providing their constant support during pandemic and my gratefulness to the Principal and Management

Wilson College Incubation Centre

The Incubation Centre Committee constituted of the following members: Dr. Anuradha Pendse (Microbiology), Dr. Sanjay Mhaske (Chemistry), Dr. Harishchandra Parbat (Chemistry), Dr. Zuleika Homavazir (SFC-coordinator) and Mr. Mahesh Shetti (Physics)

The first online meeting was conducted on 7th Jan 2021 through google meet. The meeting was to discuss the nature of work to be undertaken to make the Incubation Centre and allied activities strong. Various ideas were put forth by the members. Dr. Homavazir explained various concepts involved in developing the Incubation centre. Dr. Pendse shared her experience from various colleges. All committee members contributed to the discussion. A workshop on entrepreneurial thinking was organised on 19th Jan. 2021, in collaboration with the BMS and BAMMC departments. The resource person was Mr. Omkar Pandharkame, co-founder and the Chief Business Development Officer of BHyve and lecturer of Entrepreneurship at ISME. He discussed why large number of start-ups fail and explained how it is important to work on problems rather than ideas to become successful.

A formal inauguration of e-cell activities under the incubation cell was held on 10th February 2021. Principal Dr. Rajendra Shinde, St. Xavier's College, Mumbai graced the occasion. In his key-note address he shared various experiences from his college. Principal Prof. Anna Pratima Nikalje chaired the session. The guest speaker for the day was Mr. Pritesh Arte, in-charge of E-cell at St. Xavier's college. The speech was titled "E-Cell: To foster the spirit of Entrepreneurship". Interaction after the speech was very lively and helped clear various ideas involved about how entrepreneurial activities can be taken up by Arts, Science and SFC (Management, Commerce, Media & Mass Communication) students and how the Alumni can help. Dr. Pendse compered the entire programme. Dr. Homavazir and her technical team ensured a smooth online programme. A long term plan of setting up E-cell activities and collaboration with various incubation centres around the city is on the agenda of the committee. As the pandemic situation is still in its severity in the city, mainly online workshops can be planned in the near future to inspire students. We thank the Principal for encouraging and providing support for the activities. I thank all committee members for taking up various responsibilities and timely help.

Training and Placement Cell

The College has been receiving Placement and Internship opportunities from various companies such as IFI Techsolutions Pvt. Ltd., Hindustan Unilever, TCS, MNC Bank, Ocean Network Express (India) Pvt. Ltd., Advent Electronics, Sportzinteractive, SuccessR Hrtech Pvt Ltd., D E Shaw group, among others. Training and Placement Cell, helps students graduating from Arts, Science and Self-financed courses to connect to industries and NGOs looking for New entrants. To identify the students interested in job opportunities/ internships after graduation, a google form was circulated among the students of Arts and Science through the heads of the departments. Through the google form, 153 students registered for the training and placement cell. Opportunities from various companies were forwarded to all the registered students and requested to respond, if interested. Resumes of all interested candidates against job advertisements were collected and sent to respective HR for further communication. Due to the pandemic situation, very few students responded to the shared vacancies and advertisements. By considering

the Covid situation in India, all the vacancies were forwarded to students with included HR details, so that students can apply directly, whenever possible.

Moreover, to get the updates on exciting opportunities for the students, this year, Wilson College, Training and Placement Cell, was registered for the Apli.ai, Start up at IIT, Bombay.

This year many students received job opportunities and internships due to direct interaction of students with HR, due to needed call taken by Training and Placement.

The details from the students are awaited. Among them, listed below are the placement opportunities that the students of Science and Arts have availed of:

Ms. Sunishka Mukherjee was recruited for US IT Recruiter post (full time) at Rave Business Systems LLC. Ms. Kaberi Sarmah, received internship at International Model United Nations- Campus ambassador, from March 2021 to April 2021. Ms. Kaberi Sarmah recruited at Quick Homes- Tele caller recently. Co-operative Education Programme (Report of Online Function 2019-20)

The Committee for Cooperative Education Programme included Ms. Muneerah Khambhawala as the Convenor. Members were Mr. Sudhakar Solomonraj (Advisor), Mr. Mahesh Shetti, Dr. Sushant Mane, Dr. Anand Burange, Ms. Ayeshna Dutta, Ms. Asilata Karandikar and Ms. Jabinda Lobo.

The interview panel for selection of students comprised of Mr. Sudhakar Solomonraj (CEP advisor and Head, Political Science Department), Mr. Mahesh Shetti (CEP Committee member, Physics Dept) and Ms. Muneerah Khambhawala (Convenor CEP and Head, Sociology Dept). Forty-eight students were selected out of hundred applications and Forty Four students participated in the programme.

Due to the pandemic the city was under a lockdown and this affected our programme. However the idea to conduct an online CEP struck the Convenor after a telephonic conversation with Dr. J. B Mistry (XIC & CEP Resource Person). Principal Madam wholeheartedly agreed to a first in History 'online CEP' and suggested that Zoom could be used as the online platform. The committee met multiple times on the Zoom platform to see the feasibility and decided to have the very first online-CEP in the history of 41 years of CEP. Students were given basic training to use the Zoom platform in the last March. The month-long programme was completely conducted online.

The CEP 2020 was inaugurated on 2nd April 2020 by Principal Prof. Anna Pratima Nikalje. Vice Principal Dr. Harsha Badkar shared words of wisdom. A large number of teachers were present for the occasion. Convenor Ms. Muneerah Khambhawala welcomed all and Ms. Ayeshna Dutta proposed the vote of thanks.

Five students' groups were formed, every group had equal representation of boys and girls from both arts and science. Each group was represented by one leader and one technical head. The group leader bridged the communication between group members and organizers. Technical heads helped in training and sorting technical difficulties for online platform

The lecture phase spanned over four weeks where following resource persons interacted with students: in the area of **Personality and Skills enhancement** following resource persons had workshops:

- Mr. Sudhakar Solomonraj – The Road Ahead: Self and Career Exploration, Structured Thinking, Earth-day and Caring for Earth, Environmental Issues and Opportunities in Environment

Following talks on **Career Perspectives** were arranged: Research Mindset (Dr. K. Sridhar, T.I.F.R. and Mr. K. Sivan, Research Consultant), Introduction to Research (Dr. Anand Burange, Chemistry Dept), Media for Students Interested in Language (Ms. Ashwini Mane, Zee), Horticulture Nursery: A Business Opportunity (Mr. Bandu Konde, Botany Dept),

Hobby and Careers Related to Aquariums (Mr. Pulakesh Kadam, Taraporewala Aquarium), Human Resource (Mr. Yogesh Somani), Public Service (Mr. Aditya Prabhudesai, IRS, Undersecretary, Cabinet Secretariat)

Journalism (Mr. Sameer Karve, Maharashtra Times), Scientific Staff in Science Labs (Mr. Uday Kashelkar, Scientific Officer, NPCIL) Digital Marketing (Dr. Raamesh Gowri), Indian and Foreign Languages (Dr. Dnyaneshwari Talpade), History, Archaeology, and Heritage (Dr. Kurush Dalal, archaeologist, Live History India) N.G.O. (Mr. Mayur Helia).

On the last day Mr. Sudhakar Solomonraj summarized all the sessions and talked about careers in diverse areas. The name of the concluding session was 'Brand You'.

The CEP sessions concluded on 2nd May 2020. Ms. Roopa Isaac and Mr. Mikhail Vora had designed some online games and quizzes. Many other members contributed through songs, sharing paintings and the memes they created for the CEP programme.

A Three-day follow up session 'How to manage myself during a change?' was conducted on 11th, 13th and 15th May 2020 by Mr. Anish Menon and Ms. Natalia.

The winners of the competitions held within the three groups were

1. Making effective Power Point judged by Dr. Jahangir Mistry.
2. Each group also had to design a logo for CEP. The prize-winning logo was put on the CEP certificate along with the college logo.
3. The online group presentations were judged by Ms. Vinita Mathew (English Department), Ms. Ayesha Dutta (CEP member, Sociology Department), Ms. Jabinda Lobo (CEP member, Microbiology Department) and Ms. Muneerah Khambhawala (CEP Convenor, Head, Sociology Department). Excellent group coordination was seen among participants especially when no group members could be physically present with each other. A high degree of inclusiveness was seen where some members faced connectivity issues and their pre-recorded videos were incorporated very smoothly in the presentations by their groups. Some groups used exemplary techniques to beat our expectations.

Competition for Individual Presentation was organized where students had to make a 10-minute presentation.

The condition was the topic must be related to the subject the participant is studying but not from the syllabus. Ms. Aarti Manerikar (Head, History Department) and Dr. Anand Burange (Chemistry Department) judged the competitions. The variety of topics chosen by participants was highly appreciated. Various techniques used by some of the participants showed the extra mile they walked in the CEP journey. A special 'Popular choice' prize under Individual Presentation competition was announced.

In addition, to appreciate the efforts of one group in continuing the Kaizen practice (bringing small improvements to achieve bigger long-term goals) that was mentioned by Prof. Sudhakar Solomonraj in one of his session, another 'Special prize' was instituted. All the members of this group have continued this practice till date and have been regularly updating their improvements to Prof. Sudhakar Solomonraj. This prize stands as a testimony as to how CEP sessions bring about positive change in participant's life.

Mr. Mikhail Vora was declared as the Best CEPian for CEP 2019-20 batch. He received a cash prize sponsored by Mr. Niranjan Sanzgiri instituted in the name of his uncle Dr. Mamdani.

Valedictory Function

The Valedictory was conducted on 20th March 2021. Mr. Sanjay Joshi, Executive Director, Wonder Cement Ltd was the chief guest. He is an ex-Wilsonian, Chemistry graduate and an ex-CEPian from CEP-1996 batch. He guided students about how keen observations, learning extra skills along with sincere efforts taken in regular academics can lead you in life.

CEP 2020 magazine '**Connect**' was released on this occasion at the hands of the Principal and the Chief Guest. All the prizes were announced on this occasion. Students presented various cultural events online, through pre-recorded or live videos. Dr. Satyawati Chaubey took the charge of coordinating the same.

CEP 2019-20 batch came out with the second volume of CEP magazine 'Connect' (the first volume was published in 2003). The unique thing about this volume is that it is designed and compiled completely by the CEP students. Prof. Sudhakar Solomonraj encouraged students to come up with this volume reflecting the artistic and literary talent of CEPians. The resources for printing were also raised by Prof. Sudhakar Solomonraj.

The Editorial Team consisted of: Coordinator - Ms. Priyanjana Deora, Magazine Designer – Ms. Disha Waingarkar & Ms. Kreena Shah, Cover Page Designer – Ms. Sana Khan & Shrutika Wadkar, Art Editor – Ms. Anamika Gupta, Editor – Ms. Divya Joshi, Compiling & Editing – Ms. Pavithra Kandasami, Chief Content Editor – Ms. Ankita Dubey, Content Editor – Mr. Aniruddha Phadke.

The Editorial team has rightly expressed 'Working for CEP magazine was the very first experience for every member of the team in participating, organizing, designing, and editing a magazine. It gave us a chance to explore the area we had never ventured into. It was a new and enriching experience and we all got exposed to a new set of skills. Forming and working with the team virtually was a good learning experience. All team members were very supportive, cooperative, hard-working, and brought new ideas into making of the magazine. Thanks to all participants who submitted their entries. We are very grateful for the support and opportunity from the CEP Committee members, participants and sponsors. Special thanks to Vikshita Poojary (T.Y.B.A, English Literature student) for technical help, Bushra Qazi and Meenaz Ansari (ex-student) for getting the magazines printed on time. We are going to cherish this magazine for ever'.

Lastly, I extend a heartfelt gratitude to all the Committee members with a special note of appreciation for Mr. Mahesh Shetti for extending all-round support and assistance throughout. The trust, support and commitment of the entire team enabled the successful completion of the CEP in the online mode, an important milestone in the history of CEP.

Training programs for Non Teaching Staff

The Committee of training programs for non-Teaching staff comprised of: Mrs. Shubhangi Gavankar (Convenor) Dr. Harsha Badkar, Mr Pradeep Abhyankar (Co-Convenor) Mr. Shekhar Deodhar and Mrs. Ruby Malshe

It was felt necessary that the college should arrange training programs for non-teaching staff to relieve them from their monotonous routine jobs and enhance inter-personal skills. The Non-teaching staff can participate in training programs to release their stress and have a good teamwork.

Accordingly following programs were arranged. Khel Khel Mein. A workshop on Interpersonal Relationships "Khel Khel Mein", was conducted by our alumnus, Dr. Shamin Suryavanshi on 15th June 1999. There was an overwhelming response from the non-teaching staff towards this program. They participated in it whole heartedly. "The college should conduct more of such programs, as then, we can handle our stress levels more efficiently" was their feedback.

Computer Orientation Workshop: A basic Computer Orientation Workshop was organised by the IT department for non-teaching staff of our college. It was conducted in two batches on 16th December 2019 and 13th January 2020 respectively.

Webinar on "Office Automation" IQAC & Training programme for Non-teaching Staff Committee organized the Webinar on 6th February, 2021 for Wilson College Non-teaching Staff. The topic was "Office Automation", delivered by Ms Keyaa Mukherjee, Office Superintendent, Maniben Nanavati Women's College, Vile Parle (W), Mumbai. Some teaching staff also attended the session.

Objectives of Webinar: To standardize the routine work of administrative office, To enable the organization of the stored data, To increase productivity and effectiveness of administrative work

To facilitate the decision making procedure on the basis of accurate data, To avoid unnecessary paper work To remove the communication gap with transparency of data. Ms Keyaa Mukherjee with her excellent expertise gave an overview of Office Automation which included : Meaning of Office automation, Digitized Administration Implementation of E-governance, Execution of DCRM (Document Control Record Management) as per quality management system, Paperless office work, SWOC analysis and NAAC perspective documents, there was a great response from participants

Any system works by collecting, storing, manipulating & relaying office information & data digitally to accomplish basic tasks & goals. An office automation system could be a facility management software that allows managing & automating various operations related to our workplace.

Office automation is a way of dealing with tedious & repetitive work with the help of technology. No section in an organisation is left untouched by automation. Digitization has now become an integral part of an organisation. The optimal use of automation strengthens our overall workflow.

I believe we have justified our goal. The Committee is thankful to all those, who contributed directly and indirectly in making these events a great success. We are extremely grateful to Principal Madam for her tremendous support and guidance towards these programs.

Andrews' Vision Centre Report

"Technology is the new sight. It's a vision which comes from a dream to make life better, **Not just for one but for all**. To see things in a different light is to see things in a better way."

Andrews Vision Centre (since 2008) continues to be committed "To Help Visually Challenged Students to be Educationally, Technologically, Psychologically and Socially Enriched so That They Are Better Equipped to Face the Challenges of Life" as well as help students with other disabilities to ensure inclusivity on the Campus. This year Covid 19 pandemic has hit the world and AVC has embraced the changes gracefully, coping with online learning positively. The pandemic opened the possibility for our students to technically equip themselves. Currently the Centre supports twenty seven visually challenged students one with a learning disability, and two with cerebral palsy. The Centre is sustained by Sterling and Wilson Solar Limited, the College Management and Well Wishers. The Centre provided continuous Online support: Covid 19 pandemic separated us physically. But we have used technology and our services have shifted to online mode. Online availability of full-time coordinators ensured smooth functioning of administrative and academic activities. Financial Support was provided to needy students for education. It also facilitated procedures for procuring prestigious government and private scholarships. Volunteer Support was extended through a strong and committed volunteer group of approximately thirty Wilson College students who assist as readers, tutors, friends, and mentors. Daily Tutorials by way of learning classes and creating accessible study material to ensure a smooth learning process is provided. Annual maintenance of Centre's assistive technology was carried out. The washrooms in the Centre have also been renovated.

Continuation of sensitization programs in the form of a Certificate Course in Disability Studies and a webinar on inclusion of persons with disabilities in higher education has

been undertaken. A committee of teaching faculty members form a strong support system to ensure smooth functioning of the Centre with support from the College Management, Principal, and Well-Wishers.

Student Support Activities include conducting multiple surveys to understand needs and challenges of AVC members thereby facilitating the process of designing the role of AVC next year. The Centre adopted the following measures at both individual and institutional level.eg. Training programmes : A Training session on how to use e-learning for degree college AVC members on 26 May 2020 was conducted by Dr. Biraj Mehta Rathi. The students were familiarised with the zoom and google meet platform in the session. The session was indeed effective and interactive. This was followed by several one-on-one sessions with students with hands on experience, with the help of NSS volunteers training on how to use platforms like Zoom, Google Meet, Google Classroom, Gmail, and Maps was given.

Students were provided with study materials eg Logic and Economics braille diagrams were provided to SYJC, the same was procured from Raised Lines Foundation, Gurgaon. WIFI routers and Power banks were provided to students facing network issues in attending online lectures. Recordings of SYJC textbooks were also provided. Guidance on completing the Foundation Course project was given to FYBA students. EVS journals were provided to SYJC Students as it was not available in their villages. The material was delivered at student's homes in villages to enable them continue with online education.

Online tutorials for class SYJC from 12th July 2020 on daily basis was conducted. A systematic time table is drawn out and followed, the same is followed by review meetings. There are nine students and eight mentors, one mentor for each subject. The Zoom platform is used for tutorials, lectures are recorded and then uploaded on the AVC YouTube channel which enables students to revise and access at their own pace.

Casual meetings along with volunteers were conducted with the students of AVC to have a friendly chat and also solve any issues they were facing. This helped to strengthen the student volunteer bond.

The 'Help The Blind' organization provides scholarships for visually impaired students. AVC facilitated the entire process online which was challenging for students as well the co-

ordinators of AVC and Help the Blind Foundation. The hard work paid off as fourteen students from the degree college received scholarships.

In the Online Employment Training Program the college has collaborated with 'Youth 4 Job' and has been doing employability skill programs for visually impaired students. Currently, four students from our Centre are part of this ongoing program. Each student has been assigned a volunteer. Individual attention is very important to enhance new communication skills and learn the skills required for employment in a corporate world. Our students are on the way to find and achieve their own unique goals.

At the institutional level the AVC has created pedagogical guidelines for teachers to keep in mind while creating Online Accessible Material for Visually Challenged Students. The AVC assisted the exam committee for executing accessible systems of examination whenever required.

The following events were organized to enhance sensitization. A two-day online national workshop on 'Persons with Disabilities in Higher Education: Inclusion & Employment' (15-16th May). The workshop was exclusively for teachers and three hundred participants were selected out of more than thousand applications from all across the country. The Speakers covered a wide range of pertinent topics that helped the attendees understand the subject on a deeper level.

The Centre in collaboration with Youth4Jobs will continue with the certificate course in disability studies, a formal letter of understanding has been signed for a long term collaboration.

Our Student achievements are as follows In 2019-2020, Ms. Priti Abraham (FYJC) AVC topper with a 79.23% score. In 2019-2020 Ms. Shravani Pawar topped in AVC with 75.84% closely followed by Ms. Pranali Davre with 74.77.

The success of our centre lies in the fact that many members have independently established their identity and made a mark in positively contributing to public life in the community and nation. Some of the success stories - We are proud to share that Mr. Harshad is closely involved as a COVID warrior, this is self-initiated along with the concerned NGOs, which has also issued a letter of appreciation for the same. Ms. Darshana is an avid blogger and has an active channel that shares her aspirations, talent and abilities as a fashion advisor (among many other things) Mr. Shamshergir

is the Head of Rashtirya Viklang Party (Maharashtra). He contributes to policy making and decisions with regard to rights of persons with disabilities. We extend our Gratitude to our donor Mrs. Shobha Nair whose generous contribution has made it possible for us AVC to continue provide support to visually challenged students of Wilson College.

Student Mentoring

'Necessity leads to innovation', this has been the key to the initiatives and activities of the committee in these difficult year of the pandemic. In the beginning of the academic year, the committee unanimously decided on the number of mentees to be allotted to each teacher mentor. With the help of the committee members all the students of first year, second year and third year from Arts and Science were distributed into groups and allocated to respective mentors. Care was taken to assign mentors to the mentees from the same stream (Arts/Science). Charge of the Mentoring program for the students of Self Financed Courses (SFCs) was delegated to the Coordinator of the SFCs.

Guidelines for online mentoring including the format for the Google form for registration of the mentees and the group of mentees were communicated to the mentors. Accordingly, the mentors got their mentees registered and joined their respective Google classrooms for the purpose. The mentors conducted online sessions to interact and guide them through Google meet. Sessions were conducted on: Dealing with Insecurities, Different Contexts of Anxiety and Relevant Responses

Eclecticism and Exploring Different Possibilities, Identifying Ones Strength and Weakness

How to Study Effectively, Career Guidance, Forms of Discrimination in Society, Writing an Effective CV

Exploring Johari Window, The Art of Communicating Effectively by Power Point Presentation Role of a Tourist Guide in the Tourism Sector and Mental Health

In the SFC section, the mentorship program introduced is called "The GNMP Program" Generation Next Mentorship Programme wherein the Faculty members/ Graduates/ Industry Professionals/ Alumni are inducted into mentorship system and they have met the students online on need basis to listen to their issues and guide them on the following areas : Study- Life balance Communication skills, Career guidance, Business vision, Analytical/ problem solving skills, Personal attitude towards learning and working, Self confidence, Personality and leadership, Further studies, Personal issues, Global competencies, Family values and Networking. To know the reaction of the students to this program a systematic feedback system has been introduced.

National Service Scheme (NSS) Unit

The NSS Unit of Wilson College was enrolled with the Mumbai University for the academic year 20-21 with a strength of 50 volunteers. An advisory committee was set up with Dr. H. A. Parbat as the Convenor & Program officer of NSS 20-21 and Mr. B. Konde, Dr. Jai Knox, Mr. K. Shinde, Dr. H. Shaikh, Dr. Biraj Mehta, Ms. Suruchi Sawant, Mr. Sachin Gupta & Ms. Lorraine Vaz were appointed as members of the committee. The NSS works with diverse themes and our activities revolve around them. The main themes for this year were: 1. Awareness about differently-abled community 2. Mental Health & Personality Development 3. Education of the underprivileged 4. Fitness

Orientation was on 12th October, for all the newly enrolled volunteers for the year 2020-21. It was inaugurated by Dr. H. A. Parbat (Program Officer of NSS) who spoke about the importance of volunteering and how one can help society even during the pandemic. A small video was presented wherein the volunteers showcased all the activities of the previous year. The session was then addressed by the senior volunteers who explained about the duties of a NSS

Volunteer was and how activities were conducted. It was then followed up by ice breaking sessions wherein the junior volunteers built a rapport and had fun. The NSS Volunteers began with their work on April, 2020 by spreading awareness on the ongoing pandemic. The volunteers discussed about the different aspects of Covid-19 and its causes. Awareness was spread through social media. Masks were also made & distributed by the volunteers in their localities. The NSS Unit had organized many on-ground activities in the Academic year 20-21 such as distribution of masks in villages, beach cleanups, educating & feeding the underprivileged children at Airoli, Sector 19. Many online webinars were also organized to create an awareness about different social issues amongst the society. Webinars on climate change, disaster management, personality development created a big impact among the youths. Some of the major activities that were organized are as follows: Mental Health – Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It is important at every stage of life. We organized this webinar because pandemic was affecting everyone's state of mind. Thus to raise awareness & to provide support to everyone this activity was conducted. The speaker of the session Mr. Sam Koshy (Director of "The Movement, India") emphasized on the importance of self love & self care. He also shared with us some important tips to take care of our mental health. Apart from the webinar a lot of sessions were conducted which emphasized on mental health. Awareness about this topic was also spread through our social media account.

AVC Tech Mentoring - The Andrew Vision Centre & The NSS Unit collaborated together for tech mentoring for the visually challenged students. From 8th - 14th September, the Volunteers started mentoring the AVC Members on various topics like Google Meet, Google Classroom, Gmail, Google Map, Zoom Meeting etc. All the functions & features of the applications were taught to the AVC Students. The volunteers who came forward to mentor the students were Ms. Angella Ann Raju, Ms. Bhagyashree Badbe, Ms. Husena Barodawala, Mr. Mukund Palyekar, Ms. Prashansa Shinde Mr. Ritvik Singh, Mr. Shamshegir Shaikh & Mr. Shreyas Shirke. Every volunteer was given a student to individually mentor. On 16th September there was a small demonstration session in which the students demonstrated everything they have learned from their mentors.

NSS Week - The Unit celebrated the NSS Week with great enthusiasm and zeal. Various activities were organized such

as poster & slogan competition, quiz competition, film screening, discussion round etc. The Volunteers discussed the importance of volunteering and how one can help on an individual level to bring change in the society.

Fit India - The NSS Unit organized various no of activities under Fit India. Yoga Day was celebrated on 21st June in which Shubham Mishra showcased a lot of yoga poses and explained the importance of making yoga a part of daily life. From 21st - 30th September a 7 day walking challenge was done in which the volunteers had to walk for 2-3 km every day in order to make walking a habit for healthy lifestyle among the volunteers. On 29th September a webinar was held on fitness wherein Mr. Rajan Jothady, the boxing coach of Wilson College explained the basics & benefits of exercising. From 14th - 23rd March a 10 day walking challenge was organized and on 25th March a Yoga session for 2 hours was conducted.

Education of Under Privileged –The NSS Unit visited a slum community at Airoli, Section 19 and imparted education to the children. Alphabets, poems, basic math's was taught to the children through various fun activities. A research was also conducted to know how many children attend school and receive education. We also organized a sports activity in which we played a lot of game and also taught them basic exercises. Food distribution was also done with Rotighar, with the support and guidance of Mr. Anish Chavan.

Udaan - This year the NSS Unit collaborated with Akshara Foundation which works for Gender equality and safe space for Women and LGBTQ community. The NSS Volunteers of Akshara Foundation organized a fest "Udaan" from 24th - 28th February. The fest was of 5 days which consisted of different kind of activities. The volunteers presented some Ads, Songs, Movies and Serials in an analytical format on how our society stereotypes every gender as per convenience.

After the activity a discussion round was conducted for the unit to understand the ideology of every Volunteers and how we can break these stereotypes.

The NSS Unit of Wilson College organized their socio-cultural fest on 8th & 9th of April 2021. The fest began with the inauguration ceremony which was presided by the vice principal of the college Dr. Ashish Uzgaré. The fest was also blessed with the presence of Mr. Satish Kolte who is the district coordinator of NSS Cell of Mumbai District. The theme for the fest was "Beyond the Horizon" which focused on the difficulties faced by the differently abled people of

the society. Competitions such as blog writing, poster making, elocution competition, debate competition, mehndi competition etc was conducted. All the participants who attended enjoyed the fest. Live streaming of the fest was also done in YouTube. After all the events were completed, Bharud which is a folk art of Maharashtra was organized. Mr Anil Kengar presented his act in front of everyone in which he spread awareness among the audience on how to help the differently abled and how a person can make a big change in the society with a small effort.

Rotaract Club

Rotaract Club in Wilson College called the "Rotaract Club of Wilson College (RCWC)" has been established in year 2016 and the members have seen the club grow steadily since then. The theme for the present Rotaract year at RCWC is "Explore, Expand and Excel" which we as RCWC have proudly executed by Exploring various activities, expanding our reach and proudly Excelling after. The professor in-charge of RCWC is Mr. Kailash Waman Shinde.

RCWC has executed numerous activities with various departments in College this year. We started conducting activities after the Annual Rotaract Club installation on 20th September, 2020.

RCWC in collaboration with Mindler conducted a webinar

on the topic, "Internships and Jobs in a COVID-19 Era" for students on 13th Sept, 2020. On the occasion of "World Mental Health Day" a webinar was held on the topic "The Art of Mindfulness" by counseling psychologist, Ms. Akshada Kulkarni on 10th Oct, 2020.

On 16th Jan 2021 a football tournament was organized in collaboration with Rotary Club of Mumbai Downtown Sealand and the Rotaract Club of Mumbai Downtown. This was for underprivileged girls to encourage team spirit and fitness.

RCWC conducted its first-ever trek which was in collaboration with Gear to Summit and the Rotaract Club of Bombay Chembur West On 14th February, 2021. Also on 3rd March 2021 a wildlife photography competition was held on the occasion of World Wildlife day. Yoga Training

The Yoga committee comprised of Ms. Meghana Gore (Convenor), Ms. Loretta Mascarenhas, Ms. Shubhangi Gavankar. In the second semester the committee decided to use the Whatsapp platform to reach the students, staff and non teaching staff. Because of the online mode of teaching and learning many students complained about stiff neck, body ache and such ailments. To address these areas and improve their overall health, a daily online activity was started on a regular basis from 8th Feb 2021 to 30th April 2021. Simple, basic postures of asanas with detailed steps and their benefits were posted on staff and student's groups. During these testing times many people religiously do these yoga 'asanas' and 'pranayams' for physical and mental wellbeing. Fitness is not just about weight loss but also about having better immunity and a healthy mind.

On 21st April 2021 Ms. Dipti Jain conducted an online yoga session for the staff and the students. Ms Loretta Mascarenhas was instrumental in getting Ms. Dipti Jain on board. 34 yoga enthusiasts from the college joined this online

session. Ms. Dipti Jain also demonstrated the breathing exercises especially for lungs during these pandemic times. As Ms Jain is a certified nutritionist too, she emphasised the importance of a well balanced healthy diet. The feedback for the session was very encouraging. This led to likeminded people coming together on a Whatsapp platform to share experiences, yoga postures and information related to overall wellbeing. Using such online platforms we intend to remain connected, exchanging the know hows of different yoga asanas till this pandemic gets over.

Green Warrior Initiative

The Green Warriors which was initiated in the academic year 2016-2017 by the IQAC, was able to do some work in spite of the lockdown and non-availability of staff and students on campus this year. The dry re-cyclable waste that was collected in a store room dedicated for this purpose, was quite substantial and as soon as it was possible, the NGO Stree Mukti Sangathana, was able to collect it from the campus. The following quantity of re-cyclable waste was given to the NGO:

Date	Paper	Plastic	Metal	Cardboard	E-waste
31.7.2019	336 kg	24 kg	280 kg	51kg	-
22.1.2020	824 kg	40 kg	-	-	-
Total	1,160 kg	64 kg	280 kg	51 kg	

The total value of the waste was Rs. 8893/- and 60% of that value is available in the form of recycled paper which the college can use for multiple purposes. $60\% \text{ of } 8893 / = 5336/-$ Previous Balance 843 /-

Total Balance Amount 6179 /-

700 tetra packs were sent to RUR GreenLife Pvt. Ltd for re-cycling

This year we were able to sell only 5 bird feeders. The Green Warriors have initiated a Whatsapp organic gardening group which facilitates exchange of seeds, cuttings and saplings, etc., among the staff and students. Hopefully we will be able to have a corner on campus where this activity can be

conducted once the lockdown is lifted. This year we were able to harvest the compost from the campus compost pit. About 68 kg of rich organic manure was packed and sold on campus at the rate of Rs 20/- per kilo. The total amount collected from sales was Rs.1360/-. This was a small start and the response was very encouraging. We are grateful to SYBsc 19-20 students Abhishek Dattatray Mayekar, Kiran Sandeep Umbalkar, Yohaana Gurmeet Dhanowa and Divya Sunil Vanjeri who helped us with composting of the canteen wet waste. We are thankful to Mr. Sudhakar Solomonraj and Ms. Saakshi Pradhan for their help. We are also thankful to our canteen staff, gardeners Mr. Prakash Jadhav and Mr. Janardan Khapre for their contribution.

We are grateful to all the teaching and non-teaching staff and students for their support.

Career Counselling Cell

The Career Counselling Cell organised four online sessions. An introductory session on career guidance was conducted on 13th Feb, 2021 by Professor Sudhakar Solomonraj to prepare the students to face the competitive world of tomorrow, clarifying values, interest, strength and skills. The second session was on 'Journalism and Mass Communication' on 6th March 2021. Mr. Jitendra Dixit, Regional Editor of ABP News for Maharashtra, Gujarat and Goa discussed the career options in media, journalism and Mass Communication to guide the students in choosing their right career path in the future.

Career Counselling Cell in collaboration with IQAC of Wilson College organised a session on 19th March 2021. This event focused mainly on the BSc students. It was an informative and interactive session the resource person was Dr. Vasudevan T.G., Associate Professor of Department of Biotechnology of Manipal University of Karnataka.

A session was conducted for the junior college students on 'Career & Hindi Language' on 1st Feb, 2021 by Dr. S Chaubey. She covered various aspects of studying any language, and interestingly highlighted the importance of literature in daily life. Special mention of committee members Ms. Tresa Francis, Mr. Gaurav Gadhi and Ms. Swamini Patade for their commendable contribution to the functioning Committee.

Committee - 'Students Support Team for Online Teaching Learning'

The Committee for 'Students Support Team for Online Teaching-Learning' included the following members: Convenor - Ms. Muneerah Khambhawala Advisor - Mr. Sudhakar Solomonraj, Vice Principal - Dr. Harsha Badkar, Dr. Anuradha Pendse, Ms. Vinita Mathew, Mr. Mahesh Shetti, Mr. Gaurav Ghadi, Dr. Devdatta Lad, Dr. Thomson Fernandes, Dr. Sushant Mane, Dr. Ajita Kumar, Dr. Jai Knox, Dr. Satyawati Chaubey, AVC Support – Dr. Biraj Mehta.

In the first week of June 2020, before the Committee was constituted, a few teachers (Ms. M. Khambhawala, Mr. S. Solomonraj, Mr. M. Shetti, Ms. A. Manerikar, Dr. A. Pendse, Ms. V. Mathew, Dr. T. Fernandes and Dr. D. Lad) informally came together to address the issues, students may face as the Pandemic compelled us to conduct online classes. These teachers decided to use the online survey data conducted by College as per the University Guidelines to gain a preliminary understanding on the nature and extent of the problem. The proposal was shared with our Principal, Prof. Anna Pratima Nikalje, who appreciated and encouraged this proactive step. Dr. Harsha Badkar, Vice-Principal, was requested to share the data of the online survey.

After going through the survey data, 327 students were identified based on their response about whether they may face any kind of technical or financial issue while taking online education. The students were divided into 4 categories: Those who have internet connectivity issue, Those who have device issue, those who needed financial help for device, Those who were facing financial pressure due to lockdown situations under pandemic

A small study was also conducted by some of these teachers to decide the following things:

What are the data packages available from various mobile companies? Approximately how much data will be needed per day if college starts in online mode?, Which economic but good devices can be provided to students, so that they can attend lectures and use it for online study?. Since it was a huge task, few more teachers were approached to support us in the survey phase. Students were divided into groups of about 25-35 students and teachers were assigned to contact them individually via message, email or through call. Students were guided about how much data will be needed per day. They were counselled about surveying which companies are giving better service in their locality.

Further, they were assured that they will be provided with a useful device in case they have difficulty getting it for themselves, but most of them returned stating that their concerns were addressed, and that they would be able to attend online lectures. Dr. Biraj Mehta was approached to check the details of AVC students and provide feedback on the same. Following teachers helped in the survey process: Ms. Aarti Manerikar, Dr. Ajita Kumar, Dr. Anuradha Pendse, Dr. Biraj Mehta

Dr. Devdatta Lad, Dr. Jai Knox, Mr. Mahesh Shetti, Ms. Muneerah Khambhawala, Dr. Satyawati Chaubey, Dr. Sushant Mane, Dr. Thomson Fernandes and Ms. Vinita Mathew

Eight students showed the concern about financial pressure and requested if we could guide them for some kind of paid internships. Four students needed the help for data pack and two students needed mobile device. Rotary Club of Andheri was approached by Ms. Muneerah Khambhawala, where she was guided to seek collaboration with Rotary attached to Rotaract Club, Wilson College. Ms. Roopa Isaac, T.Y.B.A student & President of Wilson College Rotaract Club & Mr. Kailas Shinde, Teacher In-charge were approached for collaboration.

It was decided that aid to the needy students would be provided upon submission of an undertaking form that the device would be used for academic purpose only and its return policy to Rotaract Club once College resumes

in the offline mode. Some of the above students shared that the families have managed to resolve their issues. Finally, there was only one student who was provided with a mobile phone and one with the mobile phone along with the data pack. The whole exercise was quite time-consuming. But the result made us all happy, especially the fact that parents are equally apprehensive and concerned about their ward's education.

Details of the webinars/sessions conducted are as follows: On 23rd July 2020 on the Zoom platform & Facebook Live a panel discussion called (Un) Beautiful Bodies: reclaiming ourselves was conducted: It may not be Fair and Lovely anymore, but our notions of beauty and body have not changed too much. Why are we so dissatisfied with our skin tones and body size? Who sets the standards of beauty? What influences our relationship with our bodies? The Body is a social construction moulded by the cultural matrix of caste, class and sexuality. And our notions of beauty reflect the dominant patriarchal and hetero-normative ideologies of our society. Popular culture, the market and media propagate them, and we reproduce them in our daily interactions. The Panel comprised of Stand-up Comedian Kajol Srinivasan, Brand Consultant Geeta Rao, Asst Professor, Pune University, Sneha Gole, LGBTQI Activist Daniel Mendonca, Moderator – Dr. Gita Chadha, UWDC Mumbai University the Zoom attendees were 656 in total, Akshara Facebook live- 2119 views

Youth for Change Program (YCP): A special program was arranged in conjunction with Akshara called ‘Youth for Change’, especially for young adults. The vision of YCP is to bring gender equality, working with the youth to have conversations on gender. Workshops and sessions were aimed to encourage youth to take social and personal steps on gender equality. Being the pandemic period, the program was taken online, and the social action projects were designed virtually. The whole programme spread over a period of two months and proved to be a rigorous learning experience and a platform to deliberate on gender issues for the participants. Twenty-five undergraduate students from B.A and B.Sc enrolled for this programme. The unique

selling point of this programme was the various social action projects undertaken by the participants that were aimed at gender sensitization. These unique field projects helped the participants to analyze the ongoing issues in gender inequality through an entirely different perspective and put forth their views on the same. Additionally, students developed research skills, teamwork competency and communication skills.

The two social action projects carried out were: Social Action Project: Representations of LGBTQ Community in Bollywood movies; This social action project was aimed to analyze using the gender lens the numerous songs, web-series, advertisements, etc. and the plethora of visual medium they had consumed. The project undertaken by our college students shed light on the biased and unjust portrayal of various genders in media, from advertisements to songs, social media memes etc. The participants focused primarily on Indian cinema and the misrepresentation of the LGBTQ community, by analyzing various movies from 1996 to 2020. A timeline was created to gauge the changes brought about in Indian cinema with regards to the portrayal of the LGBTQ community. The research showed that it took over two decades to portray them in a positive light, though not always. This project helped elevate the much-needed awareness and to clear up misconceptions regarding the LGBTQ community. The second social action project was a survey filled up by Wilson College students with the aim to understand the prevalence of sexual harassment and its redressal mechanism. Responses were studied carefully, analyzed statistically, and compiled into a report. The stark findings highlighted the lack of awareness amongst the students to deal with sexual harassment as well as a blindness to the existence of special committees in our college to deal with such matters, discretely. To provide an overview of YCP and the social action projects, two workshops were conducted on 17th January 2021 and 6th February 2021. In addition, students attended Haqkartaavhya, a dialogue on youth Rights and Duties building up a youth movement and a youth collective. The Valedictory program concluded with a short closing ceremony, commemorating the efforts and the hard work of every participant. Successful participants would receive a certificate. The workshops, sessions and social action projects under YCP encouraged youth to take social and personal steps on gender equality. The programme was much appreciated by the participants who found it as a positive initiative towards the much-needed change on the outlook of gender in society. It

helped in breaking barriers and bursting stereotypes, and a step towards creating an equal and balanced society, by spreading awareness.

This year was quite fruitful despite the pandemic, wherein with the support of the entire team we could conduct sessions, workshops and program and work in the direction of our motto: 'We Can, We Will & We Must Make Campus Gender Sensitive'. I take this opportunity to thank my team members who supported me in this endeavour.

Mackichan Hall Hostel for Boys

This year probably for the first time in the history of Mackichan Hall Boys Hostel there was no occupancy in the rooms. COVID-19 pandemic forced the education system to go online throughout India this year. Students who had left the hostel on 16th March 2020 when the first news of lockdown broke never imagined that they would not get a chance even to pick up the luggage left behind. However the Mackichan Hall Boys Hostel remained a home away from home for thirty students primarily from north east and south till July 2020. The months of April, May and June were full of anxiety and uncertainty, but the spirit of the Mackichanite helped all of us face the challenges successfully. With the help of a few student volunteers we could manage to stuff the Warden's car with groceries and snacks whenever there was an opportunity to visit the mall. The boys followed all the rules of social distancing and hygiene stayed in their rooms playing online games, taking some online courses and listening to music. As mess workers left the hostel to their hometown, our dear Anna who ran the mess ensured that the boys were fed with dal, rice, vegetable and chapatis. It was indeed a tough time for all of us as the BMC officials continued visiting the hostel every week to check the possibility of using it as a COVID quarantine center. By the grace of God this did not happen! In July as the last batch of students left the hostel and reached home safely we at Mackichan Hall were relieved that the boys reached home safely with no one contracting the virus. It was heartening to read messages of appreciation sent by parents for the efforts taken at Mackichan Hall to keep their boys safe and healthy.

It was heart-breaking to learn that Mr. Ashwin Waghmare, our visually challenged and extremely talented student who passed the third year with flying colors in 2019 left for his heavenly abode during the pandemic. We express deep condolences on his demise.

Though there were a lot of inquiries for hostel admission for the academic year 2020-21, due to the government's decision of having online classes, the hostel rooms never saw new residents. We appreciate The support staff for taking care of the cleanliness of the hostel and its rooms.

The support of the John Wilson Education Society and its office bearers is also acknowledged.

We hope and pray that the Almighty will be gracious to mankind in defeating the corona virus by providing wisdom and knowledge to all us. Also with the vaccines out we are hopeful that Mackichan Hall Boys Hostel will experience its usual hustle and bustle next academic year. The residents of the hostel have planned an online annual hostel day by the end of April 2021. We wish all the hostelites a very bright and safe future.

Chapel

The wonderful promise of God in Psalm 91:1 is *"I say of the LORD, He is my refuge and my fortress, my God, in whom I trust."* Indeed, last year, in the midst of the uncertainties, God's presence, His assurance and the hope that He gave, was our sole strength. During the entire lockdown period, from March 2020 till August 2020, we were daily able to connect for Online Prayer with our staff and students asking God to make Psalm 91 a reality for the Wilson Family.

We officially began our "Online Wilson College Chapel Service" on 3rd August 2020, for both staff and students on the zoom online platform. Initially it was held in the mornings but now it is at 5 pm daily. The Online Service focuses on different topics like -overcoming fear, depression and anxiety walking in faith, healing etc. to strengthen our Wilson College Family. The Chapel Committee members actively participated in the same. We also have many weekly guest speakers who sometimes are ex-students who encourage us with their life transforming stories and God's Word.

On 8th August, 2020 we celebrated "Online Friendship Day" with songs, fun and an interesting talk on "How to have good friendship". This was followed by "Online Independence Day Celebrations" on 14th August 2020, in keeping with our love for the Nation. We celebrated it with students, singing beautiful melodies in different languages and ending with

praying for the Nation. On 10th September, we were happy to welcome the F.Y.degree students and on 14th September, we had a "Mini Bible Quiz" for the students.

October 2020, unfolded with many unique online events for our students. On 16th October 2020, we had the very first of its kind "Virtual Solo Singing Competition" with an esteemed jury from the JBC band. Many enthusiastic and talented students came forward giving us a memorable evening. Jini Chellan, Sherin Sam, Parikshith Paul and Jessica Arem won the prizes. On 23rd October, 2020 another unique event was conducted "Virtual Poetry writing and Recitation Competition". It was a plethora of talent and was won by Sherine Sam, Anamta Khan and Fiona Francis in the English category while Riya Borkhar won in the Hindi. The judges were educationist from Mumbai and Hyderabad. On 30th October 2020, the "Virtual Painting and drawing Competition" was held. The special jury was from the world of Art from Mumbai and Mangalore. Each work of art was so beautiful that it was difficult to judge and the winners were Mahi Saxena, Angela Jahhanna and Ansari Ubaidullah. After the Diwali break, on 27th November, we held an online "Quiz and Game" evening and the winners in the same were Leon, Rebecca and Joel. On 1st December, we joined in the Founders Day event organized by the College. On 18th December, we held a special Christmas Service for our staff and on 21st December we had an "Online Christmas Celebration" with games, carols, Christmas message and prizes for our students.

The New Year began with a "Thanksgiving Service" on the 6th January 2021 with the staff and in the same month the First years of the JC College also joined the online Chapel service. Another 'Game Evening' was held on 15th January 2021. On 25th January 2021, we celebrated our 'Republic Day' by holding a mini online quiz on India.

The month of February, 2021 was truly exciting as we were able to hold two back to back workshops called "Love Aaj Kal". The first one was held on 12th Feb and 27th Feb 2021. The 'question and answer session' was taken up by Dr. Jerin Joy, our resource person and Ex Wilsonian. The workshop had a good response. Besides this, we had a meaningful "Prayer Service" for our Staff on 6th February.

On 8th March 2021, we held a "Best Deed Contest" for our students to encourage them to show their gratitude to the women in their household. Akansha, Sneha and Laxmi won the prizes for the same. A special Online Workshop called "Life Matters" for all our teaching staff was also held. The

resource persons namely Dr. Jamila Koshy and Mrs. Grace Koshy touched on the topics of Gender equality and Integrity in the work place .The participants were encouraged to make a difference as an educationist as they mentor their students.

A “Special Online Prayer Service” was conducted on 7th May 2021 to pray for the families of our staff and students, who have lost their loved ones during this pandemic. Principal Prof. Anna Pratima Nikalje greeted the staff, followed by a worship song . Dr. Jai Knox prayed for the families of the bereaved among the teaching staff of our College, and Mrs Manisha Tribhuvan prayed for the bereaved families of the non teaching staff and for the families of the two staff members of our College who left for their heavenly abode. The Chaplain shared a word of encouragement from Phillipians 4 :6-7 which says ‘Do not be anxious about anything, but in every situation, by prayer and petition, with thanksgiving, present your requests to God. And the peace of God, which transcends all understanding, will guard your hearts and your minds in Christ Jesus’She emphasized on the need to “ _Surrender to God so that He can fill us with His peace_ “. In conclusion Mrs Ruby Malshe prayed for all the staff and students, that God will protect and provide for all. She also shared a beautiful anecdote from the life of Nathaniel. The prayer service ended with a closing prayer by Mrs Kshama Jayaraj and the Lord’s prayer as a prophetic acclamation from all the participants.

A Chaplain of our highly esteemed college, I want to first of all thank God for His presence throughout the year . On behalf of our Chapel Committee, I would also like to put on record our gratitude to our Principal Madam for her continuous guidance, and to the Management and all other staff for their support. .May the Lord continue to be our eternal strength in the days to come.

Science Circle

The Science Circle is a forum of activities specifically designed for class XI (science) students motivating them to love science. This year the committee comprised of Ms Shrigandha Pradhan, Mrs Loretta Mascarenhas, Mrs Aarti Thackeray and the In-charge was Mrs Urvashi Korde. Due to Covid 19 pandemic we conducted our activities on virtual platforms via Google meet and Zoom.

We began the activities with an online awareness quiz on Indian scientists and their inventions to celebrate the National Science Day on 28 February. A total of 374 students (Fyjc, Syjc, and FyBsc) from Wilson College and also from other colleges participated in the quiz.

On 22 March, Dr. Aashish Uzgaré (Vice Principal, Degree College) and well-known physics scholar Prof Vinayak Katdare. Inaugurated the Science Circle Dr. Aashish encouraged the science circle team and students and has invited them to visit all science laboratories in Wilson College and explore the instruments used to perform experiments by senior students and professors. Prof. Katdare spoke on misconceptions and approximations in Physics by describing three basic experiments.

Wilson College physics alumni Ms Sayali Ghatge conducted a webinar on Science Explorer on 16th April. Ms Sayali demonstrated conceptual science experiments with materials available at home. She encouraged students to perform some new experiments by sharing innovative ideas.

The Best Teacher awardees and all round personality Dr. Chitra Joshi conducted a webinar on Chemical Energy on 30th April 2021. Her beautiful presentation and video clips mesmerised the students. It was a very interesting and informative session indeed. Students enjoyed all the sessions with great enthusiasm and there was active interaction between participants and speaker. FYJC science students participated in the annual fest 'Event Horizon' organized by Dept of Physics, Wilson College and they competed with Degree College students and won many prizes in various activities. FYJC science students participated in two intercollegiate competitions organized by VPM's VSSM Junior College, Mulund and Aarti Shashikiran Shetty College of Information Technology, Mumbai.

Academic Monitoring

The Academic Monitoring Committee continued to streamline the documentation and record of lectures and practicals conducted by individual teachers and departments for the year 2020-21. This academic year the teaching-learning was purely online. A month-wise google document was created for the whole year for each department in the beginning of the year. Teachers regularly submitted the monthly report of their online teaching along with the record of the notes, videos, links and other teaching materials shared with the students. It also kept a record of the worksheets, assignments, quizzes etc. given to the students and the number of hours spent by the faculty in correcting the same. The committee scrutinized the data collected and prepared the semester-wise report which was submitted to the Principal. The teachers were instructed to take the compensatory lectures in case of a large number of lectures missed due to ill-health or other unavoidable circumstances. The teachers recorded the number of compensatory lectures engaged by them in the following month's report.

These initiatives have made it possible to systematically substantiate the claim that Wilson College has conducted all lectures, practicals and examinations regularly.

In collaboration with the IQAC, the AMC successfully conducted a four day workshop from 22nd April to 26th April 2021 on "Outcome Based Education and Assessment" to help teachers prepare the COs, POs and CSOs that play a crucial role in effective delivery of the curriculum.

We would like to thank our Principal Prof. Anna Pratima Nikalje for her constant guidance and support and thanks to all committee members: Dr. Anuradha Pendse, Dr. Ashish Uzgare, Dr. Biraj Mehta and Mr. Mahesh Shetti, for their unconditional cooperation throughout the year.

Internal Quality Assurance Cell (IQAC)

The academic year 2020-21 has been unlike other years. The New Education Policy, revised NAAC assessment system, moving towards autonomy and shifting pedagogical roles were central to this year's activity. In April, 2020 a *Faculty Development Program* comprising of 5 sessions for our College Teachers was held in collaboration with the

Department of Education, University of Mumbai, the focus was a critical perspective on 'Pedagogy in Higher Education'.

The *National Assessment and Accreditation Council* (NAAC) introduced innovation into its process of assessment and accreditation. To get acquainted with the process, *IQAC Wilson College* in association with the *IQAC Cluster India* organized a five-day National Webinar on '*Revised NAAC Assessment and Accreditation: Challenges and Path to Move ahead*' from 29th April to 3rd May, 2020. The total number of 298 participants from different states of India were benefited from this webinar.

In the present scheme of increasing autonomy in Higher Education Institutions, defining mechanisms of change is imperative. *Dr. Vijay Joshi*, Chief Consultant RUSA, Maharashtra hosted an online webinar on '*Moving towards Autonomy*'. He addressed the teachers and administrative staff on 17th July, 2020 briefing them about the autonomous model. To further answer questions and concerns, another session was conducted for the support staff in regional languages on 24th Sept, 2020. Recognizing the challenges and prospects that autonomy entails, an online session by *Dr. Ancy Jose*, Principal, N. L. Khandwala Autonomous College was organized on 29th July, 2020

TARASHA, a field action project of *Tata Institute of Social Sciences, Mumbai* in collaboration with IQAC and *Department of Philosophy, Wilson College* scheduled an online session on 6th August, 2020. Teachers and students were engaged on the topic of '*Mental Health and Lockdown*'.

Sexual harassment at a workplace is considered a serious violation of a woman's fundamental right to equality, life and liberty under the Indian Constitution. It creates an insecure and hostile work environment, which discourages women participating in work, thereby adversely affecting their social and economic growth. With this goal in mind, on 6th June 2020, the Internal Quality Assurance Cell (IQAC) and Internal Complaints Committee (ICC) organized a webinar on '*The Sexual Harassment of Women at Workplace*'. Ms. Shlesha Seth Chheda (Partner, FBZ & Associates, Advocate & Solicitors, Mumbai), the resource person educated the participants with respect to the Prevention, Prohibition and Redressal of Sexual Harassment of Women at Workplace according to the Act 2013. Some key takeaways of her session were Understanding the laws in India on Prevention of Sexual Harassment at Workplace, Understanding the Policy for Prevention of Sexual Harassment at Workplace and understanding the Importance and the Constitution of Internal Complaints Committee.

With the onslaught of the COVID-19 Pandemic, training teachers for effective remote delivery became an absolute necessity. On 25th and 27th July, 2020 IQAC, Wilson College in joint effort with the Academic Monitoring Committee arranged a two-days hands on training session for teachers of Degree College on 'Online Teaching Tools' by the resource person, Dr. Bijoy Thomas. Another technical session on 'Basics of Excel' was conducted by resource persons Dr. Anand Burange and Dr. Joyline Mascarenhas on 15th Sept, 2020.

The National Education Policy (NEP) 2020 envisages ambitious and sweeping structural changes in the education system. An online webinar-based panel discussion on 'Reflections on Implementation of National Education Policy 2020 (NEP): Opportunities and Challenges for Minority Institutions' was conducted on 11th Nov, 2020. We were obliged to have Prof. Ajay Kumar Singh, Vice-Chancellor, Sri Sri University as the guest speaker, Dr. Agnelo Menezes, Retired Principal, St. Xavier's College, Mumbai as the moderator and the two panelists as Fr. Frazer Mascarenhas, Manager, St. Stanislaus High School and St. Stanislaus International School, Mumbai and Dr. Sybil Thomas, Professor, Dept. of Education, University of Mumbai for this Webinar. Presentation by the guest speaker was followed by a panel discussion with an open forum for teachers of Wilson College. This has helped to gain an understanding of the prospects as well as challenges that the NEP poses for minority institutions that aspire to provide quality education. The Research Committee and IQAC, Wilson College organized an online series for teachers on 'Research Methodology' on 16th January and 23rd January, 2021. The resource person Dr. Anand Burange elaborated the steps that one should take to complete a research project with clear goals and due diligence of even the smallest bit of information, observation and opinion. He tutored the participants on the selection of journal, plagiarism and ethical norms requisite for the research.

IQAC in collaboration with the Committee for Training Program of Non-Teaching Staff arranged a webinar titled, 'Office Automation.' Ms. Keya Mukherjee, Office Superintendent, Maniben Nanavati Women's College, Vile Parle addressed the support and administrative staff on 6th Feb, 2021. The virtual session involved training the support staff. The resource person acquainted them with Digitization as an integral part of an organization and how optimum use strengthens the overall workflow.

On 13 February, 2021 *Future Ready Learning Solutions* in association with IQAC, Wilson College organized a webinar on 'Investor Awareness' for teachers and support staff. This webinar enlightened the participants with a few important aspects like difference between investing and savings, impact of inflation and tax saving. the Career Counselling Cell and IQAC, Wilson College, Dr. Vasudevan T.G, Department of Biotechnology, Manipal School of Life Sciences, Karnataka interacted with Final year B.Sc. students on 19th March, 2021. He spoke about postgraduate courses offered by Manipal Academy of Higher Education (MAHE), along with their eligibility and format of entrance examination.

The IQAC took the initiative in the successful implementation of the College G-suit domain as the LMS platform for online teaching during COVID-19 Pandemic.

With the CAS committee, successfully completed the Career Advancement process for ten teachers in March 2021. A four-day workshop on 'Outcome Based Education and Assessment' was organized by IQAC in collaboration with AMC from 22nd April 2021 to 26th April 2021. The resource persons threw light on how the OBE empowers students to take more responsibility for their own learning and supports greater student engagement with the curriculum and student-centric approaches. In this workshop, teachers learned designing and attainment of Program Objectives, Program Specific Outcomes and Course Outcomes for each course.

IQAC has contributed in the preparation of the Best College Proposal of the College which has been submitted to the University of Mumbai and also College Autonomy proposal in this academic year. The AQAR 2019-20 preparation is in progress by IQAC and it will be uploaded on the NAAC portal very soon.

Political Science Association

The Political Science Association of Wilson College was established in 1992, it is one of the most dynamic and active body in the college since its revival in the academic year 2017- 18. Despite the specificity of its name, the association is all-inclusive and provides a wide scope for students across departments for increasing their political and social awareness and creates exposure to diverse perspectives. Due to the ambiguity of the pandemic, an interim committee was formed in July comprising of Sana Khan, Aniruddha Phadke, Disha Waingankar, Samiksha Baikar, Rahul Singh and Palaak Agrawal from third-year BA and Rohit Gupta from second-year BA. The interim committee conducted various activities and sessions from July to November 2020. PSA has been an elected student-led body in college. This year PSA enrolled 115 members and then elected the key position holders of the association which are of President, Vice President, Secretary, Joint Secretary, Treasurer, and we introduced a new post of Social media and PR considering the online academic year and digital media being one of the key points of communication due to the pandemic. Elections were conducted online using googleforms on 18th November 2020 following the pattern of first pastthe- post with Ms Asilata Karandikar as Chief returning officer and Ms Shruti Sinha as external returning officers. The members elected were : President - Sana B Khan, TYBA, Vice President- Aniruddha Phadke, TYBA, Secretary - Disha Waingankar, TYBA, Joint Secretary - Rohit Gupta, SYBA, Treasurer- Keisha Singh, FYBA, Social media and PR- Samiksha Baikar, TYBA and Atiya Memon, FYBA

The members have strived to uphold the aims of the association i.e Online Activities (as part of the interim committee- July 2020 to November 2020) PSA commemorated the 100th

Birth anniversary of Tukaram Sathe and the 100th death anniversary of Bal Gangadhar Tilak on 1st August 2020. The session was conducted by Prof Sudhakar Solomon Raj. In addition, Ms Meghana Abhyankar performed a 'powada' to mark the day. PSA celebrated Independence Month in August with various activities like poetry competition 'Azadi ke alfaaz' on 5th August; winners were :1st- Akshita Sharma for 'Aakhri Khat' 2nd- Anamika Gupta for 'I have a munia(Is freedom real?)', 3rd- Aniruddha Phadke for 'Yes I am a man' . A Quiz competition as part of Independence month was held on 12th August on the theme of the Indian freedom struggle with 5 different rounds; winners were :1st - Anamika Gupta, 2nd Soumiya Pabba and 3rd - Satyajee Gade. PSA organised four film discussions on the theme of Independence Films - 'Vasudev Balwant Phadke' on 13th August, 'Pinjar' on 17th August 'Court' on 24th August and Documentary- 'Stories my Country told me' on 20th August. An interactive session 'Interpreting Independence' by Shalini Gera who is a legal aid lawyer in Bastar and works on tribal issues, was organised on 15th August.

Student participation is an important part of policy discourse therefore the association also organised a discussion forum on The National Education Policy (NEP) to discuss various aspects and understand different perspectives of the policy which is meant to revamp the education system of the country. Know the countries series was also undertaken - To commemorate the completion of 75 years of United Nations' occurrence, PSA's interim committee ran an informative series from 1st to 31st October through the medium of WhatsApp and other social media handles. This series incorporated various aspects of a country. Information of every country was shared which was covered in the series, the excerpt and the posters consisted of the country's name, flag and date of independence from foreign rule. Additionally, it also consisted of some interesting facts about the particular countries. Maps and articles associated with the country were also shared to formulate a detailed understanding of the socio-political scenario of these countries. Some of the countries covered in this series were Tuvalu, Guinea, Chad, Lesotho, Marshall Islands, Nauru, East Timor. Sao Tome and Principe, Trinidad and Tobago, Burkina Faso, Senegal, Saint Vincent and Grenadines, Belize, Kyrgyzstan, Djibouti to name a few. 25th of October which marks 75 years of UN's existence we held a student discussion on the United Nations on matters of reforms, changing role in the world order, and role during the pandemic. The discussion was moderated by alumnus Vasu Sharma. On 29th October

we organised an interactive and informative session on Breast Cancer Awareness, October is marked as breast cancer awareness month and this session was one of the first initiatives taken by PSA towards health awareness and care. The session was hosted by The Pink initiative's founder Dr. Sumeet Shah and Co-founder Ms. Ujwala Rane. They familiarised us with the symptoms, initial care, taboos, tests and treatments associated with breast cancer. On 8th November PSA Organised an interactive Discussion on India and SAARC relations focusing on its relevance, future and how the cooperation between the South Asian countries is crucial for the changing world order. The discussion was moderated by alumnus Soham Joshi. Activities (as organised after elections on 18th November 2020) One of the core principles of the association is to always accommodate intersectionality, PSA celebrated International Men's Day on 19th November 2020. Students, alumni, colleagues and friends shared their views on gender roles, men's rights, their participation and portrayal in everyday society. The response was overwhelming and included articles full of sorrow, realistic poems, and anecdotes that brought forward the plight of men in this overbearing culture. The topic was discussed a lot and continued as WhatsApp forwards, posters and Instagram stories, and messages on Twitter and Facebook by the committee, this being their first activity as an elected body. On 26th November, PSA celebrated Samvidhan Divas and commemorated 'constitution day' by activities for 3 days. The first activity was acknowledging the lesser-known contribution of the 15 women in the making of the constitution. To name a few Ammu Swaminathan, Dakshayani Velayudhan, Begum Aizaz Rasul, Annie Mascarenhas and Sarojini Naidu. The next day we shared various informative articles and videos related to the constitution, its history and facts through the medium of WhatsApp. PSA published 'Thoughts on the values of the constitution. The values which were covered, 1. Justice 2. Equality 3. Liberty 4. Fraternity, on 28 November 2020, continuing the spirit of celebrating our constitution. PSA believes in principles and ideals of democracy, the association strives to raise concerns and its voice against denial of human rights and stands with the rights guaranteed by the constitution, therefore the association released a statement in support of people who were peacefully protesting against the enacted farm laws and condemned the use of state brutality towards them, 30th November PSA released a statement on its social media observing World Human Rights Day on 10th December 2020 raising concerns of climate change, denial of rights due to biases, prejudices,

caste, religion, gender, poverty, war crimes among many other issues. The association believes that its high time we treat people with equality and we create safe spaces for discourse. The fourth edition of Human Rights week was postponed to January 10th.

On 27th December a webinar was organised with the organisation Wildlife SOS on the Rights of Animals. The webinar was conducted by Mr Wasim Akram, Deputy Director of special projects at wildlife SOS, who raised issues related to animal welfare and its protection, human-wildlife conflict and ways for youth to contribute towards the betterment of wildlife. The fourth edition of Human Rights Week was celebrated virtually this year from 10th to 16th January 2021. On Day 1 of Human rights week, PSA organized a session on 'Survivors of Landmines and Disabilities' by Hussain Ahmadi, who himself was a landmine survivor. The speaker raised issues faced by the people who have disabilities and the challenges they face in the public sphere. PSA organized a session on Day 2 of Human Rights Week on the topic 'Critically Evaluating Farm Bills'. The Speaker for the session was Mekhala Krishnamurthy, who is an associate professor at Ashoka University. The session was organised in an attempt to understand the newly enacted farm bills, the concerns of small and big farm owners and the role of society. On Day 3, PSA conducted an interactive and informative session on 'Covid and Healthcare in India' by Sunila Dixit, who is a research analyst at Takshashila Institution. She gave detailed insights into health infrastructure in India. The speaker also raised issues of ASHA and migrant workers during the period of Lockdown. The session was held in collaboration with the Rotaract Club of our College. On Day 4 of Human Rights Week, PSA conducted its annual essay writing competition. The theme of the competition was 'Right to Education. Giving voice to everyone has always been on PSA's agenda, and students being at the core of the education system were given a chance to share their thoughts on the right to education. The competition winners were -1st- Rishikant Brahmpuria, 2nd- Shrutika Wadkar, 3rd- Ankita Dubey. On Day 5, PSA organized a workshop on 'Gender in the Digital Realm' by Purnima Singh, who is a content strategist at Feminism In India- FII. During the session, critical questions were asked by the students on intersectionality. The lecturer gave new dimensions to the ideology of Feminism. She also talked about the harassment faced by women online and the ways to curb it. On Day 6 of Human Rights Week, PSA conducted a session on 'Data and Democracy'. The speaker

for the session was Varoon Bashyakarla, who is a data scientist in Berlin. This became PSA's first session where an international speaker was invited to deliver a lecture. The speaker emphasised how apps collect data and use it for other purposes.

On the last day of Human Rights Week there was a student discussion on 'Climate Change and Human Rights'. Students discussed the issue of island countries which will be completely submerged by the end of the century due to climate change. Following up on the 'Know the Countries' series, PSA in collaboration with the Sociology Department organised 'Know the states and union territories' series from 1st to 31st January 2021. An excerpt with a poster was shared in various groups on WhatsApp, Instagram, Twitter, Facebook handle, covering various aspects ranging from geography, achievements, history, state disputes, political movements, economic performance, trade balances and much more. On 20th February 2021, PSA commemorated World Day of Social Justice. The main objective of observing this day was to raise a voice against social injustice and to bring awareness among the various communities towards existing systems of injustice like poverty, gender and physical discrimination, illiteracy, religious discrimination, and attempt to create discourse towards a socially integrated society. March 3rd is recognised as World Wildlife Day, PSA commemorated this day by sharing artwork made by enthusiastic participants, consisting of drawings, poetries and thoughts related to nature. On 6th March, Watch and Tell, an interactive workshop competition was held, it was the 6th event in the Gender Prism series that the Department of Sociology had organised. PSA and the department of sociology collaborated for this event. It was an interactive event where participants expressed their thoughts and views about how to make society more gender-inclusive. On 8 March, we celebrated women's day with reviews on authors, books, and movies based on the theme of women's empowerment. Participants shared their perspectives and interpretations regarding the theme. The entries were shared on various social media handles. On 14 March 2021, a session on the theme of internationalism was organised. Resource person Ms Vandana Bhatia who is Consulting Editor on the Indian Foreign Policy at the Kootneeti delivered a lecture on 'The Biden Administration and the future of US-INDIA Relations', she gave the background of Indo-US relations after India's independence. She talked about the era of missed opportunities when India decided to stay

neutral during the Era of the Cold War. She also talked about the role and importance of the Indian diaspora. On 04 April 2021, following up on the theme of internationalism a session on 'Assimilating Africa' by Dr. Shaantanu Shankar was organised.

The session covered the Indian - African relations over years, vaccine diplomacy, Indian and Chinese investments in the country and the state of human rights there. On 11 April 2021, a session on 'Caste, Gender and Profession' by Nidhi Dugar Kundalia was held, based on her two books, i)

The lost generation, ii) White as Milk and Rice. 'The Lost Generation' revives the legacy of India's 11 dying professions - the Godna Artists of Jharkhand, the Rudaalis of Rajasthan, the Genealogists of Haridwar, the Kabootarbaaz of Old Delhi and so forth. White as Milk and Rice' sheds light on six isolated tribes of India. Both these books bring some of the overlooked and uncommon facts of the Indian population into public discourse. On the occasion of Maharashtra Day, 1st May 2021, PSA

conducted a quiz competition through google forms, the questions covered the essence of Maharashtra's history, culture, traditions and some facts about the state.

Winners of the quiz were -Anmol Jhadav, Sejal and Aakash Desai.

Upcoming and Tentative Sessions, Activities :16th May 2021, PSA plans to have a Workshop on Resume building by Prof. Shivani Gohil from St. Xavier's College, Mumbai. As students of Degree college who are set to embark upon the journey in the 'working world,' an articulate resume becomes important. To mark World Environmental Day on

5th June 2021, PSA plans to schedule a session around the theme of environment. The session will be conducted in collaboration with the college Nature Club. 29th July 2021, PSA in collaboration with the Nature club, will be celebrating World Tiger day. PSA has scheduled a session 'Roar' with Nandini Velho who is a trained field biologist with a master's degree in conservation biology. She is the recipient of the Wildlife Service Award (2015).

Over the academic year, PSA has had 5 general body meetings through the Google meet platform, including one with students from the Sociology department and 25 Core committee meetings on the same platform to plan various activities

PSA's core committee further expanded the social media with vibrant posters, stories, slides on Instagram, Twitter, Facebook and an extensive blog for this year's activities was also maintained and updated with records, reports, statements. Articles, poems of winners from various competitions are also shared on the blog. PSA has been able to have an eventful year despite it being a completely online mode. Social Media Activities Fact-o-clock, a series of quick facts on the theme of Right to Education was shared on official social media handles of PSA on January 13 as part of Human Rights week PSA on its Instagram organized a quiz competition on Republic Day based on various facts about the constitution, republic day and its significance. Another quiz was organized on Instagram on the theme of the Union budget, its history and lesser-known facts to acknowledge the declaration of the union budget on 1st February. PSA shared some informative facts, myths, self-examination techniques on different types of cancer in acknowledgement of World Cancer Day on its social media on 4th February. PSA commemorated World Social Justice day i.e. 20th February by sharing the idea of justice in an inclusive state. On the eve of World Wildlife Day i.e. 3rd March, PSA shared artworks of various participants on its official handles and shared interesting facts about wildlife. In a Dibble for Dibbles

My grandma's home was in a tranquil village. Every once in a while I hopped in there for the relaxation I couldn't find in the city. Her home being in intimacy with the beach, bestowed me comfort.

One morning, as I was peacefully eating my breakfast I heard a commotion in the backyard. Gran came stumbling from the back door. As soon as she entered my gaze halted at the marks on her apron. I noticed further that she was gasping and there her left sleeve was torn from the shoulder. "Oh my goodness, what happened?"

She leaned back on the door and wiping the sweat off her forehead, she answered, "It's the cats again. Your wildcat and Mrs Hutchinson's do NOT get along." Then in an agitated tone, she continued, "Didn't I tell you that already, a hundred times! Now, look at all my goats, they are trembling to death! My entire farm is ransacked!"

She indicated towards the barn with both hands as I sat there unable to think what to do. Thankfully, Gran started shouting again, and that saved me the trouble to think.

"Now, listen young lady, you coming here every month is fine. But if you ever bring THAT wilderness along with you, consider yourself cut off from me, FOREVER! Now, get hopping and find that cat of yours, and never unleash it, EVER AGAIN! DO YOU UNDERSTAND?"

The answer exited my mouth faster than my reflexes would have allowed - "Yes ma'am. On my way." Saying that I ran out of her home from the back door with an apologetic face, ignoring her intense stare to burn me.

The situation was quite worse. The hay was scattered all over the place, few milk cans had spilt over and considering the scratch on one of the goat's furs I concluded that my vegetarian cat wasn't interested in veggies any more. I looked around to leash her, but I couldn't find her around. I glanced around the goats, near the hay, under the tables, around a tractor - but it was all in vain. I even uselessly searched around the milk cans knowing that, that would be the last place she could hide since she is lactose intolerant.

"Are you searching for Dibbles?"

I turned towards the voice to see my neighbour Mr Hutchinson's daughter, Laura, leaning on the fence dividing our home from theirs. She was a cute little 9 years old, who loved playing pranks. I was always cautious around her.

"Yep, I can't find her," I confessed, "Gran, said that she had a pretty nasty quarrel with your cat?"

"Oh yes. That was quite a racket."

I was reddening with shame now, "So did you see my kitty after that? She doesn't seem to be around here."

"I thought so. My cat is missing too. They might've gone to the market you know... Daddy says the fishermen brought in some tasty big fish. Our cat loves fish." Her eyes, for some reason, were gleaming when she said this. I decided to ignore it.

"Look my cat is vegetarian."

"That's weird, the goats tell otherwise."

Okay, now for a 9-year old she was pretty observant, which was irritating. I decided to rephrase my last line. "Yeah, I thought she was. I mean I have seen her detest non-veg. Whatever the hell happened with the goats, I don't know."

"Then checking the market wouldn't be a problem, right? You can borrow Daddy's bike to go there."

She pointed at her father's bike and left. For a 9-year-old, she had a big mouth, but the girl had a point.

I grabbed that bike and rode straight towards the market. A cool breeze was flowing, bringing with it the scent of the fishes as I got closer. I saw some boys playing with rubber tyres, just like I used to, in my childhood. I scolded myself to focus, Dibbles could hide anywhere easily, due to her black and white fur. I eyed every alleyway and corner like an idiot while slowly riding the bike, leaving no place "ungazed". As I entered the marketplace, I wished to leave almost immediately due to the unbearable stench. I parked my bike in a corner and walked. On both sides of the street were vendors selling different things, but mostly food. I bent

and peered under the carts for Dibbles. The wind continued, which would have been more appreciative if it didn't smell of fishes. She wasn't there under the fruit cart, no sign of her under the vegetable cart. Although I was convinced she was vegetarian, I still looked under the butcher's cart, despite the ache in my knees from bending. No sign of her there. As I stood up, the butcher threw a wad of fat my way, to be exact, on my face. He quickly apologised but I, half-listening continued on my kitty quest.

I was stinking as I returned to my parked bike. It was almost noon by now. And I was hungry. I decided to try one more place before going back home. I got on the bike and rode towards the beach, where I had taken Dibbles numerous times since I came. She enjoyed herself in the sand. As I rode, the breeze was more fresh and clean, with the smell of salt that I loved. I passed some coconut trees with a strong fragrance of freshly cut coconuts. It was a pleasant atmosphere. I kept an eye though, but Dibbles wasn't anywhere along the way. After I halted, the wind hit my face, giving me the energy I needed. It was almost afternoon, but the sky was cloudy and it looked like it would rain any minute. Yet I walked on the shore, looking up ahead, it was clear that Dibbles wasn't here. I still wandered for some calm before the pending storm of finding her again. The sand was cool, I realised, I was barefoot.

I remembered it was a rainy day when I bought her. I wanted a Scottish Fold for a long time, and mum wouldn't allow pets in the house. So I bought her instantly after moving out. She was a playful pet. I thought bringing her here would be a good idea. But her idea of "good" included violence and threats to eat the animals around the farm. I continued strolling when some boys came running towards me. They were the same boys who were playing with the tyres earlier, I realised. As they reached closer, one of them asked, "Hey, Laura said your kitty was missing. We almost saw a black and white cat near the coconut trees."

My eyes widened with bliss, "Really?"

"Yep, she was wandering near the coconuts, come we will show you."

"That's great!"

They began towards the coconut trees with me at their heels. We entered the serenity of the trees, and after walking a few steps more I slipped and down I went with a thud in a trench, straight in the water. It was deep because I almost drowned. The water was cold and I struggled but I swam up

and was still panting when I heard the boys burst into a fit of laughter, with some pointing at me. I was raging, "You! I will kill...Ouch!" I tried climbing back up but tumbled again due to the moist mud. Their laughter became louder now.

I was still hyperventilating due to the sudden cold, trying to drag myself up when someone came running for my rescue. It was Mr Hutchinson, Laura's father, Gran's neighbour. Seeing him arrive, the boys escaped. Looking at me, Mr Hutchinson's expression changed from anger to pity and he extended his hand for me. I grabbed hold of it and he firmly pulled me up with no effort.

"Sorry for that honey, these boys are getting more mischievous each day! Are you alright? Hurt anywhere?"

I thought of Laura's pranks, and how they were increasing each day too, but didn't bother to mention it.

"No Sir I am fine. Just dirty, but not hurt. Thank you for your assistance, I needed it." Saying this I realised that all the etiquettes of dressing my Gran taught my mum, and my mum taught me were in vain. Here I was stinking and wet in front of a respectable man. My face was greasy and my clothes were wet and had sand glued to them.

"Oh, that looks like my bike." He said looking at his bike I parked near a tree.

"Um, it is your bike Mr Hutchinson, Laura offered it to me because I had to search for my cat Dibbles in almost the entire town. I hope you don't mind."

"I see. Oh no, not at all a problem dear. Why don't you ride back home, you might need some... rest", he said in an unsure manner after glancing me up and down and continued, "and also our cat has returned, so yours might come along too!"

"Thank you, Mr Hutchinson, I hope so. I'll see you around." Saying this shamefully, I fled from there as quickly as possible. I quickly rode back home, not looking anywhere for fear of someone recognising me. As I reached back at my grandmother's farm, I parked the bike, making a mental note of cleaning it after showering myself. When I heard the little voice again. "Hey, there you are, it's afternoon. What took you so long?"

I turned to see Laura observing me up and down with curiosity. I snapped to stop her observation, "It's a long story, forget it. Anyhow, I heard, your cat came back?"

"It did, and yours too, but..." Mid-sentence, her voice faltered and she looked down.

"But what?" Meekly she mumbled, "I think yours might be dead."

My blood rose to a boiling point and I screamed.

"WHAT ARE YOU SAYING? WHERE IS DIBBLES?"

She whispered in a fearful tone, "Just calm down, I'll show you... Come."

I followed her to her house's barn, just beside the common fence. She brought me to a corner and I hurriedly looked around for any sign of her, when she walked under a table, her height being small, and then, MEOW!

A ragdoll, not mine, jumped on my face and started scratching me vigorously.

"Ow! Ouch! Stop it!"

The cat's claws were large, and its nails dug deep in my cheeks. It was meowing loudly at an alarming rate. I realised the cat was scared too, after being thrown suddenly by her owner on a strange face.

Laura's mum came from somewhere like an angel while this havoc was happening on my face and pulled that cat away from me. I was lying on the ground and a goat was staring down at me, with its mouth full of hay. Mrs Hutchinson helped me stand up, and I leaned on the fence, while Laura couldn't stop laughing. My face hurt so bad. I was sure I was bleeding. Parts of my cheek had gone numb due to the sudden pain. I tried touching the scratches but they only stung more. Mrs Hutchinson gave Laura an unnerving look before bringing me a wet napkin. As I patted it to my face, she furiously lectured Laura on manners.

"Is this the way you behave with guest Laura! This is unacceptable! That poor lady was trying to find her kitty, instead of helping her to hurt her even more! Look at her face, look what you did young lady! This is NOT funny!" I could see that that little devil was trying to control her laughter all along while her mum scolded her. Then after not controlling herself, she ran inside.

Mrs Hutchinson turned to me and apologised, "Forgive me for that dear, I promise Laura will get a nice punishment!" She shouted the last part for Laura to hear inside.

"Really, darling, extremely sorry, why don't you come inside honey, I'll apply something to those scratches."

Thinking of that 9-year-old devil inside I answered reflexively, "No no, thank you, ma'am. I'd rather go home and take a shower. Gran will help me with the scratches."

"Are you sure dear?"

"Yes, absolutely ma'am. Thank you for your offer, I'll see you later okay."

"Alright dear take care."

I rapidly walked back to the house. Grandma, fortunately, forgot all about cutting me off from her assets and quite frankly, she threw me in the bathroom to shower. In the shower, I almost cried for not finding my kitty. The warm water of the shower only stung my wounds more. After showering, Gran applied some ointment on my scratches, which was a relief. Her soft hands combined with the cooling sensation I got from the gel was quite soothing. Despite that, I mentally bid farewell to any parties I might have to attend in the upcoming weeks.

I decided to make some tea. There was no milk anywhere in the kitchen. I asked Gran to which she said, "All the milk I got from the cows was spilt out in the morning remember? Why don't you milk some from the cows, I would like some tea as well. There won't be much milk left now, but still, give it a try."

"Didn't you have lunch Gran?"

"I did dear, but who doesn't like some tea?" I almost decided to say that everyone likes tea but making tea means I need to take double efforts.

I walked into the barn and sat down and started milking the cows. I noticed the can which had spilt earlier had some trickles coming out from it, going towards the goats. But goats don't drink cow milk.

I got up slowly, thankful that my knees had the energy and walked up closer to the goats, to recognize, a non-vegetarian black creature with white spots, with milk dripping from her whiskers, whom I thought to be lactose-intolerant, camouflaged among the black and white goats, licking and cleaning off the mischief from herself.

In a world where the Glass Ceiling approach towards women is nothing new, the Glass Cliff phenomenon, where women are more likely than men to be appointed to leadership positions that are precarious has turned the table for many. Numerous studies from the 'Economic Crisis of 2008' show that banks and countries with female leadership suffered less than others. Data shows that when women get into positions of power they prioritize issues that have been sidelined, like clean water, sanitation, health, stronger health care systems - all cornerstones to keep away the Covid-19; and Amy Batson, the executive director of Women Lift Health made this very clear in one of her talks with CGTN America.

Jennifer Curtin, who is a public policy academic at The University of Auckland has articulated in one of her public talks on YouTube on how the pandemic brought into light the prompt action taken by Women leaders of multiple countries which proved crucial in controlling the spread of the virus and a lower death rate. In several parts of the world where women leaders are scoffed at, this revelation comes as an eye-opener.

Another example of good leadership and foresight was reported by the DW News, about the Taiwanese President Tsai Ing-wen, who took lessons from the 2003 SARS outbreak and implemented an early ban to travel in China, did health screenings and increased the production of face masks in the country.

Kate Ferguson of DW News, in her talk on Gender Politics, highlighted the significant steps that women leaders have taken. She gives examples of Jacinda Ardern, Angela Merkel, Silvera Jacob are few names from the list of women leaders who decided to fight early and fight hard the Covid-19. Right from scientific, straightforward, and data-driven measures, they maintained an empathetic approach while communicating with their people.

Women-led countries of Norway, Denmark, Finland, Iceland, etc. ensured early self-isolation of traveling citizens, a ban on travel to China, having a 'Focused on Economy approach' by introducing Emergency measures to counter the Covid-19 impact, even after a cut in paychecks they ensured that the salaries were paid on time for the government as well as private employees, so that mass unemployment and its related problems are prevented.

These leaders are hailed for their 'No Nonsense' approach towards preventive measure at the same time constantly being in touch with the people through social media, quoting statistics of the worst-case scenario, presenting unadulterated facts (unlike Donald Trump who claimed that the disease would just disappear) they proved to the world over and again that 'Crisis and Politics management is not to be feared by women'.

These women leaders took novel measures, made decisive decisions, engaged with science, and explained concepts to laymen as Merkel did in one of her press conferences. In all of these events, Norwegian Prime Minister Erna Solberg did something very unprecedented with won hearts around the globe. She conducted a press conference, specifically for children to answer their questions and to help them and their families to process what's happening in this pandemic.

In a world where very few countries are led by women, a contrast was observed between hyper-masculine male leaders and emphatic, resolute women leaders during this pandemic. A full-fledged human being is an ultimate balance between the masculine and the feminine, yet we are living in a world where our ideas of success and well-being are overwhelmingly masculine.

Collaboration, empathy, focus, and evidence combined with decisiveness have been the central pillars of the 'Female-led administrations'. Their brilliant communication skills, public messages, engagement with science, bringing more feminine traits into the practice of handling the pandemic successfully, has defied the overbearing patriarchal, ineffective ideas of successful leadership. We need to stop asking women to be like men and let them emerge as a new 'Normal' where women's leadership is a norm and not an exception.

Hillary Clinton has rightly said - "The Future is Female".

Imagine, you're on a trek and now after walking for hours, you have finally reached the top of the hill or mountain. How does it feel? Are you aware of your whole body- a racing or slowed down heart, little tickling in the stomach (especially if you are afraid of heights), tiredness from walking, probably pain in your legs? Can you see and feel the *environment* – the trees, monkeys (most probably they would be there), the wind that's wild trying to take away your cap, and people? Can you identify what you're *thinking and feeling* – it could be "Wow! What a beautiful view!", "I did it finally! I climbed it!", or the opposite: "Did I walk so much just to see this?"; feelings and emotions could be a relief for reaching safely, happiness, fear (if you're afraid of heights), proud for making it through, among many others. Also, do you feel a gentle sense of peace and love within you?

What you just read is an example of you having experienced 2600 years old Buddhist practice called mindfulness. It is maintaining a moment-by-moment awareness of our thoughts, feelings, bodily sensations, and surrounding environment, through a gentle, nurturing lens. Essentially it is experiencing the moment completely, with no place for past experiences nor worry for the future being.

This 'being conscious' of the moment as a practice is very difficult to cultivate because our minds love to wander and ruminate. Initially, it can be quite overwhelming as we do not know how to be in the here and now. Research says that this practice of being consciously aware of the present moment can lower down stress levels, strengthen immunity, help cope with pressures, expectations and unpleasant emotions, develop acceptance and resilience, improve memory and attention enhancing decision-making skills, build self-compassion and

relationships, develop a secure self, and reduce the biases that we carry. It also reduces the grey matter in our brains and helps develop a healthy brain, heart and body.

A word of caution here is that practicing this technique, in the beginning, can bring about tiredness, sleepiness, boredom, and excessive thoughts while doing it. Also, sitting down and doing it in a meditation-like practice can bring about memories and emotions that are difficult to process. However, being present does not require you to meditate, we can't spend the whole day sitting like a sage, right? There are a lot of ways to practice this - you can do it while you're walking, playing or even talking to someone, washing dishes, gardening or reading by being aware of your breath, keeping a note of thoughts (remember that they are not realities!) and reminding yourself to come back to the moment if your mind starts wandering. A simple clap, snapping fingers, tapping feet, or saying yourself 'be here' works for me. Relaxing your body physically and feeling the emotion that arises will help you make each moment count gradually.

At last, there are various types of online sources available to cultivate this practice of being in the moment consciously. In a world that can't stop stimulating, let's celebrate our presence by being in the present!

A girl sweet and kind girl called Siddhi, lived in a small but charming town in a remote place. She lived in a joint family; where she was loved by one and all. Siddhi had many interests like skating, cycling, swimming, music, and painting, it was difficult for her parents to find places where her hobbies and interests could be developed. Her father was a businessman, who wanted to take up his work in a big city.

With time the town had started to change day by day, the place which her family loved was slowly turning into malfeasance so her parents decided to send their two children to another place, which was safer and where they could provide them with all the facilities at one place: a hostel. Siddhi was the younger child, and it was too soon to send her, so the parents decided to send her elder brother, Hritik. Whenever Hritik returned home for his vacations, he filled Siddhi's ears with interesting details of his hostel life, which was till then a place only in her fantasy. Time elapsed and soon she was old enough to stay in a hostel as she was in the seventh grade. She had waited for four years to have the experience of living in a hostel!

Her parents drove her to the place that would be a temporary home. As she moved around she only saw greenery everywhere and the views were enhanced by the mesmerizing presence of a peacock dancing. She learned that the place is well known for flora and fauna, and that touched her heart. Siddhi always wanted to live in a place open, wide, and close to nature, a place where she can learn anything and everything – the atmosphere was perfect for that! So she was determined to do the next favourite thing – make as many friends as possible.

She saw her parents leaving, but her sadness was overcome in few seconds as she saw everyone going towards the hostels. She looked up at the tall impressive hostel buildings, that were once the home of kings and queens, and which later was converted to a residential school, so they were surrounded by old yet fine

architecture. She went to her dorm, unpacked her luggage, and chatted with her new friends and roommates. Soon they headed toward the mess, where the food was delicious – something that came as a real surprise to her. Every day it was exciting to guess what would be on the menu, and her thoughts were always happy ones.

The next morning started with a morning workout, followed by a healthy breakfast and while enjoying it all, she realised she was running late on her very first day. When she entered the class, she saw many welcoming faces including those of the teachers. The first day in the school was great, soon the bell rang and everyone was out of the teacher's sight within seconds. She had lunch with her new groupies, went back to the dorm to rest for a while until the matron came and broke the news that both morning and evening sports were a compulsory part of every student's schedule. Siddhi was someone who would play all day but not if it was made mandatory. It was difficult for her to choose there were so many options like basketball, tennis, volleyball, badminton, and many more. So she decided to give each game a week. Everything was going as her plans- her academics and every week a new sport, but it was time to choose a single sport and get her name registered. She chose tennis.

Few months passed and the holidays were approaching, she heard a teacher talk about a round square conference. She had heard about it but never attended one, so as for a first timer she agreed to participate. She went to Nainital accompanied by four of her friends and a teacher. That experience taught her a lot of new things and including about the conferences.

Another year began - few changes that she experienced were like the next step in academics, some new friends, and a new interest in sports that was athletics. The athletics field was across the tennis court, so she went up to the coach one day and asked to join. He pointed to a line of fifty students and asked her to go for a run with them. After a few weeks, Siddhi was told to join the team for the workout, and now she was a team player.

Every year of her hostel life was special but the year she was moved from junior hostel to senior hostel was even more so; her batch got a touching farewell from their juniors.

Siddhi was in ninth grade, and the workout on the athletic field continued for weeks and her willingness to do more workouts ensured a spot for her in 'The Team'. Then one day the coach informed her that now that she was on the Team, she would have to do the 'Hammer Throw'. Siddhi was confused "What is the hammer?" She was ordered to bring it out of the Equipment Room and she had to drag it to the field. She learned to hold and throw it across the field for the next couple of months. Though this was something unusual and left her body very sore, with practice and proper guidance, she was already like a loaded bullet waiting to be fired. And with this came her first field competition. Though she didn't win, she did her best, and her coach and others were impressed with her perfect technique. That day when she went back to her hostel, she resolved to begin practice for more competitions and tougher challenges.

Siddhi's talent in sports was known to everyone but she had another hidden talent which she discovered after joining the hostel: acting. There was an inter-house drama competition, where she volunteered to help with the props. But when one of the actors fell ill, she was asked to substitute for the rehearsals. The teacher observed Siddhi and felt that she could be given a part in the play, and so she got a role.

Siddhi stayed in that hostel till her tenth class and got to experience Round Square, MUN (Model United Nations Conference) and Inter-School Sports competitions, Drama, and many other things.

After this, she shifted to another hostel which was much bigger and set in verdant surroundings. Here too

she saw peacocks dancing every morning. She liked to take a round of the campus in her free time and made a new batch of besties. She continued to compete in the very same sports that she had been participating in for all these years. But this time she did not return empty-handed, she broke the record and bagged a gold medal in the hammer throw competition. That day when she returned to the hostel she saw a banner congratulating her, outside the school building, the following day there was an article and a photograph in the newspaper, and her achievement was posted on the official website of the school. The gold medal, enabled her to get selected for the national hammer throw competition, though she did not gain any position, it was a great experience.

Siddhi continued with her interest in Drama, auditioned for a play, and got the lead role. In the twelfth, she decided to be on the student council; participated in the school elections, and got selected as the school sports captain. One day, as she sat in the sports field, and thought about how much she had grown, for someone who was not a sports type person to gaining so many achievements there, overcoming stage fear and stammering problems to getting a lead role in the annual plays for two consecutive years. With so much going on, she did worry about the board exams that year. Her teachers held extra classes for her and friends helped her with her studies, especially her best friend Lata. She got good grades. Though hostel life did have its ups and downs- she had fights with her friends many times which were similar to the ones in Big Boss house, but Siddhi always knew a way to be back together with her hostel friends.

The happy and enriching hostel life ended after the twelfth exams, but the wonderful experiences from there will always be in her heart.

I wake up feeling a bit nostalgic as a memory tug at my heartstrings amidst the fog of my countless thoughts. I recall how I used to spend hours at my friend's house in the summers, playing games that kids these days hardly know about. Thanks to social media I can contact her from anywhere. I text her but I wonder if this would ever be equivalent to the equation that we shared in the past. I wait for a reply but I am not patient. This is what social media has done to us. So, is social media a boon for us?

Let's begin at the beginning. As Mark Zuckerberg stated, social media platforms were created to make the world more open and connected and give power to the people to share whatever they want with whoever they want. But soon enough as everyone started to have access to technology and these platforms began to grow inexorably, the companies' aspirations changed. These platforms began to be programmed to be more addictive and keep people hooked to their content by making algorithms to entangle them in the web of unlimited information access. And who got exploited? The people who created content and those who consumed it. "The ancient struggle was a struggle for survival. But the modern struggle is against the diseases of abundance. We are all overexposed to everything and if you get addicted, your brain will be destroyed. That's the modern struggle." (States Naval Ravikant)

Researches have constantly pointed out that unconstrained use of these sites may lead to anxiety, stress and depression.

It also leads to fragmented attention span, a cause of concern for the next generation who are given access to it without any restrictions. Cybersecurity concerns have also arisen in recent times. Cyberbullying exists because anonymity gave the freedom to spit out the negativity, hatred and envy which we aren't allowed to acknowledge. We need to make an environment that preaches healthy online behaviour and allows us to acknowledge our negativity and learn from it for the betterment of society. Spreading communal hatred, misinforming and spicing up stories to sell became an inevitable part of the network, as we saw in the case of the US elections; violence was incited and people were largely misguided. The companies introduced new policies and rules only after people burst with anger. And their motive lies in inciting people.

Though the internet has allowed small businesses to flourish massively and everything is made available to us so quickly, we have to define a line of control. The pace at which we are 'developing', is it development or depletion and stagnation of our resources? To have a limitation over what we have access to is important for us to grow. We need to adapt to the system with a correct approach and set our boundaries while using these platforms.

Thanks to these social media platforms, I could formulate this essay and also get distracted quite a few times because I was unsure of the next few sentences now and then.

Turning blind at the age of five due to a disease was the worst thing that happened to me and it ruined my childhood. Especially when you have caught a glimpse of all that there is to see, it's like getting a lick of an ice cream and having it taken away from you. It's been fifteen years since, and I have got used to navigating my way through life, thinking that I have actually done pretty well for myself, getting my

other faculties and abilities to get honed to a maximum. I think about things that are bigger, much bigger than my problems and myself. I have come to realise that the universe does not revolve around the mere specks that we humans are, just because we have survived seven million years and a few apocalypses on this planet, but my thinking is in contrast to what many others think.

Despite having the intelligence and ability to be so much more, we choose to have it all at the cost of our environment. In today's world people are so stressed, bogged with work and crushed under mental health issues, and so, what is the first thing we do to get some serenity? We run to the mountains, beaches or forests. Because that's who we are, by default it is in our system to be true to ourselves and seek a certain kind of freedom from our overwhelming lives. Escaping into pristine nature gives us so much tranquility and peace, and puts us in the right state of mind. And yet we are hell-bent on destroying all that we have. An individual cannot even go for a walk without looking around and seeing the filth and decay all around to which we are blindsided. I sometimes imagine that I can feel the earth crying out loud for mercy.

On frequent trips to the local supermarket, I hear customers demand that the plastic bags be given to them by the vendors. It's clear that that people don't carry reusable bags, We don't care that all that one time use waste gets dumped in the sea or a garbage landfill. We don't even segregate our waste properly into dry and wet waste. Till the time it does not directly affect our daily lives, we will continue to not care. This is not even that we have to help out a fellow planet, it is our home, and we humans still do not have the decency to make an effort.

In today's interconnected world, through our smart devices, we have more information and awareness than ever before. And on the positive side, many individuals have started to take initiative to make a change, many scientists and people from other fields have devoted their lives to making a difference in the world. We have begun the journey of making the world and the environment a better place.

With a population of almost eight billion people worldwide, the amount of waste generated is catastrophic. The energy

consumption and the space taken by this many people is what constitutes the maximum harm to the environment. Some studies say that the earth has a maximum capacity of housing ten billion people, but at the our current rate of consumption of natural resources, it won't be long before the earth will be depleted of all that sustains life. It is a lot to expect that humans will do something for the benefit of the earth when there is so much disparity among the species itself. If we still have no respect and don't recognise the rights of others, it's but natural that we disregard many things about the earth.

In the present time distractions are at an all-time high, and our minds are never still, people are glued to their smartphones, even children and most adults suffer from ADHD and have to constantly be amused to not drive themselves crazy. This causes us to miss out on the little things in life that only the people that are immune to their devices, still can experience. Ignorance is an apt word to describe how people are wired nowadays. Their tolerance levels have become way too low and their problems way too high. Focusing on what is around us is not key to survival anymore, causing people to get sucked into a fast-paced, not so compassionate and cut-throat competitive world.

As I sit on the train station platform, waiting for my ride, I seem to be the only one that can hear the dripping of the water tap that has been going on constantly. The sound of every wasted drop of water reverberated like a gong in my head. Each time I get up and turn it off, some thirsty indifferent person comes along and leaves it the way it was, dripping. This seems like a symbol of the way our world functions, each time one person does something good for our earth, there are about a million people that set things back. It's like taking one step forward and two steps back. It makes me wonder, would I have been like the others if I still had my vision? Would I be a fool?

DAY DREAMING

Oh well, have you ever been snapped out of your thoughts? Maybe you went to sleep late and got up very early in the morning and naturally, you drifted to La-la Land where you were thinking of your bed and a plush comforter, a nice soft pillow under your head, and *snap* you hear your friend say

"Did you complete your assignment? It's due today". And you are back to reality. Well then, you're not alone. All of us have day dreamed at some point in our lives while on the train, during a meeting, while trying to fall asleep. Day dreaming is the stream of consciousness that detaches from current

external tasks when attention drifts to a more personal and internal direction. It is when your mind wanders and your attention shifts from the task at hand whether it be physical or mental, to a place that is entirely your own. According to psychologists, we spend up to half of our mental activity on day dreams. This phenomenon is common in people's daily life shown by a large-scale study in which participants spend **47%** of their conscious day spacing out, drifting away, and day dreaming. It has been found that there are two types of day dreams: positive-construction day dreams and dysphoric day dreams.

- Positive-constructive day dreams are usually upbeat and include imaginative thoughts.
- Dysphoric day dreams include visions of failure and punishment.

So why do we exactly day dream? researchers say people who reverie frequently and vividly tend to be less satisfied in their life. But if you day dream about family and friends, people report higher levels of satisfaction in their daily lives. For example, many people in prison can spend much of their days day dreaming about what life would be like if they were out.

Day dreams allow your mind to run freely and even increases productivity in some cases. Day dreaming enhances creativity, which is why you have an ah-ha moment and sudden insight into a situation. Day dreaming allows you to uncover thoughts and ideas you did not realise you ever had and looks underneath the surface thoughts. Your mind becomes unhinged and is allowed to roam freely. Day Dreaming is also a great outlet to imagine scenarios without the risk or any real consequences. When you day dream, you can make new associations and connections from your conscious mind to unconscious thoughts which can help you in a situation that you have been thinking about for a while. When you day dream you escape your reality even if only for a short amount of time. Day dreaming is an essential cognitive tool to help us explore our inner experiences.

Much like nighttime dreaming, day dreaming can also help the brain consolidate learning. Day dreaming may also help people to sort through problems and achieve success.

Researchers found that different brain areas are activated while day dreaming that are compatible with those associated with problem-solving. They help us realise our goals, and reveal our innermost hopes, desires, and fears.

"Paradoxical though it sounds, day dreaming is what makes us organised," says Eric Klinger, professor of psychology at the University of Minnesota.

Day dreaming can help you focus, day dreaming can help you concentrate and focus on a higher goal for yourself. The more you think about your ultimate goal and focus on the steps to achieving that goal, the more likely you will be to reach it. You might even reach your goal faster if you are using your day dreaming times and efforts efficiently. Another positive effect of day dreaming is that it can help you maintain your friendships and relationships.

When you are staying apart from your friends you think about them and day dreaming about spending time with them can often help you feel like you are still together. You also tend to daydream about what you would do with your friends in certain situations, it helps you remember them fondly, rather than slipping out of your mind. However, there are also negative aspects of day dreaming, If you daydream too much, it can become addictive. It's often quite distracting, if you work an office job and have to hit a specific target by the end of the day, day dreaming will distract you from working efficiently. If your job consists of operating heavy machinery, day dreaming can even be harmful to your health if you allow it to reduce your concentration. day dreaming can also be harmful to your mental health if you are constantly having negative thoughts. While some people daydream about happy fantasies while others dreaming about harmful thoughts, There have been many cases of people who are sad driving along the road and day dreaming about crashing into a tree. Sometimes, these types of day dreaming fantasies can be rather involved with a great deal of detail. It is almost like a plan rather than a fantasy. When it involves something that could cause harm, day dreaming is likely to be a detrimental quality.

Day dreaming is incredibly normal, but excessive day dreaming can be a symptom of a larger problem. When you day dreaming your brain is actually using a different network called the default network. This network includes areas of the brain such as the medial prefrontal cortex which helps us to imagine ourselves and the thoughts and feelings of others, the posterior cingulate cortex which shows personal memories from the brain, and the parietal cortex which has connections to the hippocampus that stores episodic memories. The default network is only activated when people switch their conscious minds from an attention-demanding task to wandering or day dreaming. For this reason, this network is considered our

default setting, when our brain is not paying attention to the present, it reverts to this setting. If you are day dreaming excessively you might want to visit a doctor because there is a psychiatric disorder known as maladaptive day dreaming. It was identified by Professor Eliezer Somer of the University of Haifa in Israel. This condition causes intense day dreaming that distracts a person from their real life. Many times, real-life events trigger day dreaming. It's normal for everyone to day dreaming from time to time, but it becomes problematic when one is not able to follow instructions or pay attention when required.

Day dreaming isn't always a bad thing, and it isn't always harmful. It's important to be aware of what you day dreaming about, as well as how frequent and how intense the day dreaming are. This self-awareness will help you pick up whether you need help. In conclusion, day dreaming is good when done in proportion to enhance our problem-solving ability and become more creative and focused but we need to have a check on our mind when we day dreaming because there is always a flip side to every good thing and we should make sure that we don't go overboard.

Killed by the Light of the World

Elijah, a man in his mid- forties, was a retired policy advisor and an author. He was a bachelor who had dark brown hair, a well-maintained body with a consummate elegance to himself. Few research publications and award-winning novels in his past added to the existing struggles he had to face. Everybody on this earth had their demons to face, however to Elijah he was dragged by the Devil himself to the darkness of hell. At the age of 35, he was diagnosed with acute blindness. Darkness was a word which was beyond description to him. He succumbed to depression as he lost his job which had made his existing life bearable. To the world it seemed like he was doing fine, however for Elijah, blindness thwarted his success which chewed away his peace of mind.

Adapting to situations, a forced outcome of his handicap, let him learn all the different ways to adjust to his new lifestyle. Initial years were very difficult, broken utensils, furniture, and the wastage of food and water all due to his frustrations and lack of acceptance. Having been an important figure to the foreign minister on matters of policy in the past, the changes in his meticulous life and living on a handicap pension, just added to his dolefulness. Life was just sedentary and meaningless to him. One late afternoon, Elijah was approached by a dark sedan, on his way to the train station. He made out the sound of footsteps which he analysed to be most likely by military boots. A familiar voice echoed through the street calling out to him. It was his former boss, Minister of Foreign Affairs, Mari Lanyon. There was warmth in those soft fragile hands as she greeted him. She knew how much Elijah enjoyed the foreign affairs and

convinced him to take a detour to the government office. He was apprehensive to go with her, as his shrewd behaviour in the past made him a prime target for office gossip and aspersions by his colleagues. Noises of telephone rings, staplers, lots of greetings and formalities to the minister made him nostalgic. Madam had extended a formal invite to Elijah to be a spokesperson on a national summit for migrant workers. Never did Elijah think that he would get to represent his country, let alone on a human rights issue. Elijah accepted the invite without a blink of hesitation, however, years ago he would have been ignorant to such matters.

Memories of the past, the last official work assigned to him started to flood back. Mari had disclosed a secret intelligence matter regarding how China was using refugees and human trafficking children across the borders of India and China, to work as labourers. Mari and Elijah had then arranged a conference call with the Minister of Foreign Affairs in China to discuss the inhuman treatment towards labourers and illegal trafficking, however that didn't go according to plan. Minister Lee indirectly threatened that China would back out from the peace deal with the NATO countries which was important to India who were aiming for global peace, if the matter was not dropped or if it was brought to the press. Elijah knew that doing this would not be feasible for China as it would cause other countries to turn against them and called on a bluff. However, to address these issues would mean to critically strain the relations with China and its allies so he convinced madam to drop the issue a long time back. The recollection of his last assignment was followed by a heated discussion on politics along with some chamomile tea.

Elijah politely thanked Mari and hurried along to complete his errands, leaving his old government office back.

Finally, after reaching the train station, with the help of his guide cane, he sat on a bench across the tracks. He heard children begging for food, infants crying, others selling items on the railway platform to earn a living. All these sounds released his pent-up emotions like a drowning man gasping for air. Tears dropped down his cheeks. Elijah was blindsided by his judgements that he was not able to see the millions who were suffering due to the consequences of his government which he worked in before. He knew that people around him didn't care about anyone but themselves. By not taking a stand for those refugees and child labourers he had betrayed his conscience and morals. He was enraged by his actions and knew that being blind was not a hindrance; it was the lack of social responsibility towards his fellow human beings. Though he became blind recently, he was blind to all worldly problems right from the beginning. His impediment opened him up to the reality of the world. Elijah believed that though the world was ignorant towards

other's needs, he would frame a speech that would inspire many people in that summit. He believed that since humans belonged to the same species, they would have empathy towards such matters, all it required was a trigger. However, a single speech would be forgotten in a few days no matter how well it was framed. He grinned to the sky, under the blazing sun rays which were only darkness to him.

He knew that a speech wasn't the solution to the world's problems and such unjust crimes would still take place, however, he refused to stay silent any longer. Elijah Rufaid, at that moment, made his mind up to end his own life after the speech, kill his demons and take away the pain of those child labourers with him. On 18th January 1990, the world witnessed the speech of a man who tried to free the blind world from the harsh reality of life. A treaty was made among nations following the unprecedented events and it is written with the blood of a man who sacrificed his life to the darkness just to shine a light on the world. He tried to remove the darkness of the world momentarily by burning himself in the light of the sun forever.

CARPE DIEM: LIVING IN THE HERE AND NOW

MANASA ANTHIKAD,
FYBsc.

Life may seem pretty stressful at the time, especially when you are a coming of age adult squished between relationships, goals, mental and physical health, grades, interests, homework, the dog that chases you every time you get off a bus at the same spot, the expensive jeans you got stained, the things you did yesterday, the day before yesterday, tomorrow, the day after tomorrow and so continues the list but never ends. However, the things we ignore, things that had made us happy for just a moment-like that one time the dog *did not* chase you, the time when you had the perfect grades when you successfully played the tune on your guitar which you had been practising for a week, the little kid who smiled at you when you helped him with the balloon that got stuck on the windshield of a car-are the situations that go discreetly unnoticed as though it was in some way shameful.

The present, the current moment, is like that underrated character in a book that plays a huge role in the overall plot but still doesn't leave a mark, whereas the past and

the future is that annoyingly petulant and clingy couple that don't deserve all the hype that is being showered on them but yet are crucial for the story to advance. All the good we do today is for the future and all the problems we face today are because of our past; what about the moment that just slipped away while you were busy contemplating things that you don't even know about?

Living in the present is easier said than done. Sometimes we are so engrossed in everything that we forget the actual origin of our happiness. We realise things too late. We realise that we should have smiled and enjoyed the moment instead of frowning, *a little too late*. Too late, that the moment has now magically turned itself into the past that is practically impossible to bring back. We wait for gigantic amount of happiness to come knock our doors but at the same time throw away the little packets of contentment that had made their way through tiny instances each single day. Being in the moment is like embracing these little packets, acknowledging how these make our lives easier than what

our minds tricked us into believing. Living in the moment is accepting ourselves, being aware of what is around us and admitting to the fact that “Maybe I’m not where I want to be today, but I’m *somewhere*, and I am glad that the somewhere is here of all places.”

Yes, life gets difficult; and yes, the future is important; yes the past still haunts us but yet there are things, situations

and moments that can be enjoyed in spite of everything. We do not realise or believe these moments because we are far too busy chasing goals; chasing life; chasing everything. If only we all gave ourselves the luxury to stay still and live in that instant- feel the cold breeze on our skin, think about nothing but who we are *today*. If we will that door of awareness open, the room will be filled with a never before experienced euphoria.

My Experience of a natural disaster

Usually when one hears the word vacation, what they expect is a break from the tedious routine and instead of planning a trip for recreation. This was my assumption as well when my family decided a trip to my native place - Kerala; known as ‘God’s own country’, ‘Land of spices and coconuts’. A trip to Kerala without the 23hours chugging through the tracks was incomplete. Thus, my family boarded the Netravati which cruises through the Konkan area which holds full of nature’s beauty. Their fields ready to harvest, hay stacked up for their buffaloes striving on the fields, and their children running with tyres and sticks along the tracks we were covering but far away from the trains approaching. I did expect the fields on our way and the small huts in which families resided away from all the tar roads and the bustling of vehicles.

What I hadn’t anticipated was the striking of lightning, the worst of its kind I had ever witnessed. Suddenly, the sun no longer shone the clouds were thick as a wall and as dark as coal. The shadows that the running train cast were no longer there and it seemed as if we were in a tunnel that had ended into night. It started raining but unlike the rains I had seen in the city, the rains moved in a circular motion with winds brushing away branches from the trees which disrupted their path. Our journey was no longer a luxurious ride with halts at main stations anticipating the famed delicacies this part of the world offered. Instead, there were intermittent halts at various turnings and even at the smallest of stations that bore a deserted look.

The train then made a sudden halt was not only unexpected but also had a great impact as passengers braced themselves and some bags fell off the racks. Inquisitive by what could be the cause, I looked as far as I could through

my sealed window glass. All I could see was passengers disembarking along with their luggage. This not only made me uncomfortable but also more curious. So, I walked towards the door which was partially open and saw a major part of the hills nearby that had slid and piled up blocking the tracks. Not only was the train at a standstill, but I also sensed greater fear as the rain increased in intensity. It wasn’t too long until we started getting news of a possible flood in Kerala. What was more frightening was that the rains had now turned into a violent storm, causing a hindrance to even the visibility for the locomotive engineer.

Due to rains, the rescue team and cranes arrived late. Later, all the passengers were transferred to an alternate train that left past midnight. The home-made food, people carried wasn’t just selfishly devoured by those who possessed it, but was bartered among the fellow passengers in our compartment. This trait of Keralites never failed to impress me.

Morning came in, but the rains were still determined. Every time the train halted at a station even those unheard of, more and more passengers got off the train. Even my family decided to continue the rest of our journey through roadways just like the others before it could start flooding. After gathering our luggage, we jumped off from the train and walked through the tracks towards the main road. After much hesitation, the driver was ready to risk his life for us and loaded our bags onto his jeep. Agreeing to the extravagant fare, we commenced on a five hour journey. About two hours later, we were all awakened by the Driver screaming on his phone. He tossed his phone away and advised us that we had to rush as soon as possible or find a hotel nearby. Shocked by his suggestion, we asked him

what the bad news was. The government could no longer handle the risk of the dams overflowing due to heavy rains and winds, possibly anticipating a dam burst and decided to open five shutters of a dam in the Idukki district. We would take at least 3 hours to reach Aluva; our destination and the government had already issued a red warning in the areas we were travelling through. Officials warned citizens of not just the flood but also of the dam water reaching our area within the next 6 hours. But water flow was very unpredictable in floods, especially when it was the first time in the state's history that all the dam shutters had to be opened.

We were no longer able to keep up with the pace of the rushing water which now blocked the wheels and the Driver struggled to keep the engine above the water level. After a few hours, our fears came true and we were living a nightmare. The jeep could no longer rev up as water had not just filled the engine but had slowly started submerging in the floods up to the windows. We had no option but to abandon our luggage and to walk the rest of our journey. I remember the occurrence of every event that day, quite distinctly. But what remains still unclear to me till this day is, what made me more disheartened: seeing my parents struggling to keep afloat or abandoning the Driver in that flood who had risked his family back at home for us? Money was of no utility to him anymore and he apologized to us for not keeping his promise. Even in his greatest misery, he motioned us towards our destination and then ran to his prized possession which was now moving where the stream ushered it.

Those few hours were the most terrifying moments of my life. Walking through a beach and jumping over the waves had always been fun. But balancing through floods which stretched indefinitely and didn't seem to recede was concerning. Things were about to intensify as we had a long journey to make. People started pulling out rescue boats, inflated tyres, some carried their aged parents in large vessels and the trucks pulled those who were drowning with a banner saying 'Evacuation Centre'. Huts and cottages made out of coconut leaves, brittle structural buildings all toppled down. The rubble no longer piled up but carried everyone walking along with it. The water from the dams seemed like someone had accidentally kicked the bucket'. The water saw no reduction in flow and kept gushing from behind, washing away the rubble, cows, buffaloes, dogs and people within its reach. The electric pole could no longer endure the force and was uprooted. As it hit the houses under it, there was a tremendous buzz and the spark shone

like the lightning over us. People were horror-stricken and started running away from the site before the wires would contact the water beneath. I had never seen my native house and was sure if there was one, it would have been already destructed by the floods until we reached there. We were no longer in a constant belief that we could make it. We started yelling and screaming to God and crying to him for help, a ritual I had only practised before my exam results. People no longer drew out the water from their bedrooms and kitchens as water had now risen to their terrace. Occasionally children would scream indicating that they had been separated from their family. Within seconds, their cries ceased and were no longer visible. Even though initially we tried helping people by pulling them with us, the uprooted trees and plants separated them afar and some beneath. We were no longer moving as my dad stopped and waved towards a house. The 2 storey house was filled with water until the 1st floor. I could see my grandparents waving to us from the 2nd floor. As I turned back, I saw the havoc, the floods had created. Families separated, houses collapsed, farms destroyed, cows moaning as they drowned, but the fortunate stood helplessly on their terraces sympathizing for others. Some however pulled the drowning and offered them refuge and food without thinking twice. Our journey was complete but our mission wasn't. We pulled each person abandoned, children who were drowning and passed a rope through which they were guided. I spotted the jeep in which we travelled, moving along with the rubble far away. Rejoiced by seeing it, I waded towards it. As I approached the jeep, I could see our bags safe inside. The jeep had made the journey along with our luggage and the driver had kept his promise. I looked around and waited for him. He was nowhere to be seen. I waited the whole day, a week, a month. He never came.

I learnt a lot of things that day that I always carry with me. No matter how much money and influence you have, life is much more precious than anything else. People from all walks of life waded in the floods clinging on to their loved ones. Many saw their houses toppled down, some lost their families, some couldn't make it. Most importantly, those who managed to get away with floods didn't take refuge at home or relief camps. They got out into the water with trucks and ropes, the fishermen from the coastal areas rowed throughout the state rescuing and ferrying towards camps. Those houses in the remote areas, who couldn't be easily rescued from their houses were given food packets through helicopters. I didn't just

see selflessness in Kerala. I saw unity among locals. Kerala is known as 'God's own country'. But it is said that God resides there for a reason. God lives among people who aren't fueled by vested interests and collectively unite as a

community. People overcame the challenges of the floods together as a family. Even though God's own country was devastated by the floods, it was a matter of time that the people of Kerala would rebuild it.

The Good, the Bad and Everything in Between

The coronavirus pandemic hit us like a train, wreaking havoc in the common man's life. It is estimated that 140 million Indians lost their jobs in the lockdown and those who were lucky enough to be employed, witnessed their incomes getting slashed to less than half. The migrant labourers who survive on daily wages were the most unfortunate victims of the lockdown.

The lockdown in March 2020 was abrupt and unprecedented. The once-bustling streets were deserted overnight and the word 'quarantine' was on everyone's lips. When the lockdown was announced, people prioritised essential commodities over luxury and non-essential goods. Ordering in was prohibited so people put on their chef's hats, some making mouth-watering delicacies while others struggled to make a scrambled egg.

While it felt like our lives came to a complete halt, having time on our hands to rekindle our long-lost love for art, music, cooking, dancing, etc. is what kept us going. It was truly a time for rediscovering one's own self which was lost due to the mad rush and pull of modern living.

Small businesses are buttresses for a growing economy like India. Restaurant owners, bakery shops, clothing stores/businesses, and other niche businesses were hit badly because their goods and services are non-essential therefore considered a luxury. Many business owners couldn't bear the crushing weight of the business without an income and had to shut down. Thriving businesses went bankrupt and many lives completely changed in a short span of time.

A chain reaction took place. One business is dependent on other businesses or activities for their profit. For example,

when the airlines were shut, the hospitality industry was affected which includes hotels, hostels, and many small tourism agencies which affected the small artisans and businessmen/women who largely depend upon tourists to earn money (handmade jewellery, bags, paintings, performing arts, etc) and the money supply chain was broken.

The businesses that were lucky enough to survive the pandemic wave had to innovate and adapt to the situation depending on the new laws enforced in their particular countries. As a result, a digital transformation took place for the better. Virtual stores and online payment methods were adopted to ensure the survival of the business with minimum physical contact. People discovered new and convenient ways like social media to promote and expand their business. The lockdown fast-tracked the digital transformation in India and opened a new door of opportunities for entrepreneurs.

A majority of people saw their savings getting drained without an income but some were able to cut out many expenses that now seemed unnecessary during these difficult times due to the lockdown.

As the Unlock phase began, people were relieved to finally step out of their houses and hope for a normal life again. The financial damage was heavy but the wheels started to slowly turn nevertheless.

The pandemic has been difficult for people financially, mentally and of course, physically. The long-term effects of the pandemic are yet to be seen but we know for sure that our hope for things going 'back to normal' is a distant dream.

There is no formal tutelage or training for parenting. Parenthood just comes with mutual consent to rear a child. Every parent is just “catapulted” into the role and holds a self-expectation to discharge the associated onuses with utmost excellency. For most of them today, the challenges have doubled up to compensate for the lack of a partner to assist in the process of child-rearing.

In postmodern society, the variations in the family structure can be attributed to the surge in single parenting culture.

The decision of an unmarried person to rear a child, or children, has been made possible by the advancement in medical sciences.

Rising divorce cases leave the children with the parent with whom the legal custody is vested. The increasing mobility of labour is a distinct case where despite having both parents the child is nurtured primarily by one parent.

Researches show that the mother is the head of most families. In such cases, another commonly faced issue is that of economic instability. Due to a scarcity of resources the basic needs of the child get throttled.

“Parental separation may have a large impact on emotional outcomes, and this is something that future research should address”, said Susan Harkness, a Professor of Public Policy at the University of Bristol.

According to the implications of the Oedipus Complex, the detachment can be worse where the child is coerced into cutting off ties with the parent of the opposite sex. The effects are visible in the form of various mental

illnesses. Researches state that single parenting can be critical to the child’s development because each parent has a specialised role to play in normal family life.

To optimistically examine the situation, the child learns to shoulder responsibilities and become more self-reliant to make up for the absence of support from the other parent. Families that are created due to legal separations, which had normally resulted due to domestic fights between the couples, provide children with an unfriendly environment, and unnatural mental outlooks on several aspects of daily living.

Parents live in a prolonged state of guilt when they find their children unhappy due to their disturbed family structure. They fail to realise that such an attitude further exacerbates the pessimistic feelings of the child. To put it in the words of The Spiritual Counsellor Dr. Sapna Sharma “Put on your oxygen mask before reaching out to help others”. The guardian of the child needs to ensure that he or she is confident and positive about the family status. It is only likely then that the child will feel confident and better able to accept it’s position.

It has been proved that solo-parenting is a chronic issue. Children of such families are themselves prone to becoming single parents. Is there anything that such a parent can do to make a healthy impact on the child’s future marital life?

“Before the problem, exists the solution. One just needs to know the right direction in which to look out for it.”

The time I got lost

Vidhi Ghadi
FYBA

I still remember when I was 15 years old, on a certain day I got lost both physically as well as mentally. After coaching class I was on my way back home. My parents were at a wedding, and I was told to have dinner at any restaurant of my choice. I was very excited about being able to choose exactly what I wanted to eat. Since I was looking at street food stalls and cafes where I could have good dinner, I thought of a place a bit far from my neighbourhood. There was a place that I had always wanted to visit, so I took an auto to get there. The traffic was heavy and I got stuck, so the auto driver took a shortcut by suddenly driving into a narrow lane that I was not familiar with. I got scared but didn't react so the auto driver wouldn't trick me but he turned out to be good and dropped me exactly in front of the place where I wanted to eat, and took the correct fare. This made me realise that "Humanity Still exists".

My parents had given me four hundred rupees for dinner—good enough for a decent meal. Now I was left with only three hundred and forty rupees, of which I needed another sixty to travel back home; so I had to finish my dinner with the balance. Unfortunately, the restaurant that was my favourite dinner place had shifted to the next street. Since I had no phone I memorised the map and started walking. I felt fearless as it was a bustling area, but was worried about the limited amount of money with me. As I walked, I kept thinking about things that had happened that day, not realizing that the street had gotten quieter, in fact I realized with some alarm that I missed the street and was now ambling about in a completely new place!

I was wearing a red dress and heard someone shouting out its colour from a secret unknown place, I started running away from the spot, my heart beating as fast as my footsteps. Just then I heard an auto coming behind me, relieved I turned around to see the familiar face of the same auto driver who dropped me off earlier. The relief I felt was tremendous, in tears I explained everything to him and asked him to drop me back home, the thought of food far removed.

Safe and comfortable at home, I thought about the things that had happened. I wondered why girls feel unsafe in public places. Nothing had actually happened to me, so why did I flee in terror? If a male was with me, would I have still pursued looking for the restaurant in an unfamiliar place?

My parents weren't home yet, and hunger pangs began to return, so I ordered a pizza and switched on my favourite TV serial. The balance change after paying for the pizza was saved as a memento of my misadventure.

I realised that we must attempt new things but at the right time and moment. Unplanned adventures are good but they shouldn't be risky. Taking risks is a brave thing to do but one needs to be extremely alert and prepared about what might happen in such situations. What if I would have got lost? What if instead of lying in my bed I must have been laying on the street? Was this incident written in my life story? Was it meant to be a part of my life? Was that auto driver a coincidence or divine help sent for me? This one decision and incident transformed me.

The Desideratum of life

They sneer at that phone in your hand,

Whisper disdainfully at all those gadgets they see, which seem to be taking over their world. But their minds brush past the reality of life now.

For some, our phones might be the abominable reason behind every dilemma, but can we live without them?

It may have its cons, but technology is what lets us get in touch with that one relative miles away or the friend you thought you'd never speak with again.

It makes the little things we never noticed that are cumbersome, easier for us.

Lavanya Tabeck

SYBA

Whether it is the map to our destinations or the answer to our vague questions.

Under the bundle of accusations against the growth of technology, lies the question, "What would we do without it?"

That is the one question that has all those frowning upon this technology-dependent life, who are at a loss for words.

This leaves us with the gospel truth in this age- Technology is what our world revolves around.

The Vibrancy of Science

Rachel Thever
TYBA

My mind was very small,
Until I explored.
I recognized the truth,
In my burning youth.
In the deep waters,
A small creature did exist,
No stars, no galaxies, no planets,
Just a blurry luminous mist.
Darkness covered everywhere,
Everything was black,
Einstein gave it a thought,
But...where did he lack?
It was a rash explosion.
The vibrant colours burst in the galaxy,
Diffused from a ball of fire.
It was something for Stephan and Roger to admire,
For they said, "the big bang was the beginning".
The temperature rose and cooled the universe,
And oh boy!
It was the final inning.
For millennia, the origin of life was thought to be the result
of abiogenesis.
But scientists say, "It's an inappropriate thesis".
Who should I believe?

Who should I not?
I don't understand, I just cannot!
But then came Edwin Hubble,
He cracked the thesis and broke the bubble.
He concluded that the universe is expanding,
His vision was all commanding.
Who should I believe?
Who should I not?
I don't understand, I just cannot!
Too many scientists, too many theories,
But who could solve all the queries?
The milky way, the galaxy, the planets, the stars,
Then we investigate,
The life on Mars.
An astonishing appearance stood on the ground,
A wheezing wind then was found.
Hey Einstein! You are history!
You quoted "The most beautiful thing we experience is a
mystery".
Science is a true daughter of all times.
Thou art you have left behind,
The curious me would like to ask you...
Who is God?
Do you have a clue?

They shamed her.
'Ugly' they named her.
"Fat" she was called.
And that was not even her fault.

In a world full of perfection,
She fell under the 'fat' section.
Bullying was their profession,
She sank into depression.

At night she cried,
Till the tears dried.

She starved to be called a "beauty",
To tell her, fat she was, they thought was their duty.

They were plastic.
The next step she took was drastic.
She picked up the knife,
To end her life.

She shut her eyes,
To her loved ones she silently apologised.

CRY

Oh! you cry baby,
Are you a lady?
Boys don't cry,
Be a man, why don't you try?

Tears are for the weak,
You listen to what they speak,
Be strong, is what they say,

Oh no! They are wrong, crying makes you stronger any day.

Let the lava out,
You'll feel better, no doubt.
Don't let it build inside you,
You'll get through.

You are brave I justify,
Because you are not afraid to cry.

I wish

I wish to fast for Ramadan,
Instead, I am starving due to war.

I wish to blaze fireworks,
Instead, I hear bombs.

I wish to play hide and seek with my friends,
Instead, I am hiding from gunmen.

I wish to celebrate festivals
Instead, I am grieving my family's death.

I wish to play,
Instead, I am being played.

I wish to hold a toy gun,
Instead, I am given a real gun.

I wish to wear new clothes,
Instead, I am ripped off my old ones as well.

I wish to have delicacies,
Instead, I don't have basic food.

I wish to live,
Instead, I'm hoping to die.

A new morning

Everyone around is smiling.
But her heart is hurting.
That glint in her eye is missing.
The sunshine outside is blinding.
But she feels the walls around her closing.
It's suffocating.
She can't express how she's feeling.
She's trying but failing.
She's silently weeping.
That's how with her inner demon she is dealing.

In her thoughts she's swimming.
Even she does not know what she's mourning.
Alone she's suffering.
The screams inside her are deafening.
Her heart is howling.

Her eyes are bleeding.
Into her palms, her nails are digging.
She's breaking.
The darkness is killing.
She's trying but failing.
She's silently weeping.
That's how with her inner demon she is dealing.

It's a new morning.
After a long night of crying.
She's slowly understanding.
This is not how she wants to be living.
On her self, she will be working.
She's now smiling.
Stronger- she's now feeling.
She's trying but NOT failing.
She's silently Winning.
That's how with her inner demon she is dealing.

Do things know?

When you take a moment
to smell the flowers—
to look at how delicately they're made,
how brilliantly coloured,
how amazingly placed
at just the right spots—
to see their flaws and romanticise them,
to appreciate the grandeur
of the whole universe,
because what were the odds
that they must exist at all;
Do you wonder if they know?
Do you think if they think
they're worthy of the awe?
If they're as spectacular, as grand,
as you think they are?

When I look
at the green of the trees,
and the black and white of the night;
when I try to follow a butterfly's fluttery flight
or see a bumblebee bumping
into the windowpane awkwardly;
When I see animals being adorable idiots,
or humans being that,
I hardly ever assume they're aware

Shivam Bhanushali

of how truly beautiful and precious they are.
I know it is but my privilege alone, to
witness the wonders of our cosmos unfold.
I know that only I know
of the beauty that I behold,
unless I write
a poem about it, of course.

But, imagine!
Being marvellous
and not being aware of it.
Being the reason someone smiles,
or dreams, or writes—
poetry.
Leaving someone in complete awe, while
you don't even realise.
Now, let me remind
you how unrare it is—
to be oblivious
of your own marvelousness!
And, finally
let me ask you, If—
you know
what divine artistry you hold,
How thoroughly stunning you are, and what
sort of magic are you capable of?

A love letter to myself

Monica Rai,
SYBA,
Nehru Prize Winner

Dear Myself,

Today I write to share my heart with you.

There are so many You that I would like to address. Today I see every You from a different light as I write to all of You.

There are parts of you that I alone see – and that makes it quite difficult for me to love you. I don't know if I will truly love You if you come to me being completely vulnerable if I see you wholly for what you are. But whom am I kidding if

I don't come undisguised in front of you? Today I choose to love you, it isn't a mere feeling, it's a decision I take.

As I see you in an old photograph, I wish to cherish you, to embrace you with these hands of an adult You. I wonder if you would be able to feel in depth the love, I wish for you to feel? To the 10-year-old You that I find hardest to love, today I look at you from a distance and I say that I love you. I wish the feelings that filled you up were different than those that you had, I'm sorry I couldn't do any better for you.

Nevertheless, today I see you and today I choose to love you. To the 17-year-old You who was scared but didn't stop, to whom every day was a challenge but didn't give up, to whom moving your body seemed difficult but moved – I say I love you. To the 20-year-old You that you are now, who is learning to heal, to love and to live, I say I love you!

And because I Love You, I will listen to what you have to say. When fear swells up, I will listen to what it says. When you point out the places that still hurt, I will pay attention. When weakness surrounds you, I will be there for you. When the darkness inside overwhelms you, I will fight it beside you.

And because I Love You today, I look forward to tomorrow! I want to see you grow, more than I think is possible. I look forward to countless beautiful sunsets that make you happy, I look forward to the sound of raindrops hitting your

umbrella, to the warm morning sun on your face. I look forward to seeing you in tears of joy as you move towards the goals you have set for yourself. I look forward to many days, seasons and years with You. I look forward to the many other You that are yet to come, and I look forward to what they have in store for us.

And because I Love You, I ask you to come to me truthfully, vulnerably, undisguised, bare – just as You ARE.

When you find yourself in a place where it is difficult to love you, I hope this letter will find you at that moment. Today I write to you that I love you, for who you were, who you are and who you are becoming!

Love,
You.

I always wonder...

I always wonder,
If the passing train,
Could take my feelings,
Which I can't bury deep inside.
I am afraid,
One day my heart won't beat,
That it will become a graveyard.

I always wonder,
What would I say,
If death comes to me.
Would I beg,
Not to take my life,
Or would I surrender myself happily?

I always wonder,
What would I do,
If I was standing in the
middle of the sky,
Would I jump thinking that
no one cares,
Or would I choose to fly,
Thinking that
no one dares.

I always wonder,
Why that baby held my finger?
Was it scared of the people around?

Suraksha Shetty
FYBA

Did the baby choose to trust me?
Or,
Did the baby realize,
That it was me who needed someone,
To hold my hand?

I always wonder,
Why is owning so important?
Why people aren't happy?
With what they see everyday, feel everyday,
Why they want to own every feeling, every person?
I always wonder,
That if someone tried to own me,
Would I run away from them?
For my freedom, or
Would I walk towards them for
Seeing something capable in me?

I always wonder,
That when I grow older,
Would I be happy with the
person I become?
Or would I write a
letter to my younger self?
And if the older me chooses

to write a letter..
Would I want to read it now,
when I'm young?

I always wonder,
What would I say if,
Someone asked me about my love,
Would I take your name?
Or just leave it unsaid?

I always wonder,
That how I know, that all
My friends' lives are going great.
But I wonder, if they
Know anything about me?
Is it because I'm a mystery?
Or, is it because they
Never asked if I was fine?

I always wonder,
If I would ever get desperate,
For someone to look into my eyes,
And promise me forever.
But *"forever is an illusion"*, they say,
Is it because everyone leaves?
Or, is it because of hope?
Hope that someone might come into our lives
And prove, that it isn't.

I always wonder,
That later in life
When we drift apart,
Will you remember me as a friend?
Or will you say,
Oh! That's the one who always used to wonder.
I always wonder...
It takes courage
It takes courage to speak your heart out,
Which all of us are scared to talk about.

It takes courage to love someone,
When you have already thought that now it is enough and
you are done.

It takes courage to go against society,
To walk against a hurdle that is mighty.

It takes courage to blend and melt into a conversation,
To listen to someone without being impatient.

It takes courage to believe and trust,
Because nowadays feelings are easy to rust.

It takes courage to deal with difficulties at your own pace,
And not be a part of the world's so-called race.

It takes courage not to pretend,
And create misunderstanding due to which relationships
end.

It takes courage to stand for your family,
And sort out little things even it seems silly,
And spend time with your friend,
And if necessary it's okay to be the first to bend.

It takes courage to keep promises,
And ask for someone else's happiness.

It takes courage to not be perfect,
And accept that you cannot connect.

It takes courage to understand,
And be the unexpected helping hand.

It takes courage to sacrifice your dreams,
And console your heart when it screams.

It takes courage to push yourself and fly,
It takes courage to get up and try.

Feel confident while breathing air,
Because you might have all the answers to the truth
and life asks you to dare!

'Replace when empty'
Why don't we move on easily?
Just like the clouds in the sky,
They don't stay in one place,
They keep moving.

But unlike clouds,
We do not have the entire sky,
To move around and
Create our own space.
We are humans.
We have limited areas.

Narrow minds.
Small hearts.

But don't worry,
You are not alone.
Everyone out here is pretending.
To be happy,
To be gentle,
To be soft and
To be alive.

We all are empty shells,
Waiting for someone to come,
And fill us with happiness.

But,
We cannot refill our hearts
Unlike others.

Unfortunately,
Our heart does not have a tag saying,
'Replace when empty'.

एक पत्र अपने नाम.....

(इस पत्र में स्वयं को 'सखी' शब्द से संबोधित किया गया है।)

प्रिय सखी,

कुछ बात करनी है, सोचाएक प्रेम पत्र लिखूँ तुम्हारे लिए, किंतु विडंबना ये है कि प्रेम पत्र पहले कभी लिखा नहीं है मैंने, पता नहीं इसे कैसा पाओगी तुम, किंतु कुछ भी खोटा नहीं है, अंतर्मन की सच्चाई के साथ साझा कर रही हूँ जो कुछ भी बात है।

मैं जानती हूँ कि तुम बहुत कोशिश करती हो महज इंसान बने रहने की, लेकिन समाज की रीतियाँ तुम्हें एक नारी बनकर सोचने पर मजबूर करती हैं। इसलिए तुम्हारा ये खुद के लिए सोचना उचित है कि नारीत्व की मर्यादा और परिभाषा तुम स्वयं ही तय करो। जिस परमात्मा के खुले आसमान ने आजादी की कीमत समझाई है, ये समझाया है कि स्वच्छंदता सदैव ही शिखर होना चाहिए, तुमऐसा कोई कृत्य ना करना जो इस आजादी को ले बैठे। दूसरों पर निर्भर नहीं आत्मनिर्भर होना सीखो, ये दुनिया पैसों से चलती है, यहाँ सच्चाई की भी कीमत होती है, यदि अपने मूल्यों और अधिकारों की लड़ाई में मजबूत रहना है तो आर्थिक स्थिति मजबूत रखना; “याद रहे कि खाली पेट तुम दूसरों के गम दूर नहीं कर सकती” इसलिए पहले खुद को सशक्त करना सखी।

सोचऐसी रखना जिसमें करुणा, वात्सल्य, दया, सद्भावना हो दूसरों के लिए, इसके साथ ही सही - गलत की परख रखना, तुम्हारी भावनाएँ, मूल्यों को ओझल ना करें; किन्तु ये भूल न जाना सखी कि ये दुनिया पहले ही काफी बेरहम है!

हे सखी, मूल्यों की कठोरता में कुछऐसा ना हो तुमसे कि इंसानियत का दामन फिसले हाथों से...

‘प्रेम’ इस विषय में कोई पकड़ नहीं है मेरी, लेकिन प्रेम के मूलभूत आधारों को समझती हूँ, उसमें भी ज्यादा कुछ नहीं, लेकिन इतना पता है कि जो व्यक्ति स्वयं से प्रेम नहीं करता वो प्रेम से दूर होता चला जाता है...

प्रेम वो ऊर्जा है जो मानव को देवत्व की ओर ले जाता है, प्रेम उस ऊर्जा का केंद्र है जहाँ आप मीठे रस में घुलकर हमेशा आनंदमय

अनामिका गुप्ता
तृतीय वर्ष बी.ए. (राजनीति विज्ञान)

रहते हैं। सखी, प्रेम आजकल सीमित, संकुचित-सा होता दिख रहा है मुझे, ऐसा लगता है मानो लोग सिर्फ इस फिराक में हैं कि दूसरों से क्या ले सकते हैं!

किन्तु सखी, सही अर्थों में प्रेम ‘देने’ का नाम है, बाँटने का नाम है, चाहे वो अपना सर्वस्व लुटा कर दूसरों को खुशियाँ देनी हो या फिर दूसरों का दुख बाँटना हो। सखी, मेरे ख्याल से ऐसा सिर्फ वो व्यक्ति कर सकता है जो खुद से प्रेम करता हो।

स्वयं से प्रेम करना है तो आत्मसम्मान की अहमियत को कमतर नहीं आंका जा सकता। जो अपने आत्मसम्मान, गौरव, मर्यादा, मूल्यों और जीवन की सच्चाइयों से भागे नहीं, जो खुद का सम्मान करना जानता हो, उसे ही दूसरों के सम्मान की अहमियत होगी; और बिन सम्मान प्रेम संभव नहीं।

सखी, खुद से प्रेम करना अपने चरित्र से प्रेम करने जैसा है, ये प्रेम वैसा ही है जैसा प्रकृति आपसे करती है, वही प्रकृति जिसके हम अंश हैं, वही प्रकृति जो बिन कुछ कहे सब कुछ सीखा जाती है।

सखी, महसूस किया होगा तुमने कि जब हवाएँ मद्धम-सी चलती हैं, जो स्पर्श करती हों तुम्हें, तो आँखें मूँद लेना, छेड़ जाती होंगी बालों को तो बिखरने देना उन्हें, जो बहा ले जाएँ तुम्हें तो बह जाना तुम प्रकृति की उस सौम्यता में, जो प्रेम करना हो खुद से- तो पहले बिखर जाना प्रकृति के प्यार में, जब उसका कण-कण तुममें बस जाएगा, तब सच में प्यार हो जाएगा।

तब तुम्हारा हर स्पर्श मानों उपचार होगा - यही प्रेम का चमत्कार होगा।

खुद का ध्यान रखना सखी, तुम आजाद हो जिन्दगी जीने के लिए, सही मायनों में जिंदा रहने के लिए।

बहुत सारा प्यार,
तुम्हारी सखी।

बातें मैं अपनी भविष्य की पुत्री से कहना चाहूँ!!

आकांक्षा सिंह

कक्षा-ग्यारहवीं कला

अभी, शायद दुनिया के लिए छोटी होगी मेरी उम्र (१६ साल) स्वयं को एक कन्या के माँ के रूप में कल्पना करने के लिए। पर आज नहीं तो कल मेरी उम्र बढ़ेगी। जिंदगी की नई कसौटियाँ मेरे सामने आएँगी। एक लड़की के जीवन में कई चुनौतियाँ होती हैं। एक अच्छी- बहन, बेटी, माँ, पत्नी, बहू आदि बनना।

हर व्यक्ति के अपने कई सपने होते हैं। कुछ खुली आँखों से देखे हुए और कुछ बंद आँखों से भी ऐसे ही खुली आँखों से मैंने भी एक सपना देखा है। वह सपना है एक बेशकीमती खजाने को पाना। और एक माँ के लिए उसकी "नन्ही परी" (भविष्य की पुत्री) से अनमोल खजाना क्या होगा?

मेरी प्यारी परी जहाँ तक मैं विचार कर सकती हूँ, मैंने तुम्हारे बारे में सोचा है; और बहुत सुंदर आकृतियाँ बनाई है तुम्हारी, मैंने अपने मन में। जब भी तुम्हारे कोमल मन के बारे में सोचती हूँ, शरीर सुन्न पड़ जाता है और लगता है पूरी दुनिया शांत हो गई, जैसे वक्त थम सा गया हो। मैं शब्दों से व्यक्त नहीं कर पा रही कि तुम्हारी कल्पना भी मुझे कितना सुकून देती है।

पर अचानक एक डर सा लगता है। डरती हूँ कि कहीं यह समाज के रूढ़िवादी लोग तुम्हारे कोमल मन को ठेस ना पहुँचा दें, क्योंकि इस समाज के नियम ही कुछ ऐसे हैं। कहने को तो समाज निष्पक्ष है पर उसका पक्षपात स्पष्ट रूप से नज़र आता है। यहाँ बेटियों को माँ ने रोक-टोक लगाई, उसे प्यार का नाम दे दिया। पिता ने बंदिशें लगाई, उसे संस्कारों का नाम दे दिया। सास ने कहा, अपनी इच्छाओं को मार दो, उसे परंपराओं का नाम दे दिया। ससुर ने घर को कैदखाना बना दिया, उसे अनुशासन का नाम दे दिया। पति ने थोप दिए अपने सपने, अपने इच्छाएँ, उसे वफ़ा का नाम दे दिया

और इस समाज की औरतों ने इसे अपनी किस्मत का नाम दे दिया। यहाँ बेटियाँ तब तक संस्कारी हैं जब तक सह रही हैं, और बोल पड़ी तो अशिष्ट हो गईं। सब सहन करने के बावजूद इस समाज के औरतों की आंख से अश्रु भी नहीं आते! और लोग कहते हैं सम्भाल कर। क्या और कितना सम्भाले औरतें? मेरी "परी" इस दुनिया का दस्तूर ही अलग है.... यहाँ नज़र आदमियों की खराब है और घुंघट औरतों से करवाते हैं।

पर मुझे भरोसा है कि जब भी तुम इस दुनिया में आओगी मेरे जीवन में उमंग और उल्लास की बरसात होगी! अद्भुत होगा वह दिन, जिस दिन तुम मेरे जीवन में आओगी। मुझे विश्वास है कि तुम्हारा आगमन इस बात का संकेत होगा कि अब समाज के आँखों पर लगी इस पट्टी से परदा हटने वाला होगा! तुम इस समाज की सारी बंदिशों को तोड़कर कीचड़ में कमल उगाओगी!

"प्यारी सी मुस्कान, अलग सी पहचान, हर रिश्ते में डाल देती है यह जान तभी तो पिता से होती नहीं आसानी से इसकी कन्यादान।" कुछ लोग कहते हैं, औरतों का कोई घर नहीं होता। लेकिन मेरा यकीन है कि औरतों के बिना कोई घर नहीं होता।

मेरी प्यारी "परी" जब आपकी कल्पना इतनी सुंदर है तो आप कितनी प्यारी होंगी? मैं चाहती हूँ कि केवल मैं ही नहीं पूरा समाज आपके ऊपर गर्व करें। एक बेटा भाग्य से होता है और एक बेटी सौभाग्य से होती है। तुम हमेशा वैसे जीना जैसे तुम्हें पसंद हो क्योंकि दुनिया वालों की पसंद तो पल भर में बदलती है। आपके लिए ढेर सारा प्यार मेरी प्यारी "परी"...

"ऑनलाइन अध्ययन पर मेरे विचार"

हर्षद वासुदेवराव चक्रधरे

प्रथम वर्ष बी.ए.,

शिक्षा हर व्यक्ति के जीवन का एक महत्वपूर्ण हिस्सा है। अच्छी शिक्षा प्राप्त करना प्रत्येक नागरिक का मौलिक अधिकार है। एक शिक्षित व्यक्ति अच्छी शिक्षा के आधार पर अपना करियर बनाता है। ऑनलाइन शिक्षा वर्तमान जीवन पर हावी है। वर्तमान कोरोना महामारी को देखते हुए, ऑनलाइन शिक्षा छात्रों के जीवन को खतरे में डाले बिना बहुत उपयोगी साबित हो रही है। लॉकडाउन के इस कठिन वक्त में जहाँ सभी विद्यालय और

कॉलेज बंद हैं, स्कूल और कॉलेज के सभी कक्षाओं की पढ़ाई ऑनलाइन द्वारा संभव हो पाया है। विश्व के सभी विद्यार्थी ऑनलाइन शिक्षा का इस्तेमाल करके अपना अध्ययन कर पा रहे हैं। आज लोग ऑनलाइन शिक्षा का महत्व अच्छी तरह से समझ पा रहे हैं। अगर आज ऑनलाइन माध्यम न होता, तो यह साल पढ़ाई अधूरी रह जाती और करोड़ों बच्चे पढ़ नहीं पाते।

ऑनलाइन शिक्षाएकेसा माध्यम है जहाँ शिक्षक इंटरनेट, मोबाइल के माध्यम से और दुनिया के किसी भी कोने से जुड़ सकते हैं। टीचर स्काइप, जूम, गूगल मीट, माइक्रोसॉफ्ट टीम्स, क्लासरूम आदि ऑनलाइनएप्स के जरिए वीडियो कॉल, ऑडियो कॉल आदि के माध्यम से शिक्षक-छात्रएक-दूसरे से जुड़े होते हैं और बच्चे लैपटॉप, मोबाइल या कंप्यूटर पर शिक्षकों को देख और सुन सकते हैं। शिक्षक बच्चों को पढ़ाने के लिए स्लाइड प्रस्तुतियों का उपयोग करते हैं ताकि बच्चे आसानी से घर से सीख सकें।

लॉकडाउन के क्षण में जहाँ सभी शैक्षणिक संस्थान बंद हैं। ऑनलाइन शिक्षा ने वहाँ अपना स्थान बना लिया है। आज, दुनिया भर के बच्चे ऑनलाइन सीखने के माध्यम से आसानी से अध्ययन करने में सक्षम हैं। ऑनलाइन शिक्षा प्राप्त करने के लिए अच्छी और तेज इंटरनेट कनेक्टिविटी की आवश्यकता है। वर्तमान कोरोना महामारी को देखते हुए ऑनलाइन शिक्षा को महत्वपूर्ण और अनिवार्य बनाया गया था।

ऑनलाइन शिक्षा सभी उम्र के छात्रों के लिए अध्ययन करने का एक अनोखा तरीका है।

तेज इंटरनेट ने ऑनलाइन सीखना लोकप्रिय बना दिया है।

वर्तमान स्थिति में, बच्चे स्कूलों और कॉलेजों में शिक्षा प्राप्त नहीं कर सकते हैं, लेकिन ऑनलाइन शिक्षा ने राह आसान कर दी है। बच्चे घर पर अपनी पढ़ाई पूरी कर सकते हैं। कुछ बच्चे शिक्षा के लिए शिक्षकों के घरों या कोचिंग संस्थानों में नहीं जा सकते। वे ऑनलाइन पढ़ाई के माध्यम से अपनी पढ़ाई पूरी करते हैं।

आजकल ज्यादातर वोकेशनल कोर्स ऑनलाइन होते हैं। छात्र ऑनलाइन परीक्षा देते हैं और ऑनलाइन परीक्षा देकर डिग्री हासिल करते हैं।

ऑनलाइन शिक्षा केवल भारत में ही नहीं बल्कि विदेशों में भी काफी प्रचलित हुआ है। इससे हमारा ज्ञान काफी हद तक विकसित होता है। ऑनलाइन सीखने के लिए छात्रों को कहीं भी यात्रा करने की आवश्यकता नहीं होती है और यात्रा समय बचाता है। छात्र अपनी सुविधानुसार समय का चयन करते हैं और ऑनलाइन कक्षा में शामिल होते हैं।

ऑनलाइन सीखने में, छात्र शिक्षक द्वारा ली गई कक्षा में पढ़ाई पर ध्यान दे सकते हैं। कक्षा के बाद, छात्र रिकॉर्डिंग को फिर से सुन सकते हैं और यदि संदेह है, तो बेझिझक ऑनलाइन क्लास शिक्षक से अगले दिन या उसी दिन पूछ सकते हैं। ऑनलाइन सीखने में किसी भी प्रकार के विषय से संबंधित समस्या होने पर शिक्षकों से अगले दिन या उसी दिन ऑनलाइन पूछ जा सकता है। कहीं भी जाने की आवश्यकता नहीं है। ऑनलाइन शिक्षण के लिए, शिक्षक ने फ्लैश कार्ड और गेम जैसे कुछ कार्यक्रम बनाए हैं जो छात्रों के सीखने के अनुभव को बढ़ाएंगे। इंजीनियरिंग, मेडिकल जैसी प्रतियोगी परीक्षाएँ और अध्ययन ऑनलाइन हो रहे हैं, शिक्षण संस्थानों में नहीं। यह कहना मुश्किल है कि कोरोना कितने समय तक चलेगा और

यही कारण है कि छात्रों के लिए सामाजिक दूरी का पालन करना अनिवार्य है। ऐसी स्थितियों में ऑनलाइन सीखना एक बढ़िया विकल्प है। आज की तेजी से बढ़ती दुनिया में समय की कमी है और इंटरनेट के माध्यम से शिक्षा प्रदान करने वाली सभी सेवाएँ और ऐप लोकप्रिय हो रहे हैं।

कई छात्र और लोग ऑनलाइन शिक्षा के लिए अधिक से अधिक आकर्षित हो रहे हैं क्योंकि यह पैसे और समय बचाता है और किसी के जीवन को जोखिम में डाले बिना सीखना आसान है। ऑनलाइन शिक्षण प्रणाली को दिलचस्प बनाने के लिए, प्रत्येक शिक्षक सबसे अच्छे साधनों का उपयोग करता है ताकि बच्चे आसानी से सीख सकें।

ऑनलाइन शिक्षा उन लोगों के लिए एक बढ़िया विकल्प है जो काम करते हुए या घर की देखभाल करते हुए अपनी पढ़ाई जारी रख सकते हैं। वे अपनी सुविधानुसार ऑनलाइन शिक्षा ले सकते हैं। यह एक नई तरह की शिक्षा है जिस पर हर देश निर्भर है। छात्रों को कठिन अध्ययन करने और अपने देश के भविष्य को उज्ज्वल करने की आवश्यकता है।

लेकिन जिस तरह सिक्के के दो पहलू होते हैं, उसी तरह ऑनलाइन सीखने के भी फायदे और नुकसान हैं।

अच्छे इंटरनेट की आवश्यकता होती है

ऑनलाइन शिक्षण के लिए एक अच्छे नेटवर्क की आवश्यकता होती है। नेटवर्क के बिना ऑनलाइन शिक्षा प्राप्त करना मुश्किल है, खासकर ग्रामीण इलाकों में। इसलिए अभी तक ग्रामीण इलाकों में कोई ऑनलाइन शिक्षा उपलब्ध नहीं है।

शिक्षा के लिए पर्याप्त योजना का अभाव

जब पहले बच्चे सीख रहे थे, शिक्षक छात्रों की सुविधा के लिए छात्रों को नोट्स उपलब्ध करा रहे थे। यह वर्षों से एक परंपरा रही है ताकि छात्रों को जो सिखाया जाता है वह छात्रों के मन में रहे और उन्हें समझ में आए और परीक्षा देने में कोई कठिनाई न हो। लेकिन ऑनलाइन शिक्षा में पहले की तरह फिजीकल-नोट्स की सुविधा उपलब्ध नहीं है। ग्रामीण इलाकों में ऑनलाइन शिक्षा उपलब्ध नहीं हो सकती है। शिक्षा के लिए पर्याप्त योजना का अभाव है, इसीलिए ऑनलाइन कक्षाएँ इतनी गंभीर और सफल नहीं हैं।

छात्रों को अच्छी तरह से समझ नहीं आ रहा है

शिक्षक कक्षा में छात्रों को सीधे समझा सकते हैं। शिक्षक, छात्रों द्वारा पूछे गए सवालों के जवाब देकर, उनकी प्रतिक्रिया को देखकर, उनके चेहरे के हाव-भाव को देखकर यह समझ सकता था कि छात्र कितना समझ पाया और कितना नहीं। दूसरी तरफ, ऑनलाइन सीखने से सीधे बोलने का अवसर नहीं मिलता है। ऑनलाइन सीखने से छात्रों की प्रगति को समझना और मॉनिटर करना मुश्किल हो जाता है।

भारत के बाहर अन्य विदेशी विश्वविद्यालयों में पढ़ने वाले छात्रों को शिक्षा प्राप्त करने में कई कठिनाइयों का सामना करना पड़ता है क्योंकि इन देशों में समय का बहुत बड़ा अंतर है।

ऑनलाइन सीखने में छात्रों की कोई टीम दिखाई नहीं देती है। यदि एक साथ पढ़ा जाए, तो यह अध्ययन के प्रति प्रेम पैदा करता है। समूह में अध्ययन करते समय छात्र अधिक सतर्क होते हैं। छात्र अपनी क्षमताओं को साबित करने के लिए कड़ी मेहनत करते हैं और एक प्रतिस्पर्धी माहौल रखते हैं। यह वातावरण ऑनलाइन वातावरण में नहीं पाया जाता है और छात्र ऑनलाइन शिक्षण की तुलना में सीधे स्कूल-महाविद्यालय में उपस्थित रहकर शिक्षण लेने में अधिक रुचि रखते हैं। कभी-कभी बच्चे ऑनलाइन शिक्षण में उत्साहित नहीं हो पाते हैं। बच्चों की योग्यता जानने के लिए कॉलेजों या स्कूलों में परीक्षा और होमवर्क आदि दिए जाते हैं, ताकि शिक्षक को पता चले कि बच्चे कहाँ पिछड़ रहे हैं और उन्हें कितना पता है, यहाँ तक कि बच्चे भी इसके माध्यम से अच्छी परीक्षा दे सकते हैं। ऑनलाइन शिक्षण में आत्म-मूल्यांकन का अभाव है। ऑनलाइन शिक्षा में, बच्चे इन पुस्तकों को पढ़ते हैं, जबकि स्कूलों में छात्र विभिन्न प्रकार की पुस्तकों को जानते हैं।

अनुशासन की कमी

स्कूल और कॉलेज में, छात्रों को हमेशा अनुशासित किया जाता है और समय पर उनकी कक्षा का काम और होमवर्क पूरा किया जाता

है। लेकिन ऑनलाइन शिक्षा कुछ नियमों का पालन नहीं करती है और छात्र ऑनलाइन गेम खेलने और चैटिंग करते समय मोबाइल में अन्य एप्लिकेशन का उपयोग करते हैं।

मानसिक तनाव और नेत्र रोग

जैसे-जैसे पूरी शिक्षा ऑनलाइन होती है, कई छात्रों का मानसिक संतुलन भी बिगड़ रहा है और साथ ही आँखों की बीमारियाँ भी बढ़ रही हैं। लंबे समय से मोबाइल, लैपटॉप और कंप्यूटर उपकरणों के इस्तेमाल से सिर दर्द और आँखों का दर्द बढ़ गया है।

निष्कर्ष के रूप में यह कहना गलत नहीं होगा कि ऑनलाइन शिक्षा ने लॉकडाउन में बच्चों, शिक्षकों और शैक्षणिक संस्थानों की बहुत मदद की है और शिक्षा का आदान-प्रदान बंद नहीं हुआ है। यह इतनी उन्नत हो गई है कि हम घर से और दुनिया में कहीं से भी इंटरनेट के माध्यम से ऑनलाइन शिक्षा प्राप्त कर सकते हैं। लेकिन गरीब या ग्रामीण परिवारों के अधिकांश बच्चे जहाँ ऑनलाइन शिक्षा का उपलब्ध नहीं है, उन जगहों पर जहाँ कंप्यूटर और इंटरनेट की सुविधा नहीं है, उनके लिए ऑनलाइन शिक्षा प्राप्त करना असंभव है। हर परिवार कंप्यूटर और इंटरनेट का उपयोग कर पाने में असमर्थ है, इसलिए उन छात्रों को लॉकडाउन जैसी स्थितियों में ऑनलाइन सीखने और अन्य ऑनलाइन पाठ्यक्रम सीखने में कठिनाइयों का सामना करना पड़ रहा है।

शिक्षक के रूप में कोरोना

सलोनी भगवान पौनिकरी
द्वितीय वर्ष कला

2020 का साल पूर्ण रूप से बहुत कठिन रहा है। बहुत सारी चीजें ऐसी हुई हैं जो हमने कभी सोची भी नहीं थी। सारी दुनिया का रूप एकदम से बदल गया, हर एक व्यक्ति के लिए 2020 साल मुश्किल भरा था। हर एक व्यक्ति को बहुत से परिस्थितियों से भुगतना पड़ा। कोरोना वायरस ने मानो जैसे पूरी दुनिया को ही नष्ट कर दिया हो। कोरोना वायरस ने न ही अमीर को छोड़ा; न ही गरीब को, गरीबों का तो जीना भी मुश्किल हो गया था, लोगों के लिए न ठीक से खाने की व्यवस्था हो रही थी और न ही ठीक से रहने की व्यवस्था। सरकार की तरफ से उन्हें कुछ मदद मिली लेकिन उससे उनका ज्यादा दिन तक गुजारा नहीं हो पाया। सरकार ने गरीबों के लिए राशन की व्यवस्था की थी एक-एक दिन निकालना मजदूरों के लिए तो बहुत कठिन हो रहा था और इसी कारण सभी मजदूर अपने घर की तरफ पैदल निकल पड़े थे। सरकार ने आम जनता से निवेदन किया था कि वे गरीबों की कुछ मदद करें और यह डोनेशन पीएम फण्ड केयर और सीएम फण्ड केयर से होने वाले थे। सरकार के आवेदन से आम जनता ने पैसे दान किये।

कोरोना वायरस के समय हमारे डॉक्टर और नर्सस ने दिन-रात झूटी की। जो पुलिस कर्मचारी हैं उन्होंने भी बहुत पहरेदारी की, किएक भी व्यक्ति अपने घर से बाहर न निकले। मास्क लगाना जरूरी हो गया था और बारी-बारी से अपने हाथों को सैनिटाईज करना जरूरी हो गया था। डॉक्टरों को दिन-रात हॉस्पिटल में रहना पड़ रहा था, ताकि वो सारे कोरोना से पड़े हुए मरीजों की मदद कर सकें। मास्क और हाथों को सैनिटाईज करना अभी भी जरूरी है। घर से बाहर निकलने पर लोगों में एक हाथ की दूरी बनाए रखना जरूरी था और अभी भी जरूरी है। बहुत सारे कारोबार ठप हो गए थे। आम जनता के काम रुक गए थे। मुंबई जो कभी नहीं रुकती, पहली बार चहल-पहल नहीं दिख रही थी, थम-सी गई। लोगों की दिनचर्या जैसे रुक गई थी। लेकिन बहुत-सी चीजें कोरोना के माहौल में अच्छी भी हुई थीं, जैसे सभी लोगों को अपने परिवार के साथ समय बिताने का मौका मिल गया। रिश्ते बहुत मजबूत भी हो गए। लॉकडाउन में सभी लोगों ने अपने घरों में बहुत से नए-नए खाने के पदार्थ बनाये थे। अपनी रुचियों को सँवारा, जो व्यक्ति आम दिनों में बहुत व्यस्त रहता था,

लॉकडाउन की वजह से उसे भी अपने परिवार के लोगों के साथ वक्त बिताने का मौका मिल गया था। इस कोरोना वायरस के दौरान जो सबसे महत्वपूर्ण है, कि विद्यार्थियों का एजुकेशन नहीं रुकना चाहिए और इसी कारण सरकार ने विद्यार्थियों की पढ़ाई में कोई रुकावट न आये इसलिए सारी कक्षाओं की पढ़ाई ऑनलाइन रखवा दी है। छोटी कक्षाओं से डिग्री तक की सब की पढ़ाई ऑनलाइन हो रही है। काम करने वाले व्यक्ति को भी उनकी कंपनियों ने घर से काम करने दिया था और अभी भी लोग घर से काम कर रहे हैं। सभी विद्यार्थियों की पढ़ाई ऑनलाइन कक्षाओं से चल रही है। बहुत से विद्यार्थी ऐसी पढ़ाई को कठिन समझ रहे हैं क्योंकि बहुत से विद्यार्थियों के पास इंटरनेट नहीं है या उनके यहाँ नेटवर्क की भी बहुत समस्या है, हालांकि कुछ कॉलेज वालों ने उनकी मदद की है परंतु फिर भी वह पर्याप्त नहीं है, गाँवों में बिजली, कंप्यूटर, इंटरनेट नहीं है, जिससे उन्हें बहुत ही कठिनाइयाँ झेलनी पड़ रही हैं। शिक्षकों के लिए भी यहाँ एक प्रकार की चुनौती है, उन्हें नए ऑनलाइन माध्यम से पढ़ाने में काफी दिक्कत आ रही है, लेकिन फिर भी विद्यार्थियों की पढ़ाई नहीं छूटनी चाहिए, इसीलिए सारे शिक्षक अपनी तरफ से पूर्ण स्वरूप प्रयत्न कर रहे हैं। हालांकि छोटे-बड़े शहरों में ऑनलाइन पढ़ाई की तरफ बढ़ना पूर्ण रूप से आसान रहा है; ज्यादा कठिनाई नहीं आई। सभी कक्षाएं या तो जूम पर या तो गूगल मीट पर हो रही हैं।

बहुत से विद्यार्थियों का नुकसान भी हुआ है, जो विद्यार्थियों को 10/12 का बोर्ड देना था, उन्हें इन सब में काफी दिक्कत आई। इसी के साथ जिन विद्यार्थियों को प्रवेश-परीक्षा देनी थी, उन्हें भी काफी दिक्कत हुई थी। बहुत से विद्यार्थियों ने सुसाइड कर लिया, क्योंकि उन्हें अपने भविष्य की चिंता हो रही थी और इस कोरोना वायरस की वजह से उन्हें कुछ उम्मीद नहीं नजर आ रही थी। उनके माँ-बाप ने काफी सपने देखे थे लेकिन अब उनके यह सपने सपने ही रह गए। बहुत से विद्यार्थियों का एडमिशन देरी से शुरू हुआ और उनकी पढ़ाई भी देरी से शुरू हुई और इन सब में कॉलेज / शिक्षकों को काफी दिक्कत हुई। जो इस साल 2021 में बोर्ड देने वाले थे फरवरी में, अब उसे भी आगे बढ़ा दिया गया है और कुछ पाठ्यक्रम भी कम कर दिए हैं। सभी विद्यार्थियों की परीक्षाएं ऑनलाइन माध्यम “मल्टीपल चॉइस” से ही हुई। बहुत से स्कूल खुल चुके थे लेकिन वहाँ पर भी कोरोना के संक्रमण में आने पर कई विद्यार्थियों और शिक्षकों को कोविड हो गया और इसी कारण फिर

से स्कूल बंद हो गए। स्कूल और यूनिवर्सिटीज अभी भी इसी विचार में हैं कि स्कूल / कॉलेज खुलने के बाद वे सब किस तरह काम करेंगे। सामाजिक दूरी का ख्याल उन्हें रखना होगा और उन सबके अनुसार उन्हें विद्यार्थियों की पढ़ाई लेनी होगी।

भारत जो एक आर्थिक विविधता वाला देश है, यहाँ पर कोरोना वायरस के बाद आगे शिक्षा का भविष्य थोड़ा अलग-सा रहेगा। हालाँकि सरकार इस मामले में ध्यान दे रही है और उनकी कोशिश यही है कि भविष्य की जो हालात हो, वो सब सही हो, जैसा वे अभी से योजना बना रहे हैं। भले ही अभी ऑनलाइन एजुकेशन का दौर चल रहा है लेकिन यह स्कूल और कॉलेज में होने वाले आमने-सामने लेक्चर्स की जगह कभी नहीं ले पाएंगे। इस कोरोना वायरस के दौरान सभी को स्मार्टफोन्स का महत्व पता चल गया है, ऑफिस के कामों से लेकर बच्चों के स्कूल के लेक्चर्स सब मोबाइल फोन की वजह से हो पाया है लेकिन भारत में ऐसी भी कुछ जगहें हैं जहाँ पर बहुत सारे विद्यार्थियों के पास न ही स्मार्टफोन्स और न ही इंटरनेट का सुविधा है। इसी सबके कारण सरकार अब टीवी फॉर्मेट की तरफ बढ़ रही है, जहाँ पर विद्यार्थियों को उनके लेक्चर्स रिकॉर्ड करके दिखाये जा रहे हैं।

कोविड - 19 के वजह से एजुकेशन में थोड़ा-सा बदलाव आ गया है लेकिन टेक्नोलॉजी के पर्याप्त न होने की वजह से काफी सारी मुसीबत आई, लेकिन काफी सारे हालात अब संभल गए हैं, बहुत से दफ्तर अब खुल चुके हैं और लोकल ट्रेनें भी चल पड़ी हैं, बहुत से कारोबार खुल चुके हैं लेकिन स्कूल / कॉलेज खुलना अभी भी बाकी है और ऑनलाइन माध्यम होने के कारण पढ़ाई में थोड़ी-सी मुश्किलें आ रही हैं लेकिन पढ़ाई में रुकावट नहीं आ रही है। टेक्नोलॉजी की वजह से इस समस्या का हल मिला है और टेक्नोलॉजी आज के जमाने में न होती और न ही किसी के पास स्मार्टफोन्स या इंटरनेट होता, तो इन सब परेशानियों को संभालना बहुत बड़ी समस्या हो जाती और विद्यार्थियों के साथ-साथ बहुत-सी बड़ी-बड़ी कंपनियों का और व्यापारियों का नुकसान हो जाता। हमें धन्यवाद कहना चाहिए जिसने कोविड - 19 के हालात में बहुत मदद की, जैसी कि डॉक्टर्स, नर्सेस, पुलिस कर्मचारियों का और साथ ही साथ हमारे शिक्षकों का जिन्होंने हमें पढ़ाया इस हालात में भी। अब कोरोना की दूसरी लहर में देखना बाकी है कि क्या-क्या परिवर्तन होता है।

“आत्मकथ्य: मैं क्यों खुद से ज्यादा प्यार करता हूँ.....”

**समशेगीर शेख
द्वितीय वर्ष कला**

जिसे मैं चाहता हूँ ओ मेरी आशा है,
जिसे मैं चाहता हूँ ओ मेरी उम्मीद है,
जिसे मैं चाहता हूँ ओ मेरा भरोसा है,
जिसे लोग मानते थे मेरी कमजोरी, वही मेरी ताकत है

हर एक इंसान पहले सबसे ज्यादा खुद को चाहता है। खुद को सबसे ज्यादा मानता है। सबसे ज्यादा खुद से ही प्यार करता है। लेकिन दुर्भाग्य है कि इंसान कभी ये बात किसी को नहीं बता पाता है। मैं खुद से ज्यादा किसी को प्यार नहीं करता हूँ। मैं अपनी छोटी-छोटी

बातें आपके साथ बाँटना चाहता हूँ जिससे कि मैं साबित कर सकूँ कि मैं खुद से ज्यादा प्यार क्यों करता हूँ।

हर एक इंसान के जीवन में कुछ न कुछ संघर्ष जरूर होता है। उसी हिसाब से मेरे जीवन में भी उतराव-चढ़ाव बना रहा। संघर्षों के बीच मैं भी फँसा रहा। मेरा सफर बिहार के एक छोटे से गाँव से शुरू हुआ और मैं मुंबई शहर में आ बसा। यहीं मैं शिक्षा प्राप्त करने लगा। पहले तो मुझे मराठी भाषा सीखने में कुछ वक्त लगा, लेकिन मैंने उसमें लगभग छह महीने तक जी-तोड़ मेहनत की और आखिरकार सीखने में सफल रहा। अब असली इंतहान का दौड़ना शुरू किया। मैंने अच्छी तरह से बड़ी मेहनत और लगन के साथ दसवीं कक्षा उत्तीर्ण की। मेरे दसवीं का परिणाम अच्छा आया। पलभर की खुशी के बाद मुझे दूसरी चिंताएँ सताने लगीं जैसे कि दसवीं कक्षा उत्तीर्ण करने के बाद मेरे शिक्षण का भविष्य क्या होगा। इस चिंता में मैं अकेला फँस गया था। चारों तरफ अंधेरा ही अंधेरा था। चूँकि इससे पहले मैं अपना शिक्षण एक सरकारी छात्रावास में प्राप्त कर रहा था। किंतु अब मेरे पास आगे के शिक्षण के लिए कोई छात्रावास नहीं था। मेरे सामने यह बड़ी समस्या थी। मुझे अपना शिक्षण मुंबई में जारी रखना था, लेकिन समय मेरे साथ नहीं था। मेरे मन में रुक-रुक कर ये खयाल आता था कि मेरा यहाँ से वापस गाँव जाना वैसा ही होगा जैसे कि परिदे को उड़ने से पहले ही उसके पर काट दिए जाएँ। मेरे मन में सकारात्मक-नकारात्मक विचारों

का आना-जाना लगा था। कहीं न कहीं मुझे ऐसा भी लग रहा था कि इतने साल मैं यहाँ अपने घर-परिवार से दूर रहकर, अपने परिवार के मोह-माया-ममता को छोड़कर शिक्षा प्राप्त करने की खातिर रहा और अब यदि यहाँ से अधूरी शिक्षा प्राप्त करके गाँव वापस जाता हूँ तो मेरे इन सभी कुर्बानियों पर पानी फिर जाएगा। यह एक बुरा दौर था।

एक और बुरा अनुभव यह था कि जब मैं प्राथमिक शिक्षण के समय अपने छात्रावास में रहता था, तो मेरे जैसे छात्र जब-जब अपने-अपने घर-परिवार वालों से छात्रावास में मिलते थे, तब-तब मुझे वह घटना हमेशा परेशान करती थी। जब छोटे-छोटे अंतराल में छुट्टियाँ होती थीं हमारे यहाँ, जैसे कि गणेश चतुर्थी, ईद, ऐसी अनेक छुट्टियाँ मुझे परेशान करती थीं क्योंकि जो छात्र पास रहते थे वो अपने-अपने रिश्तेदारों के साथ घर जाते थे और हमारे जैसे दूर रहने वाले छात्र पीछे रह जाते थे।

इन घटनाओं ने मुझे लैटिक तौर पर कई बार हिला कर रख दिया था। शायद धीमे-धीमे अंदर-ही-अंदर मुझमें बड़ा परिवर्तन आया। लेकिन मैंने इन्हीं घटनाओं के कारण अपने आपको मजबूत किया और सबके ज्यादा खुद से ही प्यार करने लगा। शायद इन्हीं कारणों से मेरे दोस्त कहते हैं कि तू बहुत ही अलग इंसान है।

यह देश हमारा है।

ना यह देश हमारा है।

ना यह देश तुम्हारा है।

क्योंकि हम दोनों ने मिलकर इस देश को संवारा है।

फिर क्यों खतरे में यह भाईचारा है?

.....

बार-बार गद्दारी का लगता है इल्जाम।

सुनने पड़ते हैं ताने तमाम।

आजादी के जंग तू भी लड़ा है आजादी का जंग मैं भी लड़ा हूँ

आज सीमाओं पर तू भी खड़ा है और सीमाओं पर मैं भी खड़ा हूँ।

मैं भी उसी काम को देता हूँ अंजाम जिसको तू देता है अंजाम।

मैं रहीम को मानता हूँ तो तू मानता है राम।

दोनों देते हैं शांति अमन का पैगाम।

अरे! राजनेताओं के कारण क्यों करें हम एक दूसरे को बदनाम।

तुम्हारा धर्म कितना है प्यारा और है हमारा धर्म भी प्यारा।

ना यह देश सिर्फ हमारा है।

ना यह देश सिर्फ तुम्हारा है।

.....

तेरा भी खून है लाल मेरा भी है खून लाल।

तू भी है अपनी मां का लाल मैं भी हूँ अपनी मां का लाल।

कदमों से कदम मिलाकर हम करते हैं कदमताल।

फिर भी कुछ लोग हमारे ईमान पर करते हैं सवाल।

जब लौटकर जाते हैं लिपटकर तिरंगे में तब

तुम्हारी मां का गर्व से कितना चौड़ा होता है सीना मेरी मां का भी

यही होता है हाल।

खत्म कर डालो मजहबी बैटवारा हमारी एकता को देखकर तरसेगा

संसार, तरसेगा संसार

डर, सिहरन, अफरातफरी और खौफ... ये सिर्फ शब्द नहीं हैं, बल्कि देवघर कहलाने वाले उत्तराखंड में आए हुए प्रकृतिक आपदा की गूंज हैं - वो गूंज जिसने कईयों को घर समेत उजाड़ दिया और ना जाने कितने जिंदा हो कर भी आशाहीन हैं। भारत में आयी ये प्राकृतिक आपदा प्रकृति के उस फटकार का नमूना है जो उसके साथ छेड़खानी करने के लिए मनुष्यों को मिलनी ही चाहिए। पर्यावरण में तेज रफ्तार से परिवर्तन हो रहे हैं और इसका सबसे बड़ा कारण है 'जलवायु परिवर्तन'। ये जलवायु परिवर्तन सुनने में महज दो शब्दों का जुमला लग सकता है, लेकिन इसमें इतनी भीषण तीव्रता है कि कम आंकने वाले को जोरदार मजा चखा सकती है।

दीर्घकाल में, जलवायु परिवर्तन कई रूपों और आयामों में प्रत्यक्ष होगा, उनमें से कुछ इस प्रकार हैं:

- परिवर्तन इस सदी और परे जारी रहेगा,
- वैश्विक तापमान बढ़ेगा,
- गर्मियों का मौसम लंबा होगा,
- वर्षा का पैटर्न बदलेगा,
- बढ़ते 'सूखे' और गर्मी की लहरें,
- तूफान मजबूत और अधिक तीव्र हो जायेगा,
- समुद्र स्तर 2021 तक 1-8 फीट बढ़ जाएगा।

दक्षिण अफ्रीका से उत्तरी अमेरिका, ऑस्ट्रेलिया और एशिया से यूरोप तक, बाढ़, तूफान और आग ने अराजकता और विनाश ला दिया है। विश्व बैंक के अनुसार - कंबोडिया, चीन, इंडोनेशिया, उत्तर और दक्षिण कोरिया, थाईलैंड, वियतनाम आदि की पहचान ऐसे देशों के रूप में की गई है जहां समुद्र के स्तर में वृद्धि का असर विशेष रूप से गंभीर होगा। ऑस्ट्रेलिया में अधिकांश झाड़ियां बिजली गिरने या दुर्घटना के कारण होती हैं; लेकिन वैज्ञानिकों ने तर्क दिया है कि एक तेज और गर्म जलवायु अत्यधिक आग लगाने के लिए आवश्यक परिस्थितियां अधिक

बार प्रदान करेगी, और ये तर्क दुनिया के ज्यादातर जंगलों में सही पाया गया है।

साइबेरिया और रूस में जलवायु परिवर्तन की वजह से सर्दियां छोटी होती जाती हैं और मौसम सुहाना और गर्म हो रहा है। इन स्थितियों से बड़े क्षेत्रों में अधिक तीव्र आग लगती है। अमेजन के जंगल, जिन्हें इस दुनिया के लिए वरदान माना जाता है, वहां भी जानबूझकर आग लगाई जाती है ताकि जंगल साफ कर जगह बनाई जा सके।

पर्यावरण में हो रहे दूषित बदलावों ने जल को भी अपने चपेट ने ले लिया है। कहीं कुओं में पानी नहीं है, तो कहीं नदियों में बिन मौसम उफान उठ रहा है। कारखानों से निकला जहरीला दूषित पानी कैसे 'पेय जल' को गन्दा कर रहा है और Heavy Metals जल में मिलकर उस पानी को पीने योग्य तो दूर, उस बीमारियों का घर बनाते हैं। समुद्री जीवों को प्लास्टिक और अन्य कचरों से लैस जहरीले पानी में घुटना पड़ रहा है, क्योंकि मानव आगे बढ़ गया, मानवता पीछे छोड़ आया!

दूषित जल, कृत्रिम उत्पादों के उपयोग से मिट्टी अपने गुणों को खो रही है; ऐसी मिट्टी में उगने वाले भोजन मौत को निमंत्रण है। हजारों वर्षों से भी अधिक समय में तैयार होने वाली मिट्टी आज तेज हवाओं और जल प्रवाहों से बह रही है, नष्ट हो रही है; कारण वही है - तेजी से पेड़ों की कटाई...

जहां बढ़ते उत्पाद प्रदूषण बढ़ रहे हैं, वहीं कुछ ऐसे आविष्कार और खोज भी हो रहे हैं, जिन्हें देख आशा की किरण नजर आती है; लेकिन मेरे विचार से सबसे बड़ा बदलाव तब आएगा जिस दिन पर्यावरण और हमारे बीच का 'अलगाव' मिट जाएगा। जिस दिन 'वसुधैव कुटुंबकम्' के नारे में पशु - पक्षी, पेड़ - पौधे भी शामिल होंगे, उस दिन विश्व सही मायनों में 'एक' हो जाएगा।

माइंडफुलनेस: वर्तमान क्षण में जीना

काल करे सो आज कर, आज करे सो अब।
पल में प्रलय होगी, बहुरि करेगा कब ॥

कबीर के इस दोहे से हम सदैव ही प्रेरणा लेते आए हैं। इस दोहे के द्वारा संत कबीर ने समय की महत्ता को प्रकाशित करते हुए मनुष्य को अपना काम कल पर ना डालते हुए वर्तमान में करने की सलाह दी है। माइंडफुलनेस जिसे हम सचेत रहना या वर्तमान में जीना कहते हैं, यह एक ऐसी जरूरत है जो इंसान को वर्तमान में जीने की ओर प्रेरित करती है।

इंसान का अधिकांश जीवन भूत और भविष्य की कल्पनाओं में भटकता रहता है, यहां तक कि वर्तमान समय में भी मनुष्य आज और कल की चिंताओं में इतना मशगूल हो जाता है कि, उसे इस बात का बोध ही नहीं होता कि यह गलतियाँ वह बार-बार दोहरा रहा है और वर्तमान को जीने की बजाय वह भविष्य की चिंता में डूबा हुआ है और जब तक इंसान को इस बात का बोध होता है, वह बातें भूतकाल में परिवर्तित हो चुकी होती हैं। वर्तमान में जीना और उसकी महत्वपूर्ण भूमिका को मैं अपने जीवन से जुड़ी दो घटनाओं के माध्यम से सांझा करना चाहूंगी।

मुझे चित्रकला में हमेशा से ही लगाव रहा है। बचपन से लेकर आज तक हर प्रकार के चित्रकला से संबंधित प्रतियोगिताओं में भाग लेना मेरी रुचि रही है। यह बात है बी.ए. द्वितीय वर्ष की, जब मैंने चित्रकला से संबंधित प्रतियोगिता में भाग लेने के लिए सोचा। मैं बहुत चिंतित थी कि मैंने यदि कुछ गलती कर दी तो क्या मुझे इस प्रतियोगिता में विफल होना पड़ेगा? मुझ पर भूतकाल में मिली असफलता की चिंता और भविष्य काल में विफल होने का डर इतना हावी हो गया, कि मैं यह समझ ही नहीं पाई कि मेरा अधिकतर समय सोचने में ही चला जा रहा है।

बचे हुए समय में मैंने अपने कांपते हुए हाथों से चित्र को कोरे कागज पर उतार दिया। वहीं दूसरी और मैंने एक और प्रतियोगिता (पोस्टर मेंकिंग) में भाग लिया परंतु अभी तक प्रथम प्रतियोगिता का परिणाम नहीं आया था। मेरे मन में बड़ी जिज्ञासा थी परंतु इस बार मैंने यह ठान लिया कि, मैं अपनी यह प्रतियोगिता न तो भूतकाल के बोझ से कठिन करूंगी, न ही भविष्य के सफल या विफल होने के परिणाम का गुलाम बनूंगी। मैंने यह जाना कि वर्तमान क्षण में जीना कितना आनंदमयी होता है, कितना सुखदायी होता है, जहाँ हम आज-कल के भय से परे- वर्तमान के सुख से रुबरु होते हैं।

प्रतियोगिता के दौरान मुझे काफी डर था, मैं अपने चित्रकला को कोरे कागज पर उतार रही थी, लगभग सभी अपना पोस्टर बना चुके थे। तभी सहसा मुझे कबीर जी के दोहों का स्मरण हो उठा,

धीरे धीरे रे मना, धीरे सब कुछ होय,
माली सींचे सौ घड़ा, ऋतु आए फल होय।

जिसका अर्थ है कि अपना काम बड़े ही धीरज के साथ स्थायी रूप से करो, यदि फल मिलने का संयोग बनेगा तो फल मिल जाएगा। यह सोचकर मैंने अपने वर्तमान को पूर्णतः जीने का और उसी समय जितना मैं करने के काबिल थी उसे करने का भरसक प्रयत्न किया।

मुझे इन प्रतियोगिताओं ने बहुत कुछ सिखाया है। बचपन से ही कोई ना कोई जीवन का नया अध्याय मैंने इन प्रतियोगिताओं के माध्यम से ही सीखा है। वर्तमान में जीना क्या होता है? और कैसे कोई व्यक्ति अपने ऊपर विश्वास कर कोयले रूपी वर्तमान को अपने कर्म से हीरा रूपी भविष्य बनाने की क्षमता रखता है? यह मैंने जीवन में होने वाली इन छोटी-मोटी घटनाओं से ही सीखा है।

परिणामस्वरूप जिस प्रतियोगिता में मैंने अपना समय भूत और भविष्य को सोचने में व्यतीत किया, उसमें मुझे कोई पुरस्कार तो नहीं मिला परंतु जीवन जीने की सीख मिली। इसी सीख ने मुझे दूसरी प्रतियोगिता में प्रथम पुरस्कार लाने का साहस दिया।

इसलिए जहां लोगों के कल या परसों की कोई खबर ना हो वहां वर्तमान में जीना ही एकमात्र साधन है। इस समय आवश्यक है कि हम वर्तमान में जीने के महत्त्वको समझें और उसे अपने प्रत्येक दिन की दिनचर्या का एक महत्त्वपूर्ण अंग बनाकर अपनी आदत में ढाल लें। यह हमें समझना होगा कि इस पल 'है' को 'था' में बदल देता है। जिंदगी 'जीवन-व्याकरण' कुछ यूँ सब को समझा देता है...

मैं और मेरी प्यारी डायरी!

मैं हसमुख सीएक प्राणी,
ना फिक्र थी ना कोई ग्लानि।
पर अबएक नई दोस्त थी बनानी,
जिसको सुना सकूँ मैं अपनी ख्वाब पुरानी।

पर डरती थी फिर ना मिले मुझे कोई दोस्त स्वाभिमानी,
जो करे ना मेरी दोस्ती की कदरदानी।
अब क्या बताऊँ मैं अपनी कहानी,
सुनिएक नए दोस्त की दास्ताँ मेरी जुबानी।

मैं हसमुख सीएक प्राणी,
ना फिक्र थी ना कोई ग्लानि।

दोस्त बनी मेरीऐसी जो सुने मेरी सारी कहानी,
उसका तन स्वच्छ जैसे गंगा का निर्मल पानी।
उसने सुनी मेरी हर कुर्बानी,
पर बसएक ही दुख क्यों उसने चुप्पी है ठानी।

मेरी डायरी थी वो जिसने बदल दी मेरी ज़िंदगानी,
यह कहानी दुखद नहीं बल्कि थी सुहानी।
अब मेरी डायरी है मेरी दोस्त पुरानी,
भूल न पाऊँगी मैं अपने डायरी की कहानी।

मैं हसमुख सीएक प्राणी,
ना फिक्र है ना कोई ग्लानि।
ए मेरे डायरी तू ना माँगे कोई कुर्बानी,
मैं दोस्ती की प्यासी थी तूने पिलाया मुझे पानी।

क्या होता अगर तुम न मिलते मुझे जैसे पापी को गंगा का पानी,
आँख भर आती है जब भी सुनाऊँ मैं तेरी कहानी।
तुझ से प्यारी है क्या कोई ? तू है सबसे सुहानी,
जो कभी भूल जाऊँ तुझे तो होए मुझे आत्मग्लानि।।

मैं हसमुख सीएक प्राणी,
ना फिक्र थी ना कोई ग्लानि।

अब मुझे तेरी ज़रूरत नहीं सुन ले तू खुदगर्ज प्राणी,
मेरी डायरी काफी है सुनने के लिए मेरी ख्वाब पुरानी।
डायरी के लिए धन्यवाद मेरी माता रानी,
अमर रहे मेरे और मेरी डायरी की कहानी।

मैं हसमुख सीएक प्राणी,
ना फिक्र थी ना कोई ग्लानि।
हे ईश्वर मुझे तुझसे हर बात है मनवानी,
मेरी दोस्ती को जोड़े रखना जैसे सागर और पानी।।

मैं हसमुख सीएक प्राणी,
ना फिक्र है ना कोई ग्लानि।
मेरी ज़िंदगी की सबसे सुनहरी कहानी,
लफ्जों का मुशायरा नहीं, डायरी है मेरी ज़िंदगानी।

पानी का गोला

एक समय की बात है। अवनि को चित्रकारी का शौक था। इसलिए वह नित दिन प्रकृति के अलग-अलग करिश्मे को चित्रित करती थी और उन चित्रों को अपने साथ रखती। उसका मानना था कि प्रकृति के भीतर कई रहस्य विद्यमान हैं। इसलिए वह विचित्र स्थानों पर जाती और अनुसंधान करती थी। एक दिन अवनि एक घने जंगल में गई जहाँ सूर्य की किरणें भी छिप जाती थी! और हर बार की तरह जंगल में जाते ही अवनि ने रहस्यमय वस्तुओं पर अपना अनुसंधान करना शुरू कर दिया। अचानक उसे दूर से एक रोशनी का गोला नजर आया। उस रोशनी में अजीब सा आकर्षण था, मानो अवनि उसकी तरफ से चली जा रही थी।

जब अवनि रोशनी के पास गई तो उसे एक गुफा का द्वार मिला ..३...और वह गुफा के अंदर चली गई! अंदर कुछ ऐसा था जो कल्पना से परे था उस स्थान को अवनि ने चित्रित करने का प्रयास किया..., पर असफल रही। वहाँ एक पानी के गोले जैसा संसार था। वह गोला मानो हीरे सा चमक रहा हो उस गोले में एक क्षण में सैकड़ों जीवन

का जन्म हो रहा था तो कईयों का अंत!! मानो वह दृश्य बहुत कुछ कह रहा हो बहुत कुछ समझा रहा हो, पहले तो अवनि को यह दृश्य डरावना लगा, पर फिर उसे समझ आया की यही तो जीवन है! जहाँ हम जन्म से मौत का सफर तय करते हैं अपनी आकांक्षाओं की पूर्ति करते हैं जहाँ हम लोभ, प्रेम, ईर्ष्या, संघर्ष, घृणा, जैसे भाव से परिचित होते हैं। जहाँ अपने सपनों का महल बनाते हैं और उसे पूरा करते हैं। और फिर हमारे जीवन का अंतिम क्षण हमें बुलाने लगता है और हम भूलोक से विदा ले लेते हैं।

अब अवनि मानो प्रकृति की हर करिश्मे, हर रहस्य को जीना चाहती हो। उसका लक्ष्य अब बस एक था- वह प्रकृति के हर भाव को चित्रित करना चाहती थी और उसे आनंद से जीना चाहती थी। उसे समझ आ गया कि वह कोई पानी का गोला नहीं बल्कि पृथ्वी का एक आकार था जिसमें पृथ्वी के विचित्र जीवों का एक संकलन था। अवनि ने पूरे जीवन चक्र को जैसे रफ्तार से देख लिया हो! अवनि को आखिरकार अपने अनुसंधानों का परिणाम मिल गया।।

सोशल मीडिया: वरदान या अभिशाप।

सोशल मीडिया एक अपरंपरागत मीडिया है। सोशल मीडिया विशाल नेटवर्क है, जो कि सारे संसार को जोड़े रखता है। संचार का बहुत अच्छा माध्यम सोशल मीडिया है। सोशल मीडिया मूल रूप से आज के दौर में संचार का सबसे बड़ा साधन है। यह आज के मानव के दैनिक जीवन का एक बहुत ही महत्वपूर्ण हिस्सा भी बन चुका है। यह लोगों को एक दूसरे से जोड़े रखने का एक महत्वपूर्ण साधन है। सोशल मीडिया देश विदेश में हो रही किसी भी घटनाओं को लोगों तक तुरंत पहुंचाने का काम करता है। सोशल मीडिया का प्रयोग कंप्यूटर, मोबाइल, टैबलेट, लैपटॉप आदि किसी भी उपकरण का उपयोग कर के किया जा सकता है। व्हाट्सएप, फेसबुक, इंस्टाग्राम, यूट्यूब, आदि सोशल मीडिया के प्रमुख प्लेटफॉर्म हैं। इसके ज़रिए किसी भी समाचार को पल भर में पूरे देश विदेश में फैलाया जा सकता है। सोशल मीडिया अब संसार का सबसे तेजी से संचार होने वाली सेवा बन गई है। इसका प्रयोग हर उम्र का व्यक्ति कर सकता है। सोशल मीडिया एक ऐसा नाम है जिसे आज कल बच्चा-बच्चा परिचित है। सोशल मीडिया बाकी सारे मीडिया से अलग है। अगर हम मीडिया की बात करें तो कई तरह की मीडिया सामने आती है जैसे कि प्रिंट मीडिया, इलेक्ट्रॉनिक मीडिया, समानांतर मीडिया। अनुमानित तौर पर देखा जाए तो हर व्यक्ति आज सोशल मीडिया के किसी न किसी प्लेटफॉर्म से जुड़ा है। जिस तरह एक सिक्के के दो पहलू होते हैं अर्थात् किसी भी चीज के सकारात्मक और नकारात्मक प्रभाव होते हैं उसी प्रभाव सोशल मीडिया के भी कई प्रभाव हैं। कुछ सकारात्मक और नकारात्मक प्रभाव हैं। सोशल मीडिया का प्रयोग अच्छे कार्यों के लिए तो किया ही जाता है लेकिन धीरे इसका प्रयोग गलत कार्यों को करने के लिए ज्यादा किया जा रहा है।

सोशल मीडिया के वरदान- सोशल मीडिया का प्रयोग अनेकों प्रकार के कार्यों को करने के लिए किया जाता है। उसके ज़रिए कोई अनिवार्य सूचना पल भर में लक्ष लोगों तक भेजा जा सकता है और उनको जानकारी प्रदान की जा सकती है। आज टेक्नोलॉजी इतनी बढ़ गई है की एक देश के किसी कोने में बैठकर हम दूसरे देश में रह रहे अपने परिवार के किसी सदस्य या अपने मित्र से आपस में बात कर सकते हैं एवं एक दूसरे के साथ मेल-जोल बढ़ा सकते हैं। यूट्यूब पर शिक्षा एवं ज्ञान के लिए अनेक प्रकार के ज्ञानवर्धक चैनल चलाए जा रहे हैं जिसके द्वारा कोई भी मनुष्य किसी भी प्रकार का ज्ञान प्राप्त करने के साथ ही साथ अपना ज्ञान दूसरों में भी वितरित कर सकता है। पहले के समय में जब सोशल मीडिया नहीं था तब लोगों को कई जानकारी महीनों बाद प्राप्त होती थी या फिर घटना घटित होने के कुछ समय बीत जाने के बाद लोग चिढ़ी भेजते थे तो कहीं जाकर दूसरे व्यक्ति को जानकारी प्राप्त होती थी ऐसे बहुत

समय लग जाता था। कई कार्य जो आज कल चुटकियों में हो जाते हैं वह पहले महीनों में हुआ करते थे।

लोग सोशल मीडिया के ज़रिए अपने बिजनेस का विज्ञापन देते हैं और लाखों लोग इसी के ज़रिए पैसा कमाने का अवसर भी प्राप्त करते हैं। आज कल सोशल मीडिया बच्चों और अध्यापकों को ज्यादा ही पसंद आ रहा है क्योंकि घर बैठे ही बच्चे बहुत कुछ सीख सकते हैं और अध्यापक अपनी जानकारी घर बैठे ही सोशल मीडिया के माध्यम से दूसरों तक पहुंचा सकते हैं, उसके ज़रिए कुछ पैसे भी कमा सकते हैं। लोगों को जानकारी बाटकर समझ सेवा का भी कार्य कर सकते हैं। आज कल सभी लोग अपनी कला-कृतियाँ सोशल मीडिया पर ही दिखाते हैं। सोशल मीडिया आज कल सभी लोगों का बहुत ही दिलचस्प मनोरंजन का साधन बन चुका है।

सोशल मीडिया की नकारात्मकताएँ-

अधिकतम यूवक सोशल मीडिया के मोह में, आवश्यकता से अधिक सामान्य वहाँ पर बर्बाद करते हैं। जब से लोग सोशल मीडिया का प्रयोग काफी ज़्यादा करने लगे हैं तब से लोगों में बीमारियाँ भी बढ़ने लगी हैं। लोग सोशल मीडिया एक जगह बैठकर इस्तमाल करते हैं। वह कही आने-जाने अथवा टहलने, व्यायाम करने, खेलने, कूदने आदि की वजह से उनके अंदर कई बीमारियों आ जाती हैं। इससे लोगो की आंखों का भी काफी नुकसान होता है। सोशल मीडिया के ज़रिए कई लोग साइबर क्राइम करते हैं। वे किसी का पासवर्ड चुरा लेते हैं, उससे उनकी पर्सनल जानकारी ले लेते हैं या फिर उनके मोबाइल की फोटोस और विडियो को चुरा लेते हैं। जिन लोगों के पास सोशल मीडिया की अधिक जानकारी नहीं होती वे दूसरों के झांसे में आ जाते हैं, लोगों को उनकी पर्सनल चीज़ें हैक कर के उन्हें धमकाया भी किया जाता है। इसमें कई प्रकार के ऐसे साइट हैं कि सोशल मीडिया के ज़रिए भेजी जाती है जो लोगो को काफी लालच देने वाली होती है और लोग उसके झांसे में आकर उसमें फस जाते हैं। इस्तेमाल करने वाले अपने जरूरी काम छोड़कर इसको करते रहते हैं। लगातार एक ही जगह पर बैठे रहने से मोटापा बढ़ रहा है। सोशल मीडिया के यूजर्स अपने कीमती समय को नष्ट कर देते हैं जो वो अपने भविष्य को बनाने में इस्तेमाल कर सकते हैं। लोग सोशल मीडिया का इस्तेमाल करने के लिए बार बार अपने अपने फोन में इंटरनेट पैक करवाते हैं। इस तरह पैसों का नुकसान होता है। कुछ असामाजिक लोग सोशल मीडिया पर झूठी अफवा फैला देते हैं। वो किसी झुटी तस्वीर, वीडियो को एडिट करके पब्लिश कर देते हैं। जिससे तरह तरह की समस्याएँ पैदा होती हैं। कई बार दंगे भड़काने की कोशिश की जाती है। इसका नशा ही कुछ ऐसा है की

अच्छे अच्छे लोग इसकी चपेट में आ जाते हैं। कुछ लोग तो कई कई दिनों तक घर से बाहर ही नहीं निकलते हैं। वो अपने आस पड़ोस में लोगों से मिलना जुलना बंद कर देते हैं। पड़ोस में क्या हो रहा है, उससे बेखबर रहते हैं।

आज के लेख में आपको सोशल मीडिया का समझ पर प्रभाव के बारे में विस्तार से पता चल चुका होगा। यदि हम इसका सोच समझ कर इस्तेमाल करेंगे तो यह यह फायदेमंद साबित होगा। और अगर ऐसा ना करे तो बहुत नुकसान होगा। अब यह बात हम मनुष्य पर निर्भर करती है के हम इसका उपयोग किस तरह करें। सोशल मीडिया एक ऐसी प्रौद्योगिकी है जो हमारे समाज को बहुत आगे बढ़ा

सकती है। तो हमें इस बात का दिहान रखना चाहिए और इसका प्रयोग करना चाहिए। वैज्ञानिकों ने सोशल मीडिया को हमारे जीवन में महत्वपूर्ण कार्य करने के लिए आविष्कार किया है। इसलिए अब यह बात हम पर निर्भर करती है के हम सोशल मीडिया को वरदान बनाते हैं या अभिशाप।

चेहरे पर फेसबुक सी रैनक है,
दिल व्हाट्सएप हुवा जा रहा है।
समाज से कट कर भी,
इंसान सोशल हुआ जा रहा है।।

अबला जीवन हाथ तेरी यही कहानी..

लक्ष्मी राय
ग्यारहवीं कला

किसी पर भी अन्याय तथा अत्याचार किसी सभ्य समाज की निशानी नहीं हो सकती है फिर समाज के एक बहुत बड़े भाग यानी, स्त्रियों के साथ ऐसा करना प्रकृति के विरुद्ध है। नारी को भी वह सभी प्रकार के अधिकार हासिल होने चाहिए जो किए गए पुरुष को है। उन्हें अबला मानकर उन पर अत्याचार करने का आशय कार्यरत है.....

कन्या भ्रूण हत्या:-

कन्या से लिंग परीक्षण जाँच के बाद, बालिका शिशु को हटाना कन्या भ्रूण हत्या है। केवल पहले लड़का पाने की परिवार में बुजुर्ग सदस्यों की इच्छाओं को पूरा करने के लिए जन्म से पहले बालिका शिशु को गर्भ में ही मार दिया जाता है। यह सभी प्रक्रिया पारिवारिक दबाव, खासतौर से पति और ससुराल पक्ष के लोगों के द्वारा की जाती है। गर्भपात कराने के पीछे सामान्य कारण आयोजित गर्भ है, जबकि कन्या भ्रूण हत्या परिवार द्वारा की जाती है। भारतीय समाज में अनचाहे रूप से पैदा हुई, लड़कियों को मारने की प्रथा सदियों से है। लोगों का मानना है, कन्या भ्रूण हत्या का मुख्य कारण बालिका शिशु की तुलना में बालक शिशु की प्राथमिकता है। पुत्र आय का मुख्य स्रोत होता है, जबकि लड़कियाँ केवल उपभोग के रूप में होती हैं। समाज में यह गलतफहमी है, कि लड़के अपने अभिभावक की सेवा करते हैं, जबकि लड़कियाँ पराया धन होती हैं। पुरुषवादी भारतीय समाज में महिलाओं की स्थिति निम्न है। अभिभावक मानते हैं, कि पुत्र समाज में अनेक नाम को आगे बढ़ाएंगे, जबकि लड़कियाँ केवल घर संभालने के लिए होती हैं। तकनीकी उन्नति ने कन्या भ्रूण हत्या की सरलता बढ़ा दी है।

पारिवारिक अत्याचार:-

बचपन से ही लड़कियों को सिखाया जाता है कि, उन्हें किस प्रकार बैठना है, किस प्रकार लोगों से बात करना है, “अगर तुम लड़की हो तो तुम्हें जोर से नहीं हँसना है, तुम्हें घर का काम सीखने है,

किस प्रकार के कपड़े पहनने चाहिए, लड़कों के साथ बात नहीं करनी है, तुम अकेले कभी बाहर नहीं जाओगी” और भी कई पारिवारिक अत्याचार उन पर किए जाते हैं।

दहेज:-

दहेज शादी के समय लड़की के परिवार द्वारा लड़के के घर वालों को दिया जाता है। दहेज के रूप में गाड़ी, सोने और चांदी के जेवर, संपत्ति इत्यादी दी जाती है। इस समय माता-पिता अपनी बेटी को दहेज इसलिए देते हैं, जिससे कि वह अपने पति के घर में सुरक्षित रह सके। सुरक्षित रह सके? जी हाँ क्योंकि अगर दुल्हन शादी के बाद, ससुराल में दहेज नहीं लाती तो उसको मानसिक और शारीरिक रूप से मूर्छित किया जाता है। इसी कारणवश माता-पिता अपनी बेटी की सुरक्षा के लिए दहेज देते हैं। और दूल्हे के परिवार की सभी शर्तें भी पूरी कर देते हैं। माता-पिता द्वारा दिए गए पैसे और गहनों को स्त्रीधन के नाम से बुलाया जाता है। वैसे तो, यह सब उस लड़की का होता है। परंतु, ससुराल में आने के पश्चात यह सब कुछ और अन्य दहेजरूपी “भेंट” लड़के वालों का हो जाता है। दहेज की माँग बिना किसी शर्म के की जाती है। इन माँगों को सहर्ष पूरा किया जाता है। अगर दहेज नहीं दिया जाता तो रिश्ता न करने की धमकी दी जाती है। आज के ज़माने में, लड़के के घरवाले लालच में आकर मनचाही रकम दहेज के रूप में माँगते हैं। दहेज की माँग इसलिए की जाती है क्योंकि लड़के के परिवार की सामाजिक इज्जत बची रहे। देख- दिखावे के लिए भी दहेज दिया जाता है। लड़के को आर्थिक रूप से मजबूत करने के लिए दहेज का उपयोग होता है।

काम-काज

कई बार लड़की की शादी के बाद बहुओं को बाहर काम करने नहीं दिया जाता। उन्हें उनके ससुराल वाले अनुमति नहीं देते। वे सोचते हैं, यदि वे काम पर जाएंगी तो हमारा बेटा पीछे हो जाएगा। अगर

वह काम पर गई तो घर का काम करने के लिए कोई भी नहीं रहेगा, घर के बच्चों को कौन संभालेगा? ऐसे कई बातों और दबाव के कारण लड़कियाँ विवाह के बाद बाहर काम करने नहीं जा पाती हैं।

समान कार्य के लिए समान वेतन:-

कई बार ऐसा होता है कि किसी भी कार्य को पुरुष करे तो उसे अधिक आमदनी मिलती है परंतु, वही काम स्त्री करे तो उसे समान वेतन नहीं मिल पाता। चाहे उस काम में उस लड़की ने कितनी भी मेहनत की हो, अए समझकर या धमकाकर चुप करा दिया जाता है। पर कई स्थानों पर अब यह नहीं हो रहा है। लड़कियों को समान कार्य के लिए समान वेतन मिलता है। एक मजदूर का ही उदाहरण ले लेते हैं। इस क्षेत्र में औरतों को आदमियों की तुलना में कम पारिश्रमिक मिलता है।

बिन ब्याही माँ:-

हमारे समाज में ऐसा कई बार होता है कि कुछ लड़कियाँ शादी से पहले ही माँ बन जाती हैं। उन पर बहुत अत्याचार किया जाता है। जैसे उन्हें समाज में सिर उठाकर रहने की अनुमति नहीं मिलती है, उन्हें परिवार से भी निकाल दिया जाता है, जिस वजह से उनका और कोई सहारा नहीं होता। यदि वह समाज में रह भी ले तो, उन्हें बच्चे

होने के बाद उन बच्चों को समाज में कोई भी नहीं अपनाता। समाज के कई ताने सुनने पड़ते हैं और किसी भी विद्यालय में दाखिला नहीं मिल पाता। ऐसी बहुत सी मुश्किलों से बिन ब्याहीमाँ और उसकी संतान को गुजरना पड़ता है।

नारी शिक्षा:-

शिक्षा प्राप्त करना प्रत्येक के लिए महत्वपूर्ण है। परंतु हमारे देश में आज भी कई बालिकाओं को शिक्षित नहीं किया जाता है। उनके परिवार में यह समझा जाता है कि बेटी विवाह होकर दूसरे घर ही तो जाएगी! उन्हें शिक्षित करके क्या लाभ होगा? अशिक्षित होने के कारण उन्हें अपने अधिकारों के बारे में जानकारी नहीं होती है। वह अपने अधिकारों के लिए लड़ नहीं पाती हैं।

अपने लेख को प्रगति की आशा के साथ समाप्त करते हुए मैं यही कहना चाहूँगी-

साथ निकलेंगे आज नर-नारी,
लेंगे कांटों का ताज नर-नारी।
दोनों संगी है और सहचर है,
अब रचेंगे समाज नर नारी।

पापा आप कहाँ है ?

पापा जब मैं आप के बारे में सोचती हूँ तो मेरे चेहरे पर हमेशा एक बड़ी सी मुस्कान आ जाती है। पर अब ऐसा लगता है कि आप अपने साथ वह मुस्कान भी ले गए।

“जा बेटी, जितना ऊँचा उड़ सकती है उतना ऊँचा उड़। जा बेटी, अपने सपनों को पूरा कर। जा बेटी अपनी उड़ान भर ले।”

पापा अभी तो मैं कमला से तितली बनी हूँ। अभी तो मुझे उड़ना है।

पर... पापा, आप कहाँ हैं ?

जब रात आठ बजे घंटी बजती थी तो मैं दौड़ कर जाती थी और आप के गले लग जाती। जब अब घंटी बजती है तो आप नहीं होते।

पापा, आप कहाँ हैं ?

“पापा की परी है”- आप मुस्कुरा कर कहते। आपकी परी तो यहीं है। पर... पापा, आप कहाँ हैं ?

हर रात प्यार से आप मुझे अपने सीने पर सुलाते। सोती तो मैं आज भी हूँ। पापा, आप कहाँ हैं ?

जब आपने नयी गाड़ी खरीदी मैं गर्व से अपने सारे दोस्तों को दिखाती।

वह गाड़ी तो अभी भी यहीं है

पापा, आप कहाँ हैं ?

रुशदा शमसी

प्रथम वर्ष बी.ए

आप माँ को प्यार से अपनी रानी बुलाते
वह रानी तो यहीं है अपने राजा के इंतज़ार में
पापा, आप कहाँ हैं ?

मुझे याद है। जब मैं पहली कक्षा में पास होकर दूसरी कक्षा में गयी थी, आप और माँ कितने खुश हुए थे, आप ने मुझे नए खिलौने दिलाए थे। फिर हम रात को खाने के लिए बाहर गए थे। हम ने आइसक्रीम भी खायी थी। कितना मज़ा आया था! पापा, आज तो मैं कक्षा में प्रथम आयी हूँ। आज माँ और मैं खाने के लिए बाहर जा रहे हैं।

पर पापा, आप कहाँ हैं ?

मुझे याद है घर पर एक दिन बड़ा सा सिलिंडर आया था।

आपकी ऑक्सीजन तो यहीं है

पर पापा, आप कहाँ हैं ?

एक कागज़ का टुकड़ा गोल लिपटा हमेशा आपकी दो उँगलियों के बीच रहता।

आप उसे सिगरेट कहते।

आप की सिगरेट तो यहीं है

पर... पापा, आप कहाँ हैं ?

पापा, आप कहाँ हैं ?

“विश्वबंधुता” का अर्थ है समस्त संसार को अपना भाई समझना। वर्तमान समय में हर देश एक दूसरे के साथ युद्ध के लिए तत्पर है, ऐसे में यह बात बिल्कुल सत्य है कि विश्वबंधुता वर्तमान युग की माँग है। तुलसीदास ने इसी विश्वबंधुता को, ‘वसुधैव कुटुंबकम्’ के नाम में संपूर्ण संसार को एकजुट रहने की सलाह दी थी।

“जब रहेगी विश्वबंधुता, तो प्रसारित होगी मानवता”

अमेरिका द्वारा जिस तरह से अफ़ग़ानिस्तान और इराक पर हमला किया गया, उसमें कितने बेगुनाह लोगों की जाने गई। भारत और पाकिस्तान के बीच जिस तरह से दूरियाँ बढ़ रही हैं, उसे देखते हुए यही लगता है कि यदि ऐसे ही चलता रहा, तो भाई- भाई के जान का दुश्मन बन जाएगा। ऐसे में प्रेम, आपसी सहयोग, भाईचारा, मानवता आदि गुणों के माध्यम से लोगों को एकता के सूत्र में पिरोकर विश्वबंधुता का भाव फैलाया जा सकता है। महात्मा गांधीजी ने कहा था – “कोई भी राष्ट्र तब तक विकास नहीं कर सकता जब तक वहाँ के लोगों में सत्य, अहिंसा और प्रेम का भाव न हो”।

“हमको भाई पर करना होगा उपकार,
तब भाई का भाई पर होगा कुछ अधिकार।”

आज बढ़ते हुए भ्रष्टाचार, अपराध लूट-पाट, आदि के लिए दायी कौन है? इसके लिए ज़िम्मेदार हम स्वयं हैं क्योंकि हम अपने ही भाइयों से ईर्ष्या रखते हैं और उनसे आगे निकलने की धुन में अपराध करते हैं। अतः आस्तीन का साँप कहीं बाहर नहीं बल्कि हमारे मन में ही है। हमें इस स्वार्थ के राक्षस को अपने मन से निकालना होगा तब कहीं जाकर हम विश्वबंधुता की ओर अग्रसर हो पाएंगे। वर्तमान समय में हमारे सामने सबसे बड़ी चुनौती अपने एकता को बचाने की है क्योंकि भारत उस दुर्गा और दरगाह की पूजनीय भूमि है जो अखंडता में विश्वास करते थे।

“वर्तमान युग की मांग है विश्वबंधुता।
अपराध, हिंसा और भ्रष्टाचार को मिटाने का साधन है विश्वबंधुता”।
अतः विश्वबंधुता ही समाज में मानवता को बनाए रखने का सर्वोत्तम साधन है इसलिए प्रत्येक व्यक्ति को विश्वबंधुता का संरक्षण करने के लिए हर संभव प्रयास करना चाहिए।

देखा है मैंने इंसान के रूप में एक विधाता
अपनी खाहिशें भुलाकर मेरी पहचान है बनाता
मेरे ज़िंद के आगे जो हर बार है झुक जाता
है मेरा पिता, मेरे लिए मेरा विधाता

तकलीफें अपनी हर किसी से हैं छुपाता
मेरे सपनों की किस्ते अपने पसीने से हैं चुका था
खुद धूप में खड़े होकर मुझे छांव में हैं बैठाता
मेरा पेट भर कर अपनी भूख पानी से हैं मिटाता

सारी मुश्किलों से वह अकेला ही लड़ता
फिर भी मेरे सामने फीका ना पड़ता
अंधेरी राहों में मेरी रोशनी वह बन जाता
हर मंजिलों तक मेरा साथ है निभाता

दर्द में भी वह हर दम है मुस्कुराता
मेरी हर खुशियाँ अपनी समझकर है मनाता
उस की मजबूरियाँ देख मेरा मन भी भरा आता
इसीलिए है मेरा पिता, मेरे लिए मेरा विधाता

“जीवन”

ए जिंदगी तू बड़ी मजेदार है,
तेरे किस्से कई, तेरे कई किरदार है,
तू खुदा से मिलाएक उपहार है,
ए जिंदगी तू बड़ी मजेदार है ,

जीवन ईश्वर का दिया हुआ एक मूल्यवान उपहार है। यह हम पर निर्भर करता है कि इसे अच्छे कर्मों द्वारा सफल बनाएँ या बुरे कर्मों द्वारा विफल बनाएँ। जीवन से प्रेम तो सभी को होता है फिर चाहे जीवन जिने वाला इंसान भले वह कितने ही कष्टों में क्यों न हो। आज जीवन जीने का आनंद इस प्रकार नष्ट हो रहा है कि मानो पतझड़ के मौसम में वृक्षों से पत्तियाँ एकाएक नष्ट हो रही हो। जीवन हमें हर क्षण, हर दिन नई शिक्षा प्रदान करती है। यह हमें कई बार असफलता दिलाती है परंतु अथक परिश्रम और धैर्य के पश्चात सफलता भी दिलाती है। हम घमंडी ना हो जाए इस कारण यह हमारी निंदा भी करवाती है, परंतु गलतियों का एहसास होने पर प्रसिद्धि भी दिलाती है।

जीवन किस्से कहानियों का रचैता होता है। हमारी दिनचर्या में किए जानेवाला हर पल छोटे-छोटे किस्से बनते हैं और जीवन के अंत में एक कहानी बन जाती है, जिसे “जीवनी” या “जीवनगाथा” भी कहते हैं। स्वामी विवेकानंद जी की कहानी हम जानते हैं। छत्रपति शिवाजी महाराज के विषय में हमने सुना है। महात्मा गांधी और पण्डित जवाहरलाल नेहरू की गाथाएँ हम इतिहास में पढ़ते हैं। मर्यादा पुरुषोत्तम श्री राम की कहानी अपने आप में एक आदर्श को दर्शाता है। आज हम इन महान पुरुषों की जीवनी को बड़े गर्व और प्रशंसा के साथ सुनते और सुनाते हैं, यह सब उनके जीवन के किस्से हैं, जो जीवन द्वारा लिखी गई हैं।

जीवन एक चलचित्र (फिल्म) है जिसमें चलचित्र के अभिनेता/अभिनेत्री हम स्वयं ही होते हैं। जीवन हमें कई पात्रों का अभिनय करने का अवसर प्रदान करती है, जैसे बेटा-बेटी, पोता-पोती, पति-पत्नी, मां-पिता, दादा-दादी इत्यादि। परंतु बड़े दुःख के साथ यह कहना पड़ रहा है कि आज का मानव इसकी मूल्यता से अंजान है। आज का मानव अपने पात्रों से घबरा रहा है, अपने कर्तव्यों से विमुख होता जा रहा है। आज का मानव जीवन को जीना ही नहीं चाहता बल्कि उसे “आत्महत्या” जैसे पाप में डूब रहा है। वह व्यक्ति अपने किस्सों और किरदारों को बिना लिखे और बिना निभाए ही जीवन नष्ट कर देता है। जरा सोचिए। अगर आज उन महान पुरुषों ने भी यही किया होता तो शायद ही हम आज उनके गुणगान कर पाते। समय का विपदाओं और असहज परिस्थितियों से घबरा कर यह कदम उठाना उचित नहीं है। जीवन द्वारा मिले सुनहरे अवसरों का सदुपयोग करके जीवन को सार्थक बनाना हमारा कर्तव्य है। जीवन रूपी चलचित्र में अच्छा अभिनय करके अपने चलचित्र को बहुत सफल चलचित्र (ब्लॉकबस्टर) बनाना है, ताकि लोगो की यादों में और उनके मुखमंडल पर हमारे चलचित्र की “रजत जयंती” (सिल्वर जुबिली) और “स्वर्ण जयंती” (गोल्डन जुबली) मनाई जाती रहे।

अंतः इतना ही कहूँगी कि ..
आज मिला है मौका फिर से, जीवन को जीने का,
यदि चूक हुई कोई तो पश्चाताप होगा,
जीवन को खोने का,
समय है खुशियों में हंसलो जी भर के ,
आज है मौका जीवन को जीने का।

जो दुःख उठाकर भी मुस्काती है ,
 बच्चों की खुशी में ,
 माँ सब कुछ हँसकर सह जाती है,
 वो ईश्वर का नज़राना है,
 उसे दुःख देकर क्या नर्क में तुमको जाना है ?
 चाहे मीत रहो तुम औरो के,
 माँ प्रीत से ही राज़ी हैं ,
 छू लो उसके चरणों को ,
 मां ही स्वर्ग की चाबी है ॥

माँ गंगा भी माँ यमुना भी ,
 मां ही धरती जहान है ,
 कर ले उसकी पूजा तू ,
 वह तो एक वरदान है ,

दुःख के आंसू को पी कर,
 मां मीठा दूध पिलाती है ,
 रक्त का अपने सिंचन कर ,
 माँ युवा हमें बनाती है ,

एक बार सुल्तानपुर नाम के गाँव में एक रामनाथ नाम का व्यक्ति अपने परिवार समेत रहता था। रामनाथ एक साधारण कर्तव्यनिष्ठ पुरुष था। रामनाथ का परिवार छोटा और सुखी परिवार था। परिवार के सभी सदस्य भगवान की भक्ति में लीन रहते थे, लेकिन बुरी लत के कारण आर्थिक स्थिति बहुत दीन थी।

रामनाथ की आर्थिक दशा जर्जर होने के कारण वह अक्सर बच्चों की पढ़ाई के लिए चिंतित रहता था और चिन्तमग्न रामनाथ बुरे मार्ग पर चल पड़ा। कुसंगत के कारण वह नशा करने लगा, अपना समय ऐसे दोस्तों के साथ व्यतीत करने लगा जो अक्सर नशे में गुम रहा करते थे। बच्चों की पढ़ाई की चिंता तो रहती ही थी, पर दूसरी ओर उसे स्वयं की चिंता भी होने लगी जो की छूट नहीं पा रही थी। तब रामनाथ की पत्नि ने घर-घर में जाकर घरेलु कार्य करने शुरू किए। काम करके कुछ पैसे कमाती और अपने बेटे की पढ़ाई कभी नहीं रुकने दी। रामनाथ नशे में इतना चूर हो जाता था कि कभी-कभी तो वह घर भी नहीं लौटता था। कभी चौराहे के पास तो कभी सड़क के किनारे पड़ा रहता था। कितने सारे लोग उसे देखते ही ताने कसते, अनाप-शनाप बकते और उसे नज़र अंदाज़ करके दूसरी ओर चले जाते थे। एक दिन रामनाथ नशे में नहीं था और कौन क्या कह रहा था वह उसे सुनाई दे रहा था। रामनाथ को शर्मिंदगी महसूस हुई और उसे अपनी गलती का एहसास हुआ। उसी क्षण वह भगवान से प्रार्थना करने लगा, माफी भी मांगने लगा। पास ही में एक भव्य मंदिर था। वह खुद को घसीटा-घसीटा मंदिर के द्वार पर जा पहुँचा व

रामनाथ रुआँसा होकर क्षमा याचना रहा था। किसी कोने से एक संत उन्हें देख रहे थे। मानो ऐसा प्रतीत होता जैसे भगवान उन्हें स्वयं देख रहे हो। संत ने कहा “जाओ भक्त अपनी बुरी आदतों का सर्वनाश करो और वचन दो कि अपना जीवन कर्तव्यों का पालन करके शुरू करोगे”। रामनाथ ने यह सुनते ही अपने आप से प्रण ले लिया कि वह बुरी आदतों को अपने जीवन में बाधा बनकर पुनः नहीं आने देगा। रामनाथ ने पहले दिन नशा नहीं कर पाने की दिक्कतें झेल ली पर चौथे दिन रामनाथ से रहा ना गया और उसने अपनी सारी प्रतिज्ञाओं पर पानी फेर दिया। स्थिति कुछ ऐसी हुई कि संत उससे क्रोधित हो गए और उसकी भक्ति और आस्था पर स्वयं भगवान को भी जैसे विश्वास नहीं रहा। लेकिन कहते हैं ना कि समय जब करवट लेता है तो कुछ अच्छा ही लेकर आता है। जैसे अंधकार के बाद उजाला छा जाता है, वैसे ही रामनाथ ने पीड़ा में जीकर स्वयं को अब उन बुरी आदतों से मुक्त किया। अपने परिवार को कष्टों से उभारने के लिए बहुत जरूरी था कि पहले रामनाथ अपने नशा न करने के कष्ट से मुक्ति पा ले।

रामनाथ ने बहुत स्थिर होकर अपने अंतिम समय तक स्वयं को सिद्ध मनुष्य प्रमाणित किया और बच्चों ने भी कड़ी मेहनत की और अपने संघर्ष से, लगन से, मेहनत के बल पर रामनाथ का बेटा जिलाधिकारी बन गया। रामनाथ के साथ-साथ रामनाथ का पूरा परिवार अब परिपूर्ण और प्रसन्न है।

दोस्तो के बिना है अपनी अधूरी जिंदगी,
जो बात ना कीएक दिन, तो लगे सूनी जिंदगी,
भले हीएक ही हो मित्र सच्चा,
मेरे लिए वही हो सबसे अच्छा,
लगे वह हरदम अपना-सा,
ना सिर्फ होएक सपना-सा ।

रुठ कर कहो तो मुस्कान माँग लो,
तमन्ना यही है कि दोस्ती मत तोड़ना,
फिर चाहें हँसकर हमारी जान माँग लो ।

ऐ मेरे दोस्त,
प्यार से चाहो तो आसमान माँग लो,

कभी दोस्त हमें बिगाड़े, भटकाएँ,
तो कभी हमें समझाए,
एक साथ जो खुशियाँ बाँटे, संग हमारे गम बाँटे,
वही तो सच्चे दोस्त कहलाए ।

भैया तो घर का राजा है,
मैं लड़की अभिशाप हूँ,
तू इस धरती के पुण्य का फूल,
मैं इस धरती का पाप हूँ ।

तू पढ़ने जाए भाई मेरे,
मैं मन मसोस कर रह जाती हूँ,
माता- पिता की लड़की हूँ,
इसी का फर्ज निभाती हूँ ।
जो पड़े कभी बीमार तुम,
हर तरफ उदासी छाती है,
तेरे इलाज के लिए भाई मेरे,
डॉक्टरों की फौज घर आती है ।

मैं पड़ी अगर बीमार कभी,
तो कहते फिरते यही सभी,
क्या खूब बहाने करती है,
बर्तन धोने से डरती है ।

तू पहने कपड़े मलमल के,
तेरे चेहरे से खुशियाँ झलके,
मैं फटी पुरानी कपड़ों में,
खुश रहती हूँ आँखें मल के ।

क्योंऐसा अंतर है भाई मेरे,
हम जबएक ही गर्भ से आए हैं,
लड़का-लड़की में फर्क क्यों,
जब दोनों को खुदा के बनाए हैं ।

कितनी भीड़ है आस पास,
क्यूँ फिर भी, अकेले हैं हम,
कुछ दर्द हैं जो दिल में दबाए बैठे हैं,
कुछ बातें हैं जो अपने में ही छुपाए बैठे हैं।

कितनी घनी आबादी में,
एक चींटियों सी दौड़ है,
मंजिल का कुछ पता नहीं,
एक जिद है आगे निकलने की
चाहे पीछे हो जाए दूजा कोई।

कितनी अजीबो-गरीब सी दुनिया है यह,
कोई अखबार बाँटकर पल रहा,
तो कोई अपनी औड़ी में चल रहा,

कुछ भूखे प्यासे सो रहे,
तो कुछ खाना फेंक कर अपना आपा खो रहे।

इस भाग दौड़ के समय में,
कुछ ऐसे खूबसूरत से लोग हैं,
जिन्हें फिर नहीं जमाने की
ना पीछे रहने, ना आगे जाने की
वे खुश हैं अपने आप में ही,
उन्हें जरूरत नहीं किसी बहाने की।

अब पता नहीं क्या सही-गलत,
माफी अगर कई चाहता कोई,
बस चल दिए हैं भीड़ में,
ढूँढ़ रहे खुश रहने की दवा कई।

यह पल

कब तक बस यूँ ही,
उस पल का इंतजार करते रहोगे ?
कब तक बीते हुए पल को याद करके,
यूँ ही मुस्कुराते रहोगे ?
कब तक उस पल के बारे में सोचते रहोगे,
जो आया भी नहीं है ?

पल, यह भी जीने वाला है।
जीकर तो देखो क्या भरोसा
आने वाले से ज्यादा बेहतर हो,

क्या भरोसा बीते हुए पल के बारे में सोचकर जितना मुस्कुराते हो,
उस से ज्यादा खुश रहो।
ऐसा ना हो कि आने वाले पल के बारे में ही सोचते रह जाओ,
और यह पल, यह जीने वाला पल यूँ ही गवाओ।

पल यह भी जीने वाला है।
जो आएगा उसे भी देख लेंगे।
और जो बीत गया वह तो साथ है ही।
पल यह भी जीने वाला है।
जीकर तो देखो,
क्या पता यही सबसे प्यारा हो जाए ।

मुलाकातें करनी है,
जो बातें मैंने किसी और से नहीं कही,
वह शायद तुमसे कहनी है।

कुछ यादें बनानी है,
कुछ वादे निभाने हैं,
जो चीजें किसी और के साथ नहीं की,
वह शायद तुम्हारे साथ करनी है।
सुनो,
आज तुमसे कुछ सवाल करना है,
आते-आते जवाब लेते आना।

कुछ रिश्तों ने दिल को बहुत चोट पहुँचाई है,
पर उनके साथ रहना अब मैंने सीख लिया है,
पर सुनो,
कुछ जख्म मुझे अब भी दर्द देते हैं,
तुम आना तो मरहम लेते आना।

मैं लोगों से ज्यादा बात नहीं करती,
शायद दिल टूटने का खौफ है,
पर तुमसे बातें करने को जी चाहता है।
सुनो,
मुझे सिर्फ तुमसे उम्मीदें हैं,
तुम आना तो भरोसा लेते आना।

सिर्फ दोस्त ?

तुम मुझे पसंद थे पर कभी हिम्मत नहीं हुई बताने की,
दिल से पूछा ऐसा क्यूँ , उसने कहा पता नहीं।

तुम्हें देखने के लिए मैं कई बहाने बनाती,
तुम्हें मुस्कुराता देख मैं भी मुस्कुरा देती।

एक बार हड़बड़ी में टकरा गई तुमसे,
ध्यान नहीं दिया तुम थे और चली गयी वहाँ से।

बाद में जब पता चला तुम थे तो माफी मांगा अच्छे से,
हंसते हुए तुमने कहा, “लो माफ़ कर दिया झट से”।

हम दोस्त बन गए और बातें होने लगी हमारी,
पता नहीं यह पसंद प्यार में कब बदल गई न्यारी

चाहते हुए भी प्यार का इज़हार हो नहीं पा रहा था,
मेरा मन बहुत ज़्यादा घबरा रहा था।

तुम मुझसे कई बार पूछते कि मुझे कुछ कहना है क्या
लाज शर्म से लाल होकर मैं हमेशा कह देती “ना”।

एक दिन तुम्हें किसी लड़की के साथ देखा,
उसके साथ देखके मुझे अजीब सा लगा।

प्रथम वर्ष बी.ए.

उस लड़की के बारे में पूछा तो पता चला,
की वह थी तुम्हारी प्रेमिका।

धक्का लगा यह जानकर की तुम्हारी प्रेमिका भी है,
रोना आ गया यह सुनके कि तुम्हारा ट्रांसफर हो रहा है।

मुझे रोता देख तुमने मुझे गले लगाके चुप कराते हुए कहा,
“रो मत, तुम मेरी अच्छी दोस्त हो और याद रहोगी सदा”।

दोस्त। क्या सिर्फ दोस्ती थी हमारे बीच में!
तुम्हारे लिए मेरे प्यार को पहचाना नहीं तुमने ?
या मेरे लिए कुछ भी नहीं था क्या तुम्हारे मन में ?

तुम्हारा इंतज़ार करना अब मेरी बेवकूफी होगी
यह जानते हुए भी कि तुम्हारे ज़िंदगी में है कोई लड़की।

कैसे भुलाऊं इस प्यार को मैं नहीं जानती,
वास्तव में इस प्यार को मैं भूलना नहीं चाहती।

आखिर तक मैं तुमसे अपने प्यार का इज़हार न कर पाई,
प्यार के बदले सिर्फ दोस्त बनके रह गई तुम्हारी।

मन का साथ

ऐसा नहीं कि मैं तुझे याद नहीं करती,
मुझे बहुत ज़्यादा याद आती है तेरी

स्मरण आती है मुझको बात यही,
जो सालों पुरानी पर ताज़ा है वही -

कि कुछ पाँच साल की दोस्ती थी हमारी,
पर लगता था यह दोस्ती है कई साल पुरानी

तेरे साथ कई अच्छे पल बिताए हैं मैंने
यादों की झोली को इकट्ठा भरा हैं हमने।

साथ मिलकर बदमाशियाँ काफी करते थे हम
करके रख देते थे सबके नाक में दम।

पर अब, हम साथ नहीं है, तू पास नहीं है
क्योंकि तू दूर जा चुका है,
सिर्फ मुझसे नहीं, सबसे

तेरे साथ एक हादसा हुआ था,
खून बहुत बह चुका था

जब तक तुझे अस्पताल ले जाते,
अपना दम तोड़ दिया था तूने

सदमा सब को बहुत ज़्यादा लगा था,
किसी को विश्वास नहीं हो रहा था

इतने कम उम्र में तेरा चले जाना,
सब को बहुत दुख पहुँचा रहा था

मैं भी बिल्कुल टूट गई थी अंदर से,
बहुत अकेलापन महसूस हुआ था मुझे।

अब दस साल हो गए तुझे गए हुए,
पर मन ही मन तू साथ है मेरे

याद तो तू अब भी बहुत आता है,
पर अब रोती नहीं हूँ मैं तुझे याद करके

मुझे याद करके कभी रोना मत यह कहा था तूने,
इसलिए अब मुसकुरा देती हूँ मैं रोने के बदले

तू मेरे पास ना होकर भी साथ है मेरे,
मन का साथ ही सही, पर करीब हूँ मैं तेरे।

अधूरी उड़ान

उड़ान भरने से पहले ही
मेरे पंख काट दिए थे।
भूल गए थे वे शायद कि मेरे पास मेरे हाथ हैं!
लो बना लिए मैंने पर नये

अब भरने जा रही हूँ वह अधूरी उड़ान।
हवा भी मेरा नाम चिल्ला कर पुकार रही है
छुके मानो मुझसे कह रही है—
“पंख खोल कर बह जा मुझमें”।

कोविडचा नातेसंबंधावर झालेला परिणाम

मानव हा पंचमहाभूतांपासून बनलेला आणि आत्मभान बाळगून जगू शकणारा सामाजिक व विचारशील प्राणी आहे. आदिमानवाची नाळ निसर्गाशी जुळलेली होती. संस्कृती आकारास येऊ लागल्यानंतर इतरांशीही त्याने लागेबांधे जुळवले. काळाच्या ओघात प्रगतीची शिखरे पादाक्रांत करण्याच्या नादात मात्र माणूस हळूहळू विसरून गेला की तो पंचमहाभूतांपासून बनला आहे आणि त्या सगळ्यांची त्याला गरज आहे. इतकेच नव्हे, तर तो हेही विसरला की त्याला एकमेकांची देखील गरज आहे.

असे म्हणतात की पूर्वीच्या काळात आजार विशेष करून होत नसत. त्याला कारणही तसेच होते. हवा शुद्ध होती. नातेसंबंध सुटू नव्हते. माणसाचा परस्परंशी आणि स्वतःशी संवाद चालू होता. पण बदलत्या काळात माणसाला स्वतःशी संवाद साधणं जणू दुरापास्त झालं आहे. घरच्या मंडळींनाही वेळ देणे अतिशय महत्वाचे असते. आई-वडिलांचा एकमेकांशी आणि मुलांशी संवाद होणे, घरातील ज्येष्ठांशी संवाद होणे या बाबी अत्यंत महत्वाच्या आहेत. परंतु आजच्या धकाधकीच्या जीवनशैलीमुळे माणसाला एकमेकांना वेळ देणं जणू काही अशक्य झालं आहे.

एखाद्या घरात जर विचारलं की पालकांनी मुलांना जवळ घेऊन त्यांच्याशी किती वेळ संवाद साधला आहे किंवा कुटुंबियांशी मनमोकळेपणाने संवाद साधला आहे? तर बऱ्याच ठिकाणी उत्तर असंच येईल - अगदी अत्यल्प किंवा अजिबात नाही. आज जे अनेक ताणतणाव निर्माण झाले आहेत, त्यांचे एक मुख्य कारण कमकुवत झालेले नातेसंबंध हे सुद्धा आहे.

कोणाबरोबर?

1. निसर्गाबरोबर
2. एकमेकांबरोबर
3. स्वतःबरोबर

आणि या सगळ्यांवर कोरोना जणू काही उतारा ठरला आहे! इष्टापत्तीच म्हणा ना! कोरोनामुळे माणसाला जबरदस्तीने घरात रहावे लागले आणि त्याचे बऱ्याच अंशी चांगले परिणाम दिसून येत आहेत. ज्या पालकांचा मुलांशी फक्त व्हॉट्सअप आणि ई-मेलद्वारे संपर्क होत होता, ते आता प्रत्यक्ष एकमेकांशी बोलू शकले. कारण घरातच राहिल्यामुळे एकमेकांशी सामना होणं हे ओघानेच आलं आणि सामना झाल्यामुळे बोलणंही सुरू झालं. तसेच घरगुती जबाबदारींबद्दल ऑफिसवाल्यांनी आणि ऑफिसच्या बांधिलकीबद्दल घरच्यांनी समजून घेतलं, त्यामुळे कौटुंबिक

संबंधात सुधारणा झाली, असं मला वाटतं.

बऱ्याच लोकांना आपल्या कामाच्या ताणामुळे/व्यापामुळे नातेवाईकांशी सुद्धा महिनोन् महिने फोनवरून देखील संवाद साधणं, त्यांची विचारपूस करणं किंवा चौकशी करणं शक्य होत नव्हतं. यानिमित्ताने प्रत्यक्ष नव्हे; परंतु व्हॉट्सअप, झूमसारख्या ॲपद्वारे एकमेकांशी संपर्क साधून नातेसंबंध सुधारण्यास निश्चितपणे मदत झाली.

रोजगार, घरदार, आप्तेष्ट गमावलेल्यांचं दुःख मोठंच होतं पण या काळ्या ढगालाही एक चंदेरी किनार होती. एरवी आपल्या कोशातून बाहेर न आलेल्या अनेकांना आपल्या भोवतालाची जाणीव झाली. इतरांना मदत करण्याची प्रेरणा मिळाली आणि अनेकांनी त्यावर अंमलबजावणी करत माणुसकीचा एक भलामोठा सेतू उभा केला. ही माणसाची माणसाशी नाळ जोडण्याची सुसंधी होती.

कोरोनामुळे माणसाचे निसर्गाशी असलेले नातेसंबंध देखील सुधारले आहेत, असे आपणास आढळून येईल. माणसाने गरज नसताना निसर्गामध्ये केलेला हस्तक्षेप माणसाच्या अंगाशी आलेला आहे. पण आता माणसाचा जंगलात आणि इतर ठिकाणी वावर कमी झाल्यामुळे प्राण्यांना मुक्त संचार करण्याची मुभा मिळाली. लॉकडऊनमुळे प्रदूषण कमी होऊन झाडापेडांना बहरण्याची मुभा मिळाली. तसेच कारखान्यातील कचरा बऱ्याच प्रमाणात आटोक्यात आल्यामुळे जलप्रदूषण, वायूप्रदूषण अशा विविध प्रकारच्या प्रदूषणालाही बऱ्यापैकी आळा बसला आहे. त्यामुळे निसर्गाशी देखील माणसाचे नातेसंबंध सुधारण्यास मदत झाली आहे.

अखेरीस आणखी एक महत्वाची गोष्ट म्हणजे माणसाचं स्वतःशी असलेलं नातं! बऱ्याच वेळा माणूस स्वतःच्या प्रकृतीची हेळसांड करत असतो. विश्रांतीची गरज असते; परंतु कामाचा ताण असल्यामुळे तब्येतीकडे दुर्लक्ष केलं जातं. कोरोनामुळे घरीच राहिल्यामुळे भले ऑनलाइन काम करण्यात आले; मात्र माणसाला स्वतःच्या तब्येतीकडे लक्ष देण्यासाठी बऱ्यापैकी संधी मिळाली आहे. आत्मचिंतन करून स्वतःला समजून घेण्यास मदत झाली आहे.

प्रत्येक नाण्याला दुसरीही बाजू असते. कोरोनामुळे कामधंदे बंद झाल्यामुळे कितीतरी लोक बेरोजगार झाले आणि नैराश्यात गेले. त्यामुळे कौटुंबिक नातेसंबंध सुधारण्याऐवजी ते बिघडण्याचे देखील प्रकार घडू लागले. बऱ्याच ठिकाणी मुलांवर आणि महिलांवर होणारे अत्याचार सुद्धा वाढले आहेत. माणूस समाजप्रिय असल्यामुळे समाजात मिसळण्यावर मर्यादा आल्यामुळे झालेली चिडचिड कौटुंबिक नातेसंबंध

गांवर विपरित परिणाम घडवून आणत आहे. कुटुंबातील एकमेव कमावत्या व्यक्तीची नोकरी गेल्यामुळे कौटुंबिक स्वास्थ्य बिघडण्याची कितीतरी उदाहरणे समोर येत आहेत.

या कोरोनाच्या काळात खरी कसोटी लागली आहे ती आपल्या माणुसकीची! या परीक्षेत आपण पास होतो की नापास हे येणारा काळच ठरवेल !

विद्यार्थी मित्रांनो, सावध, एका पुढल्या हाका !

गेल्याच वर्षी अनपेक्षितपणे आपल्या केंद्र शासनाने नवे शैक्षणिक धोरण जाहीर केले. त्याची प्रत्यक्ष अंमलबजावणी इ.स. 2022 पासून होईल असे म्हटले जात आहे. हे नवे शैक्षणिक धोरण जाहीर झाल्यापासून सातत्याने त्यावर उलट सुलट चर्चाही सुरु झाली आहे. आम्ही विद्यार्थी मात्र सध्याच्या ऑनलाइन पद्धतीशी जुळवून घेण्यातच इतके बुडालो आहोत की भविष्यात लागू होणाऱ्या या धोरणाबद्दल विचार करण्याची उसंतच आम्हाला नाही.

सध्याच्या शैक्षणिक पद्धतीच्या संदर्भात अनेक बाबतीत आधीच सावळा गोंधळ होता, त्यात या कोरोनाने आणखी भर घातली.

नवीन शैक्षणिक वर्ष सुरु झाले, तसे ऑनलाइन शिक्षणाचे चित्र डोळ्यांसमोर दिसू लागले. सर्वप्रथम मला ऑनलाइन शिक्षण आपल्याकडे शक्य होऊ शकेल याचीच खात्री वाटत नव्हती. घरी नेटचा प्रॉब्लेम, उपकरणांची कमतरता, शिक्षक व विद्यार्थ्यांमध्ये कमी होणारा संपर्क इत्यादी अनेक समस्या माझ्या डोळ्यांसमोर उभ्या राहिल्या आणि हे सर्व झाल्यानंतर परत त्या ऑनलाइन शिक्षणाचे आम्हा विद्यार्थ्यांवर बहुविध परिणामही झाले.

सर्वात पहिला परिणाम हा आरोग्यावर झाला. मला मान्य आहे की खूप विद्यार्थ्यांनी या टाळेबंदीच्या काळात घरी व्यायाम करायला सुरुवात केली आहे. तसंच योग आणि इतर माध्यमांचा वापर करून आपले आरोग्य जपण्याचा विद्यार्थ्यांनी पुरेपूर प्रयत्न केला आहे. परंतु त्यासोबतच महाविद्यालयीन व क्लासचे ऑनलाइन वर्ग, त्यावेळी कॉम्प्युटर किंवा लॅपटॉप, मोबाईल यांचा अतिरिक्त वापर याचे आपल्या डोळे, कान, मेंदू तसेच संपूर्ण शरीरावर प्रतिकूल परिणाम होऊ लागले आहेत. स्क्रीनकडे अनेक तास पाहण्यामुळे होणारा डोळ्यांचा त्रास किंवा जास्त वेळ ऑनलाइन क्लासेसमध्ये बसून झालेला पाठीचा त्रास या सर्व गोष्टींमुळे विद्यार्थ्यांचे एकूणच आरोग्य धोक्यात आले आहे.

दुसरा महत्त्वाचा परिणाम म्हणजे विद्यार्थ्यांची बदलती मनःस्थिती. माणूस हा एक सामाजिक प्राणी आहे. जरी आत्ताच्या काळात आभासी माध्यमातून आम्ही आमच्या मित्रांशी त्वरित संवाद साधू शकत असलो तरी प्रत्यक्ष भेटीची जागा आभासी माध्यमे घेऊ शकत नाहीत. म्हणून टाळेबंदीच्या काळात एकटेपणाच्या भावनेत प्रचंड वाढ झालेली

—अथर्व कंठी
द्वितीय वर्ष कला

दिसते. सर्वांनाच एकटेपणाची सवय नसल्यामुळे नैराश्य येणं, कमी झालेली एकाग्रता व मनाची अस्वस्थता यांसारख्या अनेक गोष्टी सुरु झाल्या आहेत.

तिसरा परिणाम झाला तो विद्यार्थी-शिक्षक संस्कृतीवर. ऑनलाइन शिक्षणात विद्यार्थी आणि शिक्षक यांच्या संबंधात अमूलाग्र बदल घडला. आता शिक्षक प्रत्यक्ष उपस्थित नसल्यामुळे विद्यार्थ्यांमध्ये त्यांचा धाक कमी झाला आणि त्यासोबतच त्यांचं ऑनलाइन वर्गाकडे लक्षही कमी झालं. त्यामुळे जरी शिक्षकांनी जीव तोडून शिकवून मुलांना सर्व गोष्टी समजून सांगायचा प्रयत्न केला, तरी अर्ध्या-अधिक मुलांची एकायची मानसिकताच नव्हती. ऑनलाइन शिक्षणात प्रत्यक्ष शिक्षणाचा खुलेपणा नसतो व त्यात विद्यार्थ्यांची वर्गात प्रतिसाद देण्याबाबतची उदासीनता यामुळे शिक्षकांनाही हे सारे खूप अवघड गेले.

वरील सर्व गोष्टींचा एकत्रित परिणाम परीक्षांवरही झाला. वरिष्ठ महाविद्यालयाच्या कला शाखेमध्ये ऑनलाइन परीक्षा आणि तीही बहुपर्यायी प्रश्न स्वरूपाची !!! हासुद्धा सर्व मुलांना व शिक्षकांना एक धक्काच होता. कला शाखेतील विषयांच्या संदर्भात एरव्ही सविस्तर उत्तरांची मांडणी करता येईल असे प्रश्न दिले जात असताना, आता मात्र बहुपर्यायी प्रश्नांची निर्मिती करून सर्व विद्यार्थ्यांना कळेल अशा भाषेत त्याची मांडणी करणे हे शिक्षकांनी पेललेले काम एखाद्या अग्निदिव्यापेक्षा कमी नव्हते. त्यासोबतच या सर्व विषयांचा अभ्यास, आम्हाला वाटत असलेले महत्त्वाचे घटक व वर्गात शिकवलेला सगळा मजकूर या सर्व गोष्टींचा मेळ घालून अभ्यास करण्याचे शिवधनुष्य विद्यार्थ्यांनीही पेलले. परीक्षेच्या ऑनलाइन माध्यमांमुळे अनेक अडचणीही आल्या. परंतु या सर्व समस्यांना धैर्याने सामोरे जाऊन आपण या परीक्षांच्या जांजळतून बाहेर पडलो.

परंतु या परीक्षांना खरंच काही अर्थ होता का ? एका बाजूने बघायला गेलं, तर परीक्षा न होण्यापेक्षा परीक्षा झालेल्या केव्हाही चांगल्या ! कुठल्याही प्रकारचे का असेना, पण त्यातून विद्यार्थ्यांचे काहीतरी मूल्यमापन केले गेले. परंतु त्या परीक्षांमध्ये झालेले कॉपीचे उद्योग, अशा परिस्थितीत, किती मुलांनी प्रामाणिकपणे परीक्षा दिल्या ? त्यासोबतच आम्ही या बहुपर्यायी प्रश्नांमधून त्या त्या विषयासंदर्भातील आपले आकलन कितीसे व्यक्त करू शकलो ? जर विद्यार्थ्यांचे मूल्यमापन हे परीक्षेचे

मुख्य उद्दिष्ट असेल तर या ऑनलाइन परीक्षेमध्ये आमचे असे किती प्रमाणात योग्य मूल्यमापन झाले? म्हटलं तर ही काळाची एक गरज होती आणि त्यात कितीही अडचणी असल्या तरी हे सर्व आपल्या शिक्षण पद्धतीचा एक भाग होते.

पण यामुळे विद्यार्थ्यांचा एकूणच शिक्षण पद्धतीबद्दलचा दृष्टिकोन बदलायला लागला आहे. जर का अशाच परीक्षा होतील तर मग अभ्यास करण्याचा काय उपयोग? जर का दुसरा कॉपी करून पैकीच्या पैकी गुण मिळवत असेल तर मी प्रामाणिक राहून माझे गुण का घालवावेत? विद्यार्थ्यांची अनास्था आणि बहुपर्यायी प्रश्नच विचारायचे म्हणून शिक्षकही जर विषयाच्या खोलात न शिरता वरवरच शिकवून मोकळे होणार असतील तर मग त्यांच्या वर्गात उपस्थित राहून मला काय मिळेल? यांसारखे मूलभूत स्वरूपाचे प्रश्न विद्यार्थ्यांच्या मनात येऊ लागले आहेत.

तसे पाहिले तर आपला अभ्यास आणि करीयरविषयी जागरूक असणारे विद्यार्थी याही परिस्थितीत ज्ञान मिळवण्याचा प्रयत्न करीतच होते. पण त्यांची संख्या खूप कमी आहे. एरव्हीसुद्धा, वर्गात विद्यार्थ्यांची उपस्थिती कमी असण्याबद्दल शिक्षकांची ओरड सुरु होतीच. आता तर या ऑनलाइन पद्धतीमुळे पुष्कळ विद्यार्थ्यांचे अभ्यासाकडे दुर्लक्षच झाले आहे. आमचे अनेक वर्गमित्र त्याबद्दल मोकळेपणाने बोलत असतात. आता या सगळ्याचा त्यांना आनंद होतोय. पण सुरुवातीला हे सारं गोड वाटलं तरी हळूहळू या सर्व परिस्थितीचं गांभीर्य लक्षात येऊ लागलं आहे.

जेव्हा हा कोविडचा काळ संपेल आणि महाविद्यालयं पूर्ववत सुरु होतील, तोपर्यंत विद्यार्थ्यांची महाविद्यालयात जाण्याची सवयच मोडलेली असेल! सपाटून अभ्यास करण्याची सवय मोडलेली असेल! तीन तास

बसून पेपर लिहिण्याची, उत्तरांची सविस्तर मांडणी करण्याची सवय मोडलेली असेल! याचा सामना आम्ही कसा करणार आहोत?

या गोंधळाच्या काळातच ज्यांची पदवी परीक्षा पूर्ण होईल ते उद्या नोकरीसाठीच्या मुलाखतीला गेले तर त्यांना खरोखरच त्यांच्या विषयाची सखोल माहिती असेल का? ऑनलाइन शिक्षण घेऊन पदवी मिळवलेल्या आम्हा विद्यार्थ्यांकडे पाहण्याचा मुलाखत घेणा-यांचा दृष्टिकोन कसा असेल? या सर्व प्रश्नांची जाणीव आम्हाला वेळीच होणे आणि त्याबाबतीत वेळीच सावध होणे गरजेचे आहे.

‘शाळा, महाविद्यालयं बंद असली तरी शिक्षण सुरु राहिलं पाहिजे,’ अशी शासनाची जी भूमिका होती, ती जर सार्थ ठरायला हवी असेल तर आम्हा विद्यार्थ्यांना सजग व्हावेच लागेल. स्वतःच्या उज्ज्वल भवितव्यासाठी स्वतःलाच सज्ज व्हावे लागेल. अन्यथा आपल्याला कोणीच मदत करू शकणार नाही.

जे विद्यार्थी बिकट आर्थिक परिस्थितीमुळे नोकरी करून शिकत आहेत किंवा ज्यांना इच्छा असली तरी हे ऑनलाइन शिक्षण परवडत नाही, असे आपल्याच वयाचे कितीतरी विद्यार्थी आहेत. ते या प्रतिकूल परिस्थितीचा सामना करीत पुढे जाण्याचा प्रयत्न करीत आहेत. त्यामुळे आपणही आळस झटकून कामाला लागलेच पाहिजे.

तसं बघायला गेलं तर हे ‘टोलेबंदीचं वर्ष’ विद्यार्थ्यांना खूपच आव्हानात्मक होतं व या सर्व आव्हानांचा समर्थपणे सामना करत ते पारही पडलं. या वर्षाने आपल्या सर्वांनाच काही ना काही शिकवले. कुठल्याही कमतरतेचा बाऊ न करता मार्ग काढायला शिकवले. नव्याने शिकलेल्या या सर्व गोष्टींचे धडे आपल्या आयुष्यात नक्कीच उपयुक्त ठरतील याची मला खात्री आहे.

बस ना रे पावसा

बस ना रे पावसा, आता अजून नको पडू,
खूप झालं नुकसान, आता अजून नको करू.
बाँकेचं कर्ज काढून पेरलं होतं बियाणं,
काढायला आलं होतं पीक, तेही वाहून नेलं पुराणं.

अरे बाबा, तू तरीऐक आम्हा शेतकऱ्यांचं.
आधीच पिकाला हमीभाव नसतो
विकायला नेलेल्या मालाचा व्यापारी जुगारच खेळतो.
दिवस-रात्र एक करून शेतात राब-राब राबतो,
मात्र तू तर सर्व पीकाएकदम फुकटच नेतो.

पेन्शन नाही, पगार नाही, नाही कोणाचाच आधार
पेरलेले पिकच होतं आम्हा शेतकऱ्यांच्या पोटाचा आधार.
लेक आली लग्नाला, सनही आला दिवाळी
पण तुझ्यामुळे पावसा, आली आत्महत्येची पाळी.

जवान लढतात देशासाठी, नेते लढतात सत्तेसाठी
शेतकरी राजा मात्र झटतो सर्वांची भूक भागवण्यासाठी.
असंच चालत राहिलं तर शेतकरी कोणी होणार नाही,
सर्व जातील शहरात, अन्नधान्य मिळणार नाही !

बस ना रे पावसा, आता अजून नको पडू !

‘भेटी लागी जीवा.....’

या लॉकडाऊनच्या काळात मनाला भावलेला एक अभंग म्हणजे -

“भेटी लागी जीवा। लागलीसे आस।
पाहे रात्र-दिवस। वाट तुझी।।”

संत तुकाराम महाराजांच्या या अभंगातून प्रिय विठ्ठलाला भेटण्याची ओढ, त्याच्या भेटीची आतुरता, ती आस या सगळ्यांचा प्रत्यय आपल्याला येतो. हा अभंग गानसम्राज्ञी लता मंगेशकर यांनी गायलेला आहे. त्यामुळे तो ऐकताना आपण मंत्रमुग्ध होतो; तुकोबांना जशी विठ्ठलाच्या भेटीची ओढ लागली, तशी आपल्याही मनाला आपल्या प्रिय व्यक्तीच्या भेटीची अधिकाधिक ओढ लागते.

या अभंगातील भावार्थाशी मिळतीजुळती अवस्था आज अनेकांची झाली आहे. कोरोनाच्या या महासंकटात अनेक जण आपल्या कुटुंबियांपासून दूर आहेत; काही नोकरी-उद्योगाच्या निमित्ताने दूर आहेत, तर काही विलगीकरण कक्षात आहेत. एवढेच कशाला, परदेशात असलेल्या आपल्या मुलाबाळांची, नातवंडांची, नातेवाईकांची तोंड जी माणसं वर्षानुवर्षे बघत नव्हती, त्यांच्या भेटीसाठी आतुर होऊन ही मंडळी एकमेकांना ऑनलाइन भेटली. सुखावली. पण दुसरीकडे पाहिलं तर काही मंडळी कामानिमित्त, काही कार्यक्रमानिमित्त किंवा कोणाला भेटायला म्हणून बाहेर गेली होती; ती मात्र अचानक घोषित झालेल्या लॉकडाऊनमुळे होती तेथेच अडकली. त्यांना घरी परतण्याचा मार्ग बंद झाला. कालांतराने त्यांना घरी परत येण्याचा मार्ग जरी उपलब्ध झाला, तरीही चौदा दिवस विलगीकरण कक्षात राहिल्याशिवाय त्यांना घरी परतता येत नव्हतं. हा लॉकडाऊन जास्त काळ टिकणार नाही, हीच एक आशा माणसं बाळगून होती; परंतु जसजसे दिवस सरत होते, तसतशी प्रत्येकाच्या मनातली आपल्या प्रिय व्यक्तीला, नातेवाईकांना भेटण्याची ओढ मात्र वाढत होती. तुकोबांच्या अभंगातील “पाहे रात्र-दिवस, वाट तुझी” या ओळीप्रमाणेच त्यांचे झाले असावे. कोणाचे आजी-आजोबा बाहेरगावी अडकले, कुठे कोणाची मुलं, तर कुठे कोणाचे आई-वडील. अनेक जण आपल्या आवडत्या व्यक्तीपासून दूर होते.

एक प्रियकर तर त्याच्या प्रेयसीला भेटायला या कोरोनाच्या काळात चक्क पाकिस्तानला जायला निघाला ही बातमी अनेकांनी पाहिली असेल. आपल्याच मुंबईतला एक प्रियकर आपल्या प्रेयसीला भेटायला लपून-छपून तिच्या सिंधुदुर्गातील गावी चालत गेला! प्रिय व्यक्तीच्या भेटीची किती ती आस! किती ते प्रेम! अशी एक ना अनेक उदाहरणे आपल्याला या लॉकडाऊनच्या काळात पाहायला मिळतील! खरं म्हणजे या कोरोना काळामुळे आपल्या जवळच्या व्यक्तीची किंमत आपल्याला नक्कीच कळली असेल! इतकेच नव्हे, तर तिच्याविषयी आपल्या मनात असलेले प्रेम, ममता, जिद्दाला नक्कीच वाढला असेल.

सर्वात महत्वाचं म्हणजे वर्षानुवर्षे चालत आलेली ‘पंढरीची वारी’ सुद्धा या कोरोनाच्या संकटामुळे पार पडणार की नाही, अशी साशंकता निर्माण झाली. अफाट वारकरी समुदाय आषाढीएकादशीला पंढरीच्या विठ्ठलाच्या दर्शनासाठी गर्दी करतो, तो फक्त त्या विठ्ठलाच्या दर्शनाच्या ओढीने, त्याला डोळे भरून पाहण्यासाठी, त्याला डोळ्यांत साठवून घेण्यासाठी! वर्षभर त्या दिवसाची पाहिलेली वाट, त्याच्या भेटीची आस, आतुरता! संतांच्या पालख्या आणि त्याचबरोबर लाखोंच्या संख्येने वारकरी चालत पंढरपूरला जाताना दिसतात ते याच ओढीने! त्यात वयोवृद्ध वारकरीसुद्धा पाहायला मिळतात. त्या पायी जाणाऱ्या प्रत्येक वारकऱ्याच्या डोळ्यांत विठ्ठलाच्या भेटीची उत्कंठा पाहायला मिळते. पण यावर्षी मात्र ते शक्य झालं नाही. कारण एकच, कोरोना! तरीसुद्धा संत तुकोबांची, संत नामदेवांची, संत ज्ञानेश्वरांची, संत एकनाथांची पालखी अशा सगळ्या पालख्या आपापली परंपरा कायम राखत त्या विठ्ठलाच्या दर्शनासाठी गेल्या. त्या परंपरेत खंड पडला नाही. पायी नाही; पण बसने का होईना, त्या पंढरपूरला गेल्या! प्रत्येक वारकऱ्याला वारीला जाता आलं नाही, पण वारीची परंपरा चुकली नाही! मोजक्याच वारकऱ्यांच्या उपस्थित का होईना ती पार पडली. प्रसारमाध्यमांच्या साहाय्याने अवघ्या महाराष्ट्राने त्या विठ्ठलाचे डोळे भरून दर्शन घेतले.

अशीच ओढ, आतुरता, आपल्या जीवाला लागते ती म्हणजे आपल्या लाडक्या दैवताच्या म्हणजे आपल्या गणपती बाप्पाच्या आगमनाची! लहान मुलांपासून ते वयोवृद्धांपर्यंत सगळेच लाडक्या बाप्पाच्या आगमनाची वाट पाहत असतात. आरास करण्यापासून ते बाप्पाच्या विसर्जनापर्यंतची सगळी तयारी, अगदी आनंदाने, उत्साहाने करतात; ती फक्त बाप्पावर असलेल्या श्रद्धेपोटी, त्याच्या येण्याच्या ओढीने आणि वर्षभर त्याची आतुरतेने वाट पाहत असल्याने! महिनाभर आधीपासून सगळेच तयारीला लागलेले असतात आणि विसर्जनाच्यावेळी आपसूकच डोळे भरून येतात. “देव बाप्पा, नको ना रे जाऊस!” हा आवाज प्रत्येक लहान मुलाच्या तोंडून ऐकायला येतो. या महामारीच्या काळातसुद्धा नियमांचे बंधन पाळत का असेना, पण त्याच उत्साहात आणि आनंदात गणपती बाप्पाचे स्वागत घरोघरी केले गेले.

पण या काळात सर्वात वाईट गोष्ट म्हणजे कोरोनाने गेलेले आप्त-स्वकीयांचे बळी! कितीतरी कुटुंबांनी आपल्या प्रिय व्यक्ती गमावल्या. आपल्या आवडत्या व्यक्तीच्या मृतदेहालासुद्धा शेवटचं बघता आलं नाही, हेही दुःख मोठं होतं. असह्य होतं.

तेव्हा, या ना त्या प्रकारे, तुकोबांच्या या अभंगातील तो आर्त भाव आज कदाचित प्रत्येक व्यक्ती अनुभवतो आहे.

आज धार्मिक स्थळ बंद आहेत; पण प्रत्येक भक्ताच्या मनात त्या ईश्वराला भेटण्याची आतुरता आणि उत्कंठा मात्र तसुभरही कमी झालेली नाही.

पण आपल्याला माहीत असेल की आषाढीला कित्येक वारकरी प्रत्यक्ष मंदिरात न जाता केवळ कळसाचे दर्शन घेऊनच माघारी फिरतात. विठ्ठलाचे निःस्सीम भक्त असलेले अनेक वारकरी संतांएकदाही पंढरपूरच्या मंदिरात गेले नव्हते! परमेश्वर हा मंदिरात नाही, तर

अंतरंगात आहे, याची अनुभूती त्यांना आली होती. करोनाचा काळ आज पुन्हाएकदा आपल्याला हीच जाणीव करून देऊ पाहतो आहे. 'भेटी लागी जीवा...' मध्येही अंतिमतः आस आहे ती आत्मारामाच्या भेटीचीच, असे म्हणता येते.

तुकाराम महाराजांची ती व्याकुळता, ती तळमळ विदूषाच्या दर्शनाची ओढ जशी होती तशीच अवस्था सर्व माणसांच्या मनाची या लॉकडाऊनच्या काळात कधी ना कधी तरी नक्कीच झाली असेल !

खरंच, स्वातंत्र्य मिळालंय का ?

कधी कधी प्रश्न पडतो
खरंच, स्वातंत्र्य मिळालंय का ?
आयुष्य जगायला, मुक्त व्हायला
थोडं तरी फ्रीडम, मिळालंय का ?

वास्तव,
ब्रिटिशांच्या गुलामगिरीत तेव्हा
गरिबांना मिळत नव्हती पोली

समोरचा रागात असेल, तर चार शब्देकून घ्यावे लागतात
अन् कधी समोरच्याच्या डोळ्यांतले अश्रू, अलगद हाताने पुसावे लागतात ।।२।।

कधी कधी शांत राहून, हातून निसटणारे नाते सावरू शकतो
मात्र एकदा तोंडून निघालेला उणा शब्द परत का कधी घेऊ शकतो ? ।।३।।

दोन व्यक्तींमध्ये जर वाद नसेल तर उत्तम संवादही नसतो
पण कधी कधी जास्त ताणले तर तुटते हे समजून घेण्यातच, खरा शहाणपणा असतो ।।४।।

त्यामुळे कोणतेही नाते सांभाळताना, शब्द जरा जपूनच वापरावेत

विश्रांती घेतोय माणूस

माणूस जणू हसला आहे
आजपण सूर्य त्याच्या वेळेला उगवला
पण त्याच्या आधी जागा होणारा माणूस
जणू गायबच झाला

खिडकी...

‘खिडकी’ हा एक साधा सोपा शब्द आहे आणि डोळ्यांना सहज दिसणारी एक जागा. पण ही जागा किती महत्त्वाची आहे, हे सर्वांना माहीतच आहे. खिडकी सगळ्यांच्या आयुष्याशी निगडित अशी जागा आहे. आपल्या मनात प्रत्येक गोष्टीला एक ठरावीक स्थान असते. प्रत्येकाच्या मनात खिडकीलाही एक वेगळे स्थान आहे. खिडकी म्हणजे एक अशी जागा जिथे मनाला शांती मिळते.

खिडकी निर्जीव असली तरी आपल्या भावना तिच्याशी जोडल्या गेलेल्या असतात. खिडकी म्हणा किंवा ‘विंडो’, भावना तर सारख्याच असतात! खिडकीला वेगवेगळ्या पद्धतीने सजवले जाते; मग खिडकी लहान असो किंवा मोठी. लोक तिच्या शृंगारात काहीच कमी पडू देत नाहीत! खिडकी घरची असो वा गाडीची; प्रत्येक ठिकाणी ती महत्त्वाची आहे. खिडकीतून येणा-या वा-याच्या झुळकेने दमलेल्या मनाला एक उभारी मिळते.

काहीसाठी खिडकी म्हणजे फक्त खेळती हवा; काहीसाठी खिडकी म्हणजे कोणाची तरी आतुरतेने पाहिलेली वाट!

लहानपणापासूनच खिडकी हा आपल्या जिवाच्या विषय असतो. खिडकीतून दिसणारे आकाश आणि आकाशातला चांदोबा बघणं हा

प्रत्येक लहान मुलाच्या आयुष्यातला अविभाज्य भाग आहे! चंद्र-तारे या विषयांची आवड निर्माण करण्याचे काम ही खिडकी करते.

खिडकीतून बाहेरचे जग बघण्यात एक वेगळेच सुख असते. कधीकधी दोन अनोळखी मनाचे बंध जुळवण्याचे कामही खिडकी करते! मुंबईकरांना खिडकीचं महत्त्व जरा जास्त वाटत असणार. मुंबईच्या लोकलमध्ये एखाद्याला ‘विंडो सीट’ मिळणं यापेक्षा सुखद क्षण नाही! त्या विंडो सीटवर बसून दमलेल्या मुंबईकराला सुवर्णक्षण अनुभवल्यासारखं वाटतं! खिडकीतून बाहेर पाहिलं की वाटतं सारं जग धावत आहे आणि आपण शांत, स्तब्ध झालो आहोत.

खिडकी कित्येकदा लेखकाच्या भावना कागदावर उतरवण्यास मदत करते. खिडकीतून अलगद येणारी सकाळची कोवळी किरणे घरात उत्साहाचे व प्रसन्नतेचे वातावरण निर्माण करतात.

जिथे आयुष्यातील गणितं सोपी वाटू लागतात; स्वप्नांना नवी उभारी येते व विचारांना पंख फुटतात; अशी एखादी खिडकी आयुष्यात असायलाच पाहिजे! मग आयुष्य सोपं वाटेल आणि आपल्यातील संवेदशीलताही टिकून राहील.

माझा पहिला प्रवास

खूप दिवसांपासून कुठे तरी एकटं जायचं मनात होतं. पण आईला काळजी की ही एकटी कशी जाईल, प्रवास करता येईल का, हॉटेलमध्ये वगैरे एकटी कशी राहणार आणि असं बरंच काही! आईला कधी कधी आपली मुलगी मोठी झाली आहे, हे पटतच नाही आणि मग त्यावेळी ब्रम्हदेव जरी साक्षात खाली आले, तर त्यांचे सुद्धा ती ऐकणार नाही; मग मी आणि माझा बाबा तर साधी माणसं! आमचं ती थोडीच ऐकणारे! पण मग आईची काळजी आणि माझी एकटीने जाण्याची इच्छा यावर भरपूर विचार आणि चर्चा केल्यानंतर एक सुवर्णमध्य सापडला आणि मुख्य म्हणजे तो आमच्या मातोश्रींना पटला. तो सुवर्णमध्य म्हणजे मी आमच्या गावाला जायचं! तिकडे जाताना मला एकटीला जाता येईल आणि तिकडे गावाला काका-काकूबरोबर राहिले तर आईला पण काळजी नाही !

गाव आणि गावचा आमचा वाडा म्हणजे तर माझा जीव की प्राण! त्यामुळे मी देखील लगेच होकार दिला. चला, पहिला टप्पा तर पार

पडला! पण आता दुसरा टप्पा म्हणजे ट्रेनचं बुकिंग. लॉकडाऊन नुकतंच संपलेलं. त्यामुळे ट्रेनचा प्रॉब्लेम. पण कसंबसं दोन - तीन दिवसांत बुकिंग झालं आणि २१ जानेवारी रोजी सी.एस.एम.टी ते खेड ट्रेन आणि मग खेडहून पुढे ‘आयनी’ म्हणजेच माझ्या गावापर्यंत काकाची गाडी, असा प्रवास निश्चित करण्यात आला.

२१ तारखेला सकाळी सात वाजताची ट्रेन होती. त्यामुळे मी पाच वाजताच आवरून तयार होते; कारण ‘उद्या जायचंय’, या विचाराने मी रात्रभर झोपलेच नव्हते. सहा वाजता निघायचे होते, म्हणून मी परत एकदा माझे सगळे सामान चेक केले. कपड्यांची एक मोठी बॅग आणि एक लहान सॅक पाठीवर ज्यामध्ये खाण्याचा डबा, पाण्याची बाटली, तिकीट, पैसे, चार्जर आणि सॅनिटायझर वगैरे होतं. असं सगळं सामान चेक करून मास्क लावून बसले. सहा वाजता आम्ही घरातून निघालो. आई-बाबांनी मला सी.एस.एम.टी स्टेशनबाहेर सोडलं. मी आत जाऊन माझा प्लॅटफॉर्म शोधला. मी पोहोचले

तेव्हा गाडी प्लॅटफॉर्मला लागली होती. मी गाडीत बसले. सातला गाडी सुटली आणि माझा पहिलावहिला, एकटीचा प्रवास सुरु झाला. साधारण पनवेलला गाडी भरली. पुढे वीर स्टेशन गेल्यानंतर मी काकाला फोन करून सांगितलं. मग तो आयनीवरून निघून खेडला आला. अर्ध्याएक तासात मी खेडला पोहोचले. जवळ जवळ वर्ष-दीड वर्षाने मी माझं गाव बघत होते! आमचा वाडा बघत होते. त्यामुळे तर त्या क्षणाला मला इतका आनंद झाला होता की तो मी शब्दांत व्यक्तच करू शकत नाही !

माझ्या गावाचं नाव 'आयनी' आहे. हे गाव खेड आणि चिपळूणमध्ये वसलंय. निसर्गाने नटलेल्या या गावाला इतिहासाचीसुद्धा जोड आहे. त्या इतिहासाची साक्ष म्हणजे आमचा 'कान्हेरे वाडा'! हा वाडा 300 वर्षांपूर्वी (पेशवेकालीन) आमच्या पूर्वजांनी म्हणजेच केसो शंकर कान्हेरे यांनी बांधला. केसो शंकर कान्हेरे हे पेशवे दरबारी सल्लागार आणि आयनी व त्या आजूबाजूच्या काही गावांचे स्रोत होते. तसेच नंतर झालेल्या पानिपत युद्धात आमच्या पूर्वजांना वीरमरण आले. इंग्रजांचे भारतावर राज्य असताना नाशिकचा कलेक्टर असलेल्या जॅक्सन याला ज्यांनी वयाच्या अवघ्या १८ व्या वर्षी गोळ्या झाडून ठार केले ते क्रांतिवीर अनंत लक्ष्मण कान्हेरे हेसुद्धा आयानीचेच. देशासाठी लढलेल्या अशा या थोर वीरांची वंशज असल्याचा मला सार्थ अभिमान वाटतो!

आयनी गावातील आमचा हा कान्हेरे वाडा आजही नांदता आहे. आमचा वाडा चौसोपी आहे. मध्यभागी चौक आहे. तेथे कारंजाही

आहे. सोप्यात मोठा लाकडी झोपाळा आहे. ओटी, माजघर, गोठा, धान्याचं कोठार, देवघर, माडी, धाकटी ओटी, पडवी, अंगण असं सर्व काही आहे. वाड्याच्या आत व बाहेर दोन्हीकडे चूल आहे. द्रोण आहे. मागच्या बाजूला मोठी विहीर आहे. गणपती व अन्नपूर्णचं देऊळ आहे. पोंफळी (सुपारी), आंबा, काजूच्या बागा आहेत. वाड्यापासून काही अंतरावर कुलदैवताचे देऊळ आहे. दरवर्षी आमच्या गावाला विष्णू-लक्ष्मीचा उत्सव असतो. त्यावेळी आमच्या वाड्यात गावजेवण असते.

अशा या गावाला जायला आणि या अशा वाड्यात राहायला कोणाला आवडणार नाही! तिकडचं राहणीमान, आहार, वातावरण, साधेपणा, आजूबाजूचा बोलका निसर्ग आणि शांतता हे सगळं मानला खुळावणारं आहे!

त्यातून यावेळी पाहिलेलं गाव तर काही वेगळंच होतं. गावच्या रस्त्यांवरून अनवाणी चालणे, रानातल्या वाटा धुंडाळणे, गावच्या शाळेत ध्वजवंदन करणे, शेतात फिरणे, देवळाच्या पायऱ्यांवर बसून सूर्यास्त बघणे हे सारे अजूनच सुंदर भासू लागले. या सहलीने दिलेल्या या काही आठवणी मी कधीच विसरू शकणार नाही. या सहलीने मला निसर्ग आपल्याला किती सुख देऊ शकतो याची प्रकर्षाने जाणीव करून दिली. त्यामुळेच आपल्या गावाला, निसर्गाला आणि संस्कृतीला जपले पाहिजे, ही संकृती पुढल्या पिढ्यांपर्यंत पोहोचविली पाहिजे, हा जो संस्कार या सहलीने माझ्यावर केला, तो खूप मोलाचा आहे!

समाज माध्यमांच्या साथीने

आजचा काळ हा समाज माध्यमांचा काळ आहे. सोशल मीडिया म्हटलं की सर्वांच्या डोक्यात एकच विचार येतो – फेसबुक, इंस्टाग्राम, व्हॉट्सप, यूट्यूब, ट्विटर, होना ! अनेक फेक अकाउंट असलेलं इंस्टाग्राम, फेसबुक, अफवा पसरवणारा व्हॉट्सअॅप, अशीही समाज माध्यमांविषयीची एक प्रतिमा आपल्या मनात असते. अर्थात, ही माध्यमे आपल्याला फायद्याचीही ठरतात व त्यांच्यामुळे नुकसानपण होते.

समाज माध्यमांमुळे अनेक लोकांना रोजगार उपलब्ध झाले, नोकऱ्या मिळाल्या. कोरोनाच्या काळात तर समाज माध्यमांनी मोठं काम केलं आहे, ते ऑनलाईन शिक्षणाच्या संदर्भात. जर आज आंतरजाल (इंटरनेट) उपलब्ध नसतं, झूम, गुगल मीटसारख्या सोयी नसत्या तर या काळात शिक्षण घेणं अत्यंत कठीण झालं असतं.

पण काही लोकांचं असं म्हणणं आहे की समाज माध्यमांमुळे अनेकांच्या जीवनावर वाईट परिणाम झाले आहेत. आज आपल्या समजामध्ये प्रत्येकाच्या हातात स्मार्टफोन असतोच; मग ती तरुण पिढी असो किंवा वयस्कर. जर आपण सर्वांनीच समाज माध्यमांचा योग्य प्रकारे वापर

केला तर आपला देश विकासाच्या मार्गाने पुढे जाण्यास सज्ज होईल.

आजचे युग हे महिती-तंत्रज्ञानाचे युग आहे. समाज जसजसा पुढे गेला तसतशा गरजा वाढल्या, जीवनशैली बदलत गेली, आधुनिक सोयी-सुविधाही विकसित होत गेल्या. आधी आपला समाज शेतीप्रधान होता, भांडवलशाही काळात आपण उद्योगप्रधान झालो. आता आपण माहिती-तंत्रज्ञानाच्या युगात आलो आहोत. या काळात समाज माध्यमे खूप लोकप्रिय होत आहेत. याचे मुख्य कारण म्हणजे एखादी माहिती एखादा विचार एका क्षणात सर्वदूर पोहोचवता येतो. त्याचबरोबर समाज माध्यमे हा मनोरंजनाचाही एक खूप मोठा मंच आहे.

कोणतीही चांगली गोष्ट घडत असेल तर त्याचा दुरुपयोगसुद्धा होत असतो. व्हॉट्सपवर धर्मभेद, जातीभेद यांना खतपाणी घालणारे संदेश पाठवून समाजात तेढ निर्माण करण्याचे प्रयत्न होतात. परिणामी समाजात विविध गटांमध्ये वादावादी, हाणामारी होते. जर समाज माध्यमांमुळे असे होत असेल तर समाजाच्या दृष्टीने ते घातक ठरेल. त्यामुळे या बाबतीत शासनाला विचारपूर्वक निर्णय

घ्यावे लागतील. त्याचबरोबर लोकांनीसुद्धा जागरूक होणे गरजेचे आहे. आपण जे संदेश वाचतो, पसरवतो त्यांच्या चांगल्या-वाईट परिणामांबद्दल आपण जागरूक असलेच पाहिजे.

समाज माध्यमांमुळे लोकांच्या जवळच्या नातेसंबंधांवरही काहीवेळा वाईट परिणाम होत आहेत. समाज माध्यमांवर आपण मित्र तर जोडतच आहोत, अनोळखी व्यक्तींना मित्र बनवतो आहोत; पण जवळच्या लोकांना विसरत आहोत. एकटेच बसून, घरातल्यांशी मोजकेच बोलून सतत मोबाईलवर इतरांच्या फोटोला लाईक, कॉमेंट देत आपले मनोरंजन करणे, यामुळे आपण आपल्या कुटुंबातील लोकांना वेळ देऊ शकत नाही. आपण आपल्या नातेवाईकांना विसरत चाललोय.

त्याचबरोबर जसजसं तंत्रज्ञान अधिकाधिक आधुनिक होत जातंय,

तसतशा चांगल्या व वाईट गोष्टीसुद्धा घडत आहेत. समाज माध्यमांमुळे आज हॅकिंगचे प्रमाणसुद्धा खूप वाढले आहे. हॅकिंगमुळे लोकांच्या बँकेतील पैसे चोरणे, त्यांना मानसिक त्रास देणे अशा गोष्टी घडत आहेत. एखाद्याचं बँक अकाउंट किंवा फेसबुक, इंस्टाग्राम अकाउंट हॅक करून त्याच्याकडे पैश्यांची मागणी करण्याचे व मानसिक त्रास देण्याचे प्रकार वाढले आहेत. त्यामुळे हॅकिंगसारख्या प्रकारांपासून सावध राहिले पाहिजे. त्यासाठी आपली वैयक्तिक माहिती, बँकेचे व इतर तपशील अनोळखी लोकांना कळू नयेत याची काळजी घेतली पाहिजे.

अशा प्रकारे समाज माध्यमांचा आपल्यावर चांगला व वाईट परिणाम होत आहे. पण याचा उपयोग चांगल्या कामासाठी करायचा की वाईट हे आपल्याच हातात आहे.

ECONOMICS

The Department had to bid-adieu to two jewels in its crown- it's HOD Ms. Suniti Pethe and Dr. Anjali Masarguppi who helped it reach ever increasing heights.

On 3rd Sept 2020, Ms. Lorraine Ramos Vaz was appointed as the In-charge HOD (she had worked at Wilson College previously from 13th June, 2016 to 31st August, 2017)

Amidst the online mode of learning, the 'Guest lecture' series was inaugurated with a session on The Markowitz Model & Two Fund Theorem by UBS Associate Director Mr. Syamantak Mondal, followed by a lecture on Call & Put Options by Mr. Omkar Dange, Operations Manager at Marwadi Shares and Finance Ltd, all wonderfully and ably organised by Ms. Chaitali Shah (visiting faculty). Following these, Dr. Mayank Gupta, Fellow, Department of Economics, University of Mumbai helped the students understand the vast prospects of job opportunities that graduates in Economics can expect to venture into as well as acquainted them with the uses of Excel for carrying out quantitative functions.

A disquisition on the Indian Economy Post Economic Reforms by Dr. Khushboo Verma, Assistant Professor at NMIMS, was made possible due to the timely and coordinated efforts of Mr. Gaurav Ghadi. The Economics department in collaboration with the NSS unit of Wilson College, celebrated "The World Home Economics Day" on 21st March, 2021 with a session titled "Gender Budget in India: Past, Present and Future" by Ms. Aparna Kulkarni, Assistant Professor, St. Xavier's College, Mumbai.

Furthermore, the department organized various quizzes and competitions to keep the students on their toes throughout the year. All of these activities and competitions were made possible by none other than the department of Economics Arthiki head, Mr. Hardik Sen.

The department adopts a participatory, student- teacher as well as student- student, approach to learning. Furthermore, reading of economic scenarios, commenting/ critiquing on Economic Policy formulations as well as reviewing of documentaries are other ways in which

knowledge is imparted. Innovative teaching-learning techniques like role plays and poetry are also adopted. Extensive revision lectures were conducted for students from FY, SY and TY, to ensure that they were well equipped at handling exams in the online mode.

We plan to continue our "Guest Lecture Series" to keep the students and staff up to date with the latest happenings

ENGLISH

As an eerie silence filled the streets of our otherwise bustling and beloved city, the citizens retreated behind the four walls of their homes, forcing all human exchange into cyberspace. Teachers and students were forced to revamp their age-old teaching/learning methodologies and embrace the challenges of online classrooms. Overcoming technological barriers was the least of our difficulties. Cramped living spaces in the city posed greater socio-psychological challenges but with our usual resilience, students and teachers alike accepted these challenges and mastered new skills, to engage in meaningful exchange.

As online lectures settled into a routine, the Virtual Reading Group took birth at the behest of FY and TY students, Songam Swamy, Keith Correa, Janmejay Tiwari, Harsh Khade and Rubaiya Kareem. Discord accounts enabled us to discuss about sixteen books, critical theory, essays, poems and watch twenty-five films during the course of the two semesters.

This year witnessed the publication of the first ever Department of English magazine, The Literati. The idea for the magazine came from final year students Yeesha Sharma and Harsh Khade. Under the able guidance of Ms V. Mathew, and a capable team of first and second year students, the magazine is ready for publication. I congratulate the magazine team for enabling the successful execution of this endeavour. We look forward to uninterrupted annual publications in the years to come.

The junior college academic year too experienced the challenges of Covid Pandemic and incidental shift in teaching-learning from conventional to online mode. This

challenge was overcome successfully via effective and frequent communications between staff and students, sharing appropriate E-contents, setting concrete guidelines and their execution during teaching-learning and assessment processes.

Teachers from both degree and junior college enriched themselves by attending and participating in various online seminars, workshops, and other events throughout the year.

HISTORY

The Covid-19 pandemic has necessitated a transition from a classroom environment to a virtual environment, by launching and executing online lectures for the academic year 2020-21. New and innovative methodology had to be used to make learning more interactive and to keep students involved in the classes. These included online quizzes, virtual visits to places, videos and interactive sessions.

To highlight the role of women in history, who are otherwise marginalized, Ms. Aarati Manerikar focused on the contribution / role of women for almost every subtopic of the syllabus in History paper 2-Landmarks of History; for e.g. the syllabus focuses on renaissance literature, art and science but mentions contribution of only great male artists, scientists and authors. So learning about the contribution of women in these areas was an experience well received by the students as they were interested to know and find out more about these women achievers.

To make our culture more meaningful to students, this year during the nine day festival of Navratri, Ms. Aarati Manerikar shared with students the achievements of nine women rulers, not commonly known to students. This initiative was also well received by the students and generated an interest in them to go beyond the syllabus.

Ms. Aarati also conducted a session on careers in history for both SYBA and TYBA students.

On occasion of World Tourism Day Ms. Rita Chettiar conducted a session on "Tourism and Jobs a better Future for All."

A regular and popular activity of the department conducted every year is visits to places of tourist interest. However, this year due to pandemic restrictions, Ms. Rita Chettiar

organized virtual visits to all segments of the tourism industry e.g Hotel Taj, industrial visit to Amul Ice cream factory, Airlines and Cruise etc.

HINDI

The academic year has been wrought with many challenges due to the pandemic but the department braced itself to face these challenges and forged ahead to make it an academic experience to remember. The Department of Hindi had organized an International Webinar titled 'Vartaman Sandarbh Mein Hindi Sahitya Aur Paryawaran' on 12th June, 2021 collaborated with University of Mumbai. An Intercollegiate students' webinar on "Hindi Sahitya: Kal, Aaj aur Kal" was organized on 24th March, 2021. Apart from this an Intercollegiate Folk Song Competition was conducted on 13th September, 2021 on occasion of the Hindi Diwas. In addition, various educational and literary activities and competitions were conducted to generate interest among students towards the Hindi language and literature through debates, poetry writing, group discussions, elocutions etc.

A poem written by our student Ms. Anamika Gupta & Dr. Satyawati Chaubey was published in the magazine Kadambini, Varanasi. Our students won many prizes in different literary competitions held at the Inter collegiate level organized by R.N. Ruia College, SIES College, Jhunjhunwala College and K. C. College.

A power point presentation was conducted on career & hindi language, 'Hindi Mein Ujjawal Bhavishya Ki Sambhawanaayen' for students of senior & junior college. The M.A. Part II, Paper-2 and S.Y.B.A Paper-2 study material for IDOL students, University of Mumbai, were prepared by Dr. Satyawati Chaubey.

MARATHI

In the academic year 2020 – 2021, the college adopted the online teaching - learning mode. Marathi department also successfully managed to conduct all the departmental activities online. Students participated in large numbers in all the activities conducted by the department which added to their knowledge and enjoyment. Apart from the activities

that we conduct every year such as the Dr. M. M. Altekar Essay Writing and Debate Competition, a new activity was introduced this year, namely, 'Vaachan Katta'. This was an attempt to encourage students to read Marathi literature. Students were also very enthusiastic and made this activity a true success. The help and support of our Principal, Prof. Dr. A. P. Nikalje, made it possible for the department to conduct these activities.

PHILOSOPHY & PSYCHOLOGY

"Still when abstraction sets to killing you, you've got to get busy with it."—from Albert Camus' novel, *The Plague* which resonates with the times we live in today. The pandemic posed unforeseen challenges, we at the department of Philosophy and Psychology, not only embraced the uncertainty of it but also got busy in charting a way ahead. Braving the challenges of online teaching-learning, we went ahead with our commitment to make philosophy more enriching and relevant by introducing the unique paper "Film and Philosophy" for the TYBA course. The department also introduced an additional division for Psychology TYBA and welcomed the young dynamic faculty, Ms. Vrinda Ruparelia, Ms. Anushka Damani and Ms. Madhureema Neglur to the department. We wish Mr. Joshua Tiwade and Ms. Iram Khwaja, our ex-faculty the very best for all their future endeavours. Another equally dynamic teacher Dr. Prajakta Alphonse was appointed in the junior college section, after the retirement of Mrs. Ashwini Bapat. The department continued with its practice of conducting co-curricular activities that has enhanced the learning experience of students.

The department looks forward to the new academic year with a number of skill-development based learning through certificate courses. We do hope to bring in the new academic year with renewed hope, knowledge and creativity.

Dr. Harsha Badkar
HOD: Philosophy and Psychology

POLITICAL SCIENCE

The academic year 2020-2021 has been a completely different experience because of the pandemic. The department of Political Science saw its' highest-ever

enrolment with 43 students in this batch, including 10 students joining from other colleges. Online lectures were stressful for students because of the continued uncertainty and the various implications of lockdown. The students took the responsibility of creating and managing Google Meet links for lectures and other activities.

This year saw the department carry out some very interesting initiatives in the form of public online lecture series on contemporary issues as well as a 30-hour certificate course on Ancient and Medieval Political Thought. The Political Science Association both interim and elected did a phenomenal job of organising activities around various important national days, including Peace Day, Independence Day, Human Rights Week and many other occasions. This year's Human Rights Week hosted two International Speakers as well. (Please check the PSA report for details).

Ms. Asilata Karandikar continues as an Assistant Professor. She faced a lot of uncertainty and delay in appointment between June and August because of the pandemic. That didn't stop her from contributing to the college and department between May and August. She guided and helped the Political Science Association organise a large number of excellent activities.

This year, students of all three classes contributed to various unique online activities: a month-long dissemination of 30 lesser-known UN member-countries, a collaborative activity with the department of Sociology on Festivals in India, and a one-month comprehensive dissemination of information on all states and Union Territories of India.

In May 2020, Mr. Jitendra Dixit, our alumnus from the 1998-99 batch published a book, '35 Days: How Politics in Maharashtra Changed Forever' a well-researched account of the formation of the Maha Vikas Aghadi government in Maharashtra in 2019.

Special appreciation for the work of our students, Ms. Mitali Bhasin and Mr. Aniruddha Phadke of TYBA for managing the Google Meet links and attendance records for all third-year classes, and for Mr. Sumer Menon of SYBA and Ms. Palak Surti of FYBA for managing the links and providing running notes or lecture summaries for their respective classes in both semesters. Special thanks to Ms. Asilata Karandikar for managing all documentation for the department.

Mr. Sudhakar Solomonraj
HOD: Political Science

SOCIOLOGY

The year was quite challenging due to COVID-19 pandemic but that did not deter us from achieving the goal of doing our best for our students and college, as envisioned in our College Vision and Mission as well as the objectives set forth by the Department for 2020-21. A special note of appreciation to all our student volunteers for being a strong scaffold that enabled us to organize and host programmes throughout the year. Appreciate the efforts put in by staff and student volunteers of NSS Unit, Rotaract Club and WDC of our college towards organizing collaborative programmes/workshops with the Department in 2020-21. It is a matter of great pride to share that the Department has completed three successful years of collaboration with the Department of Sociology, Bhavan's H. Somani College. Additionally, the Department of Sociology, G. M. Momin Girls College also joined as collaborative partners during the week-long International Women's Day Programme scheduled from 1st – 7th March 2021. A special note of appreciation for Ms. Ayesha Dutta, former faculty for being proactive in carrying out departmental work. The Department welcomes Ms. Treasa Francis, appointed on 1st September 2020. As the Coordinator for F.Y Foundation Course, I place on record the teamwork of the teachers teaching Foundation Course at F.Y level - Ms. Rashmi Satpute, Ms. Asilata Karandikar, Ms. Payal Bhattad & Ms. Treasa Francis - for accomplishing the various tasks, despite being quite humungous, in the online mode.

As we had to adopt the online mode of teaching, there was extensive use of online resources in comparison to previous years. Lectures were conducted on Google Meet. Google Classroom/WhatsApp groups were used to share notes, links for additional readings - thus enriching their curriculum and extending their knowledge beyond the curriculum. Google forms were used to give short quizzes to the students, during lectures or as assignments. Extensive revisions were carried out for T.Y.B.A (2019-20) batch before their semester 6 examinations, being the first examination in the online mode in the pandemic period. Similar revision lectures were engaged before examinations for all classes/papers in the academic year 2020-21. This helped the students and was highly appreciated by them. To hone their communication & presentation skills as well as research skills, students' group and individual presentations were encouraged and organized. 'Learning beyond the Classroom' was made possible due to the free subscription of Coursera

courses made available by the College. Students were encouraged to enroll for courses of their choice, and we are proud to announce successful completion of courses by our T.Y.B.A students: Kinjal Borse – 1. Classical Sociological Theory, University of Amsterdam 2. Communication in the 21st Century Workplace, University of California, Irvine Extension. Sunishka Mukherjee – 1. Preparing to Manage Human Resources, University of Minnesota 2. Recruiting, Hiring and Onboarding Employees, University of Minnesota 3. Excel Skills for Business: Essentials, Macquarie University 4. Managing Employee Performance, University of Minnesota. Tanvi Bhatkar - Classical Sociological Theory, University of Amsterdam.

BOTANY

Academic Year 2020-21 started with the challenges of the Covid pandemic and the incidental shift in teaching-learning from conventional to online mode. These challenges were successfully overcome via frequent and effective communication between staff and students, sharing appropriate E-contents, setting concrete guidelines and their execution during teaching-learning and assessment processes. The department faculty engaged themselves with various online activities, seminars, conferences and webinars etc. Students too participated in activities conducted online by department and other institutions.

Cornucopia is the annual fest of the Department of Botany, whose second season was conducted online this year. The festival was planned via online meetings between teachers and students. It was subsequently organized by delegating duties to teachers and students. Right from the inception of Cornucopia, certain objectives were set for students to achieve. During the festival amidst fun, frolic and banter, the diverse and well executed events helped students acquire soft skills like critical thinking, effective communication, leadership, handling stress, time management, gregariousness, planning and respecting deadlines and holistic development. This event also helped to consolidate the teacher-student rapport.

The department organized a webinar on 'Panorama of Plant Sciences' (Be an Architect of Your Career in Plant Sciences) on 27th May 2021. This was a Wilson College Cluster initiative (as a lead college) jointly conducted by Departments of Botany of Wilson College, Bhavan's H. Somani College and Maharashtra College, Mumbai.

CHEMISTRY

The Department has been contributing significantly to the creation and dissemination of knowledge through undergraduate and postgraduate programs and providing an education through quality teaching-learning process in an excellent academic environment. In our pursuit of excellence, we persistently seek and adopt innovative methods to improve the quality of education. Faculty of the department comprises qualified and goal-oriented members and always at the forefront to organize various academic activities to inculcate effective learning abilities and research skills, to extend the intellectual depth, to make students creative, innovative and self-reliant.

Mr. Sachin Gupta, Ms. Shreya Shirke, Ms. Nikita Braganza and Ms. Prerna Jain were appointed as teaching faculty, on contract basis, for the current academic year.

Sixty students enrolled for TYBSc and 28 students enrolled for MSc courses .

The Department of Chemistry in collaboration with Association of Chemistry Teachers and University of Mumbai organized a two days International Webinar on "Emerging Trends in Chemistry Education and Research" on 25th & 26th June 2020.

A National Level Online Workshop on Research Based Pedagogical Tools (RBPTs) for Undergraduate Teachers in Science and Mathematics was conducted from 18th to 23rd May 2020, organised by Wilson College in collaboration with the Centre of Excellence in Science and Mathematics Education (CoESME). Prof. Anna Pratima Nikalje, Principal was the Programme Chairperson and Dr. Ashish Uzgare was the Convenor for this workshop.

The Department of Chemistry in collaboration with the Association of Chemistry Teachers and University of Mumbai organized a two days International Conference as "World Chemistry Conference 2021" on 3rd and 4th May 2021. 285 participants were registered and 47 research papers were presented. On this occasion ten well known international and national scientists gave lectures on various upcoming research topics.

Dr. Sakina Bootwala
HOD: Chemistry

MATHEMATICS

At the onset of the academic year 2020-21, the department has welcomed Prof. Neha Khan and Prof. Bhakti Panchal as the newly appointed faculties. Prof. S. Y Pakhle, HOD of Maths Department, retired from his service on 31st January, 2021 and handed over the charge to Mrs. J. Kurian. Prof. Brij Jacob was appointed in his place. The department was able to conduct online lectures and practicals, which was a great challenge for the faculty as well as for the students in this pandemic season. A session on "Mental Health" was conducted as an extension program of the mentees group of SYBSc Mathematics students, for which Prof. Veena Shinde Deore was the resource person. A Poster Presentation Competition was also conducted for degree college students, for which participation and position certificates were also awarded. J. Kurian has attended two FDPs and one webinar.

Dr. Joyce Kurian
HOD: Mathematics

MICROBIOLOGY

The new academic year 2020-21 began with the declaration of the T.Y.BSc results which saw score of 95.65%. The department congratulates all the successful students. Two students secured "O" grade CGPA score = 10, 80% students secured "A/A+" grade and 10% secured "B/B+" grade and two students were not able to clear the exam.

The department takes immense pride in mentioning that the toppers in Microbiology are Ms. Malvika Pillai- 89.31%, T Y BSc; Ms. Nasreen Shaikh - 80.67%, S Y BSc and Mr. Nachiket Moti 93.67%, F Y BSc. Mr. Sahil Chandrakant Kalambe and Ms. Sanjivani Anil Kashid received the Prema Arya scholarship for completing their undergraduate studies. The department is also very happy to announce that a senior faculty Mrs. Radhika Birmole was awarded Ph.D in Microbiology.

Microbiology department organised a two-day National Level Interdisciplinary Webinar on "Pandemics: Impact, Challenges & Innovations" in association with University of Mumbai for teachers and postgraduate students on 29th and 30th May, 2020. This webinar was organised; with an aim to contribute to society by generating consciousness about pressing issues in the ongoing COVID-19 pandemic. Late Dr. Ajay Deshmukh, Registrar, University of Mumbai

was the guest of honour and Dr. A. D. Sawant, former Pro V.C. University of Mumbai, joint director of higher education, Mumbai and former V.C. University of Rajasthan was the chief guest, the keynote speaker was Mr. Nilesh Shah, Managing Director of Kotak Mahindra Asset Management Co. Ltd and Member of Hon'ble Prime Minister's Advisory Council.

The department staff, Dr. Anuradha Pendse, Ms. Chandrima Ghosh and Ms. Abhilasha Upadhyay organized a session "Emerging Infectious Disease - Coronavirus (COVID19)" for all students and staff, to create awareness, clarify various rumors & myths about the virus and to ease panic, on 19th April, 2020.

The Microbiology staff believes in carving a potential future for its students thus under the guidance of Mrs. Meghana Gore and Ms. Suruchi Sawant, three career guidance webinars namely "Stimulating the Cascade of Success, Igniting minds: From Nest to the Sky" and "Forging Your Way" were organized. The webinar series aided in motivating young minds towards understanding science, its implication in daily activities and how one can pursue their career.

As a part of an intercollegiate event, the department had arranged a "BIOMOSAIC" program where students participated in quiz, debate, essay writing competitions which was supervised by Dr. Joyline Mascarenhas. This was an initiative of the SYBSc students who displayed their creative skills and knowledge, through an online event, to spread awareness about Modern Vaccines and probiotics.

Both the students and the faculty of the department attended numerous international and national scientific symposiums and faculty development programs. They successfully published their research work in recognized journals and potential research grants are in pipeline.

Understanding the severity raised due to this pandemic situation our department has reached out to the underprivileged section of the society as a part of the "Helping Hand" program. Patients were helped with all necessary facilities. A special gratitude to Dr. Swaroop Hegde for his generous donation of medical amenities for Covid patients.

Future plans of the department includes: teaching staff to undertake research by applying for grants, encouraging under graduate students to undertake small application

based projects, staff to undergo training for courses related to use of ICT tools for teaching and also setting up of a mini bio- gas plant with help of experts to help reutilise the waste generated in college.

Dr. Anuradha Pendse
HOD: Microbiology

PHYSICS

In the newly adopted online mode of teaching, department staff used various different techniques to conduct online practical. Keeping the spirit of syllabus in mind, various online apps and simulators and emulators were explored. Desmos graphical calculator was used taught to students and used for most practical calculations and graph plotting. Google sheet was also used to do calculations. Many physics practical simulations Virtual labs of IITs and Amruta univeristy were explored and used. 8085 microprocessor practical were done using emulator apps for android phone. Students were given youtube links for showing the procedural part of various experiments. Nobel lectures related to topics taught in first year were given to students as guided reading exercises and questions were asked on each article to check their comprehension. Articles in material science were given to SY students and the comprehension was checked by assigning questions on each article.

Regular meetings were conducted in online mode to discuss various methods to employ for practical courses.

Mr. Shekhar Deodhar
HOD: Physics

ZOOLOGY

The Department of Zoology adopted the online teaching mode during this academic year due to the pandemic. The department maintained the quality of education it imparts to its undergraduate and post graduate students despite the challenging situation posed by the pandemic. Staff meetings and student – teacher meetings were conducted regularly for coordination and smooth functioning of the department.

The examinations for the T.Y.B.Sc batch of 19 – 20 were conducted in Sept. – Nov. 2020 as per the Supreme Court - UGC directives and guidelines issued by University of Mumbai. Extra revision lectures were conducted for T.Y.B.Sc 19 – 20 batches before these examinations. They were also given orientation with regards to the online examinations

and question paper pattern.

To compensate for lack of outdoor activities, links of various BBC and National Geographic films exhibiting the life of flora-fauna of certain regions were shared with students to motivate them. Department is planning to arrange guest lectures in collaboration with IWSA tentatively in July 2020.

The Department welcomes Ms. Caroline Gloria who was appointed as staff on contract basis for the academic year.

Ms. Paramjeet Shetty
HOD: Zoology

Mr. Asher Paul	28 th February 2021	Qualified with score of 90%	-
4)	Medicinal Chemistry - NPTEL	The intended outcome is to train students on various aspects of new drug discoveries/development, drug screening, target identification, lead discoveries, optimization and the molecular basis of drug design and drug action.	Mr. Maheir Kapadia	17 th April 2021	Qualified	Credit course:3

5)	Biomedical Nanotechnology - NPTEL	The applications of nanotechnology are gaining an overwhelming response in almost all fields. The healthcare sector specially has brought about tremendous development. Eg - cancer diagnosis and therapy, medical implants, tissue engineering etc. In the forthcoming years, developments in this field are expected to flourish and lead to several lifesaving therapies and medical technologies.	Mr. Maheir Kapadia	9 th October 2020	Qualified	Credit course:1
6)	Amateur Radio Operator - by USA Federal Communications Commission	Amateur radio, also known as Ham Radio, is the use of radio frequency spectrum for purposes of non-commercial exchange of messages, wireless experimentation, self-training, private recreation, radio sport, contesting, and emergency communication.	Mr. Maheir Kapadia	14 th September 2020	Qualified and Licensed	-
7)	IBM: CyberSecurity Analyst - Coursera	In this professional certificate programme, learners developed and honed essential knowledge and skills to enter today's dynamic cybersecurity workforce. They also acquired knowledge about cybersecurity analyst tools including data protection; endpoint protection; SIEM; and systems and network fundamentals, knowledge around key compliance and threat intelligence, topics important in today's cybersecurity landscape; gained skills for incident responses and forensics. The learner's knowledge and skills were tested through multiple assessments during the courses, a real-world breach case study and several hands on virtual labs. The learner also achieved a passing score on a final assessment course covering all content from the previous seven courses.	Mr. Maheir Kapadia	4 th October 2020	Qualified	-
8)	Google IT support Specialist - Coursera	For those who earn Google IT Support Professional Certificate, complete five-courses, developed by Google. These include hands-on, practice-based assessments and are designed to prepare them for entry-level roles in IT support.	Mr. Maheir Kapadia	09 th December 2019	Qualified	-

		They are competent in foundational skills, including troubleshooting and customer service, networking, operating systems, system administration, and security.				
9)	IIT JAM 2021 Chemistry	It is an entrance exam in IIT for a Master's degree.	Mr. Harsh Nagda	Exam conducted on 14 th February 2021 Result announced on 20 th March 2021	AIR 280	-
10)	Coursera - University of Colo	Preventive healthcare for the newborn baby.	Ms. Anaida Santos	24 th September 2020	Participation	-
11)	Coursera - University of Colo	Preventive healthcare for the newborn baby.	Ms. Anaida Santos	15 th February 2021	Participation	1 month course.
12)	Digital Skills- Artificial Intelligence ACCENTURE	Digital Skills-Artificial Intelligence	Ms. Samrin Nayaab	25 th May 2020	96%	-
13)	Chemical and Health - John Hopkins University	Chemical and Health	Ms. Samrin Nayaab	4 th September 2020	Participation	-
14)	Understanding Research Methods. - University of London	Understanding Research Methods.	Ms. Samrin Nayaab	8 th September 2020	Participation	-
15)	Aromatherapy- Clinical use of essential oils - University of Minnesota	Aromatherapy-Clinical use of essential oils	Ms. Samrin Nayaab	5 th September 2020	Participation	-
16)	Drug commercialization - UC SAN DIEGO	Drug commercialization	Ms. Samrin Nayaab	9 th September 2020	Participation	-
17)	Digital Skills- Digital Marketing - ACCENTURE	Digital Skills- Digital Marketing	Ms. Samrin Nayaab	27 th May 2020	81%	-
18)	UAL Creative Computing Institute and Institute of Coding	Introduction to Creative AI	Ms. Samrin Nayaab	2 nd June 2020	Participation	-

19)	Current Digital trends at Workplace Trends - University OF LEEDS	Current Digital trends at Workplace Trends	Ms. Samrin Nayaab	24 th May 2020	74%6	-
20)	COVID-19: Tackling the Novel Coronavirus - London School of Hygiene and Tropical medicine	COVID-19: Tackling the Novel Coronavirus	Ms. Samrin Nayaab	3 rd June 2020	Participation	-
21)	National Level Science Quiz Competition - Maharashtra College, Mumbai.	National Level Science Quiz Competition	Ms. Urvi Neharkar	28 th Feb. 2021	84%	-
22)	Botany QUIZ - IQAC and Botany Department, Ratnagiri	Certificate For Successful Completion Of National level online quiz on Botany	Ms. Riti Shah	22 nd May 2020	Participation	Participants having a high score received certificates
23)	Chemistry Aptitude Test - Thakur College, Department Of Chemistry	Certified For successfully completing 'Chemistry Aptitude Test'	Ms. Riti Shah	20 th May 2020	Participation & rank	Participants scoring 80% and more were provided certificates
24)	Media Quiz 'PEHCHAN KAUN' – IQAC And BMM Department Of Viva College - Virar	Certificate of appreciation for successfully participated and performed outstandingly well in the media quiz organized by IQAC	Ms. Riti Shah	20 th May 2020	Participation	
25)	COVID-19 Awareness Quiz - St. John Technical & Education Campus Palghar	E-Certificate For Covid-19 Awareness QUIZ	Ms. Riti Shah	17 th May 2020	Participation & rank	Scored 90%
26)	Aptitude test on 2020 on Drugs and Dyes - Department of Chemistry, Karmaveer Bhaurao Patil College, Vashi	Aptitude test on 2020 on Drugs and Dyes	Ms. Khushnuma F. Elavia	2020	50%	

27)	Aptitude test on Periodic table - Department of Chemistry, Karmaveer Bhaurao Patil College, Vashi	Aptitude test on Periodic table	Ms. Khushnuma F. Elavia	2020	Certificate of Participation	
28)	Quiz on Everyday Chemistry - KIE Society's Science and Commerce College, Navi Mumbai	Quiz on Everyday Chemistry	Ms. Khushnuma F. Elavia	2020	Certificate of Participation	
29)	Chem Euphoria 2021 - Wilson College	National level Chemistry competition	Ms. Khushnuma F. Elavia	13 th March, 2021	Certificate of Participation	
30)	National Conference on New Dimension of Chemistry - Wilson college in association with University of Mumbai and ACT	National Conference on New Dimension of Chemistry	Ms. Khushnuma F. Elavia	1 st February, 2020	Certificate of Participation	
31)	Quiz Competition - N. G. Acharya and D. K. Marathe College	Intercollegiate Competition	Ms. Aisha Yusufuddin Shaikh	13 th February 2021	Participation	
32)	Poster Competition	Topic of Poster (Green Chemistry)	Ms. Aisha Yusufuddin Shaikh	13 th February, 2021	Participation	
33)	Career Opportunities in Chemistry - St. Xavier's College	Webinar explaining different career options in Chemistry after BSc/MSc.	Ms. Glazy Fernandes	14 th June, 2020	Attended	
34)	HPTLC: Technique and Pharma Applications" - Anchrom Enterprises	Webinar and live demo on HPTLC	Ms. Glazy Fernandes	6 th August 2020	Attended	
35)	Use of digital technology in Chemistry - JVM College	Use of digital technology in Chemistry	Ms. Glazy Fernandes	9 th November 2020	Attended	
36)	"Know you Molecules"	Workshop on different instruments like SEM, TEM, DTA, DSC and live demo.	Ms. Glazy Fernandes	17 th & 18 th February 2021	Attended	

37)	Chem Euphoria 2021	Fun events lie PPT, Poster and Quiz	Ms. Glazy Fernandes	13 th March 2021	Participated in quiz and presentation	
38)	NSS Poster Competition	Poster making competition	Ms. Seefa Shaikh	2 nd November 2020	Participation	Ca. 100 participants participated for the event
39)	Event Horizon	Crossyphy	Ms. Seefa Shaikh	24 th February 2021	Participation	Organized by Department of Physics, Wilson College. Ca. 100 participants participated for the event
40)	Event Horizon	Quizeria	Ms. Seefa Shaikh	24 th February, 2021	Participation	-
41)	MICROBYTES - Dept. of Microbiology, Vivekanand Education Society's College of Arts, Science and Commerce	"MICROBYTES" a Microbiology based e-learning initiative of the department	Ms. Sanjana Sanjay Vibhute	06 th November, 2020 – 28 th February, 2021	A+ Grade	Dept. of Microbiology, Vivekanand Education Society's College of Arts, Science and Commerce
42)	Biomosaic 2020 - Dept. of Microbiology	Spell Bee Championship (Microbiological Spelling Contest)	Ms. Disha Biswas	November 2020	First Prize	First prize. But yet didn't receive the certificates
43)	Biomosaic 2020 - Dept. of Microbiology	Essay Writing Competition	Ms. Disha Biswas	November 2020	First Prize	First Prize. But yet didn't receive the certificates from the dept. due to online mode of participation.

44)	20th National MicroBioOlympiad 2021	Micropodium(Speaking and presentation skills on one microbiology topic)	Ms. Disha Biswas	10 th March, 2021	Second Prize	Second prize. Didn't receive the certificate. Certificates will be given shortly to Wilson college as I represented the college. [Organized by Bioresco MicroBioOlympiad (National Event)]
45)	Inferno 2.0	Who Done It (Detective / Solving mystery competition)	Ms. Disha Biswas	29 th November 2020	Participation	ISDI School of Innovation & Design, Mumbai
46)	Quiz Competition	Online National Level Science Quiz Competition	Ms. Jameela Sharafath	28 th Feb, 2021	Qualified	Organized by Department of Chemistry under Science Association of Maharashtra College
47)	Elocution competition	Elocution competition	Mr. Ritvik Singh	2 nd Oct 2020	1 st position in Elocution Competition	NSS unit of Jai Hind College
48)	Kshitij Fest for product photography - Mithibai College	Kshitij Fest for product photography	Mr. Goutam Hasmukh Jain	27 th December 2020	2 nd Podium	Won Rs 2000/ cash and few other products as prizes.

1	Principal Prof. Anna Pratima Nikalje	Presented Paper	International E-conference on "World Chemistry Conference" (WCC 2021)	Development and validation of stability -indicating HPLC method for Carvedilol and its related compounds in bulk drug and formulation	Wilson College, Mumbai in collaboration with University of Mumbai and Association of Chemistry Teachers on 3 rd & 4 th May 2021
		Presented Paper	World Chemistry Conference (WCC 2021)	Simultaneous estimation of Azilsartan and Cilnidipine in Bulk by RP-HPLC and assessment of its applicability in market	Wilson College, Mumbai in collaboration with University of Mumbai and Association of Chemistry Teachers on 3 rd & 4 th May 2021
		Convenor	International Webinar on "Emerging Trends in Chemistry Education and Research (ETCER)"		Wilson College in association with University of Mumbai And Association of Chemistry Teachers. 25 th & 26 th JUNE 2020
		Participated	Webinar on 'Navigating Your Journey From Research To Patent & How Patent and Publication Differ'		Society of Pharmaceutical Sciences and Research (SPSR) on 8 th April 2021
		Participated	Faculty Development Program on "NAAC: AQAR Submission in the revised format"		Rashtriya Uchchatar Shiksha Abhiyan (RUSA) Maharashtra in collaboration with I.Q.A.C of Bharatiya Vidya Bhavan's Hazarimal Somani College of Arts & Science from 1 st Feb 2021 to 6 th Feb 2021.
		Participated	International Conference on Fundamental and Applied Sciences (ICFAS 2021)		Faculty of Science and I.Q.A.C. Bharatiya Vidya Bhavan's Hazarimal Somani College of Arts and Science, Shri Manubhai Maneklal Sheth Junior College of Arts and Science and Jayaramdas Patel College of Commerce and Management Studies from 24 th March 2021 to 26 th March 2021.

		Participated	FDP on Pedagogy in Management and Computer Science Education in Post Covid Era "		Internal Quality Assurance Cell (IQAC) , KCES's Institute of Management & Research, Jalgaon on 12 th & 13 th June, 2020.
		Participated	Faculty Development on Learning Management System (MOODLE)		Sacred Heart College in association with All India Association for Christian Higher Education & Don Bosco Higher Education, India from 8 th June to 10 th June 2020
		Participated	Faculty Development Program on "Online Teaching & E-content"		IIDE with Lala Iajpatrai College, St.Xaviers College & D.Y.Patil College of Engineering & technology on 3 rd & 4 th June 2020.
		Attended	International Webinar on Multidisciplinary Research		Department of Chemistry, Guru Nanak College of Science, Ballarapur, Dist. Chandrapur on 13 th March 2021
		Attended	Cross-Border Programmes		U.S. Consulate General Mumbai on 23 rd March 2021
		Attended	International Webinar on Sustainable Chemistry, IWSC-2021		Association of Chemistry teachers (ACT), C/o Homi Bhabha Centre of Science Education (TIFR) Mumbai on 18 th March 2021
		Attended	International Webinar On Empowering Diversity In Science (GWB-2921)		Department of Chemistry, Kamla Nehru Mahavidyalaya, Nagpur and Association of Chemistry Teachers(ACT), C/o Homi Bhabha Centre of Science Education (TIFR) Mumbai in collaboration with International Union of Pure and Applied Chemistry (IUPAC), Global Women's Breakfast on 9 th February 2021
		Attended	International Webcon on Recent Advances in Chemistry Education and Chemical Research		Association of Chemistry Teachers C% Homi Bhabha Centre of Science Education (TIFR) Mumbai and Department of Chemistry, MLSM college, Darbhanga, Bihar, India on 29 th Nov to 1 st Dec, 2020

		Attended	Webinar on New Principal as a Visionary CEO"		IQAC of Maharashtra College of Arts, Science and Commerce and Bhavan's Hazarimal Somani College of Arts & Science on 11 th August to 14 th August, 2020
		Attended	Principal Conclave on "Digital Transformation of Indian Education "		NORTH STROM Academy on 5 th June, 2020
2	Dr. Sakina Bootwala	Attended & Member of organising committee	International E-conference on "World Chemistry Conference" (WCC 2021)		Wilson College, Mumbai in collaboration with University of Mumbai and Association of Chemistry Teachers on 3 rd & 4 th May 2021
		Attended	"NAAC : Revised Assessment & Accreditation Framework"		RUSA, Govt of Maharashtra, office of joint Director, Mumbai Region and Ramanand Arya D.A.V. College on 4 th June, 2020
		Attended	"Ongoing Strategies for drug Designing for Covid 19		R.D. & S.H. National College and S.W.A. Science College on 5 th June, 2020
		Participated	Faculty Development Program on 'Artificial Intelligence in Classroom Teaching'		Department of Science of J.V.M.'s Degree College in association with The Magic Data on 6 th June, 2020
		Attended	International Webinar on "Material Science		Association of Chemistry Teachers (ACT) Mumbai in collaboration with Department of Chemistry, Madhav Science Post Graduate College, Ujjain, and, Kamla Nehru Mahavidyalaya, Nagpur. on 9 th June, 2020
		Participated	Pedagogical Training for teachers on Tools for online teaching, learning and evaluation		School of Mathematical Sciences ,Swami Ramanand Teerth Marathwada University,Nanded on 1 st July to 6 th July, 2020

		Participated	National Webinar on “Challenges and Opportunities of Metal Complexes in Medicinal Field”.		Department of Chemistry, St. Xavier’s College for Women, Aluva on 4 th July, 2020
		Participated	International Virtual Faculty Development Programme on Building Competency in ICT based teaching using spreadsheet and Sustainability Strategies during COVID 19 Pandemic		Organised by St. Pauls College, Bengaluru from 20 th July 2020 to 24 th July, 2020
		Attended	National Webinar on “Chemistry-Concepts and Career Opportunities”		Department of Chemistry, S.I.W.S. N.R. Swamy College of Commerce & Economics and Smt. Thirumalai College of Science, Wadala (W), Mumbai – 400 031. from 16 th - 18 th July, 2020
3	Dr. Harish Parbat	Participated and Co-convenor	International Webinar on “Emerging Trends in Chemistry Education and Research (ETCER)” .	-	Wilson College in association with University of Mumbai And Association of Chemistry Teachers from 25 th & 26 th June, 2020
		Participated and Co-convenor	International Research Methodology Workshop	-	Wilson College collaboration with University of Mumbai from 19 th -25 th May, 2020
		Presented (Best Paper presentation award)	2 nd International Conference on Empirical and Theoretical Research (ICETR-2020) organized online.	A Green approach to the transition metal ion catalyzed oxidation of some industrially important alcohols using Ammonium metavanadate in an acidic medium.	Organised by IBERD from 4 th June to 5 th June, 2020
		Presented (Resource Person)	National level Conference on Quantum Chemistry Organised.	Applications of Quantum Chemistry	SPK College Sawantwadi on 3 rd May, 2020
		Presented (Resource Person)	Resource Person in the National Conference on “GREEN CATALYSIS AND MATERIAL CHEMISTRY”,	A Green approach to the transition metal ion catalyzed oxidation of some industrially important alcohols using Ammonium metavanadate in an acidic medium.	Organised by Anandibai Pradhan Science College on 27 th May, 2020.

		Participated and Chairperson	Chairperson of Two days International Level Web Conference on "New Pathways in Chemistry"	Evaluated oral presentation	Organised by N. G. Acharya & D. K. Marathe College on 23 rd -24 th May, 2020
		Participated and Coordinator	UTKRANTI Beyond the Horizon (A tribute to the Disabled community), University level Fest.	UTKRANTI	Organised by Wilson College NSS unit collaboration with Mumbai University on 8 th and 9 th April, 2021
		Participated and Coordinator	Webinar for students on the topic Youth: Hope of Our Future	Youth: Hope of Our Future	Organised by Wilson College NSS unit on 6 th February 2021
4.	Dr. Ashish S Uzgare	Presented Paper	International Conference titled World Chemistry Conference (WCC 2021)	Screening of metal complexes and ligand as anti- bacterial agents and to compare their anti- bacterial activity against established antibiotic cefpirome.	Wilson College, Mumbai in collaboration with University of Mumbai and Association of Chemistry Teachers on 3 rd & 4 th May, 2021.
		Co-convenor	International Webinar on Emerging Trends in Chemistry Education and Research (ETCER)		Wilson College in association with University of Mumbai And Association of Chemistry Teachers, from 25 th to 26 th June, 2020
		Resource Person	Online Workshop of Lecture Series in Chemistry		Organised by Ramsheth Thakur College of Commerce and Science, Navi Mumbai from 19 th February to 22 nd February, 2021.
		Attended	Online International Webinar On Environmental Justice in Global Context(s)		International Association of Methodist Schools, Colleges, and Universities in association with Isabella Thoburn College Lucknow on 5 th June, 2020.
		Attended	International Webinar Antimicrobial agents & Adjuvants: How to test and Elucidate their mode of action?"		Organized by Shirpur Education Society's, H. R. Patel Institute of Pharmaceutical Education and Research, Shirpur on 10 th June, 2020.
		Attended	National Webinar on Preparation of SOPs and Policy Documents for NAAC Accreditation		Organized by IQAC, Bharat College of Arts & Commerce and IQAC Cluster, India on Monday, 15 th June 2020.

		Participated	Science Leadership Workshop		Organized by the Central University of Punjab, Bathinda from 22 nd to 28 th June, 2020.
		Attended	University level Webinar on Learning made easy: Chemdraw and online research engines		Organised by K C College on 4 th July, 2020.
		Attended	National Level Webinar on: A way forward in Higher Education, The National Education Policy 2020(NEP2020)		Organized by IQAC Nagindas Khandwala College on 6 th August, 2020.
		Attended	National Level Online Workshop on Virtual Chemistry learning for Higher Education		Jointly organized by Department of Chemistry, School of Physical Sciences, & Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNMTT), School of Education, Central University of Kerala (CUK), Kasaragod 671320, Kerala, held from 18 th to 19 th January, 2021.
		Attended	Webinar on Orientation to Entrepreneurship Cell Activities		Organized by Wilson College Incubation Center on 10 th February, 2021.
		Attended	Webinar on Investor Awareness Program		Organized by IQAC, Wilson College, Mumbai in collaboration with Future Ready Learning Solutions on 13 th February, 2021.
		Participated	Faculty Development Program on Pedagogy in Management and Computer Science Education in Post Covid era		Organized by Internal Quality Assurance Cell (IQAC) , KCES's Institute of Management & Research, Jalgaon on 12 th & 13 th June, 2020.
		Participated	Faculty Development Program on Befriend Technology with new the educator's code: Transform from physical to digital		Organized by Bharat College of Arts and Commerce from 27 th July to 2 nd August, 2020.

5.	Dr. Jamson Masih	Participated	Faculty Development Programme on "Open Source Tools for Research"		Teaching Learning Centre (TLC) of Ramanujan College, Delhi from 8 th June to 14 th June, 2020.
	Dr. Jamson Masih	Participated	Faculty Development Programme on "MANAGINGONLINE CLASSES andCO-CREATINGMOOCS:2.0"		Teaching Learning Centre (TLC) of Ramanujan College, Delhi from 18 th May- 3 rd June, 2020
	Dr. Jamson Masih	Attended	International webinar on "Emerging Trends in Chemistry Education and Research (ETCER)"		Wilson College in association with University of Mumbai and Association of Chemistry Teachers on 25 th & 26 th June, 2020
	Dr. Jamson Masih	Presented Research Paper	International Conference on Fundamental and Applied Sciences (ICFAS 2021).	Concentration and behavior of fine particulate matter at two location of Mumbai	Faculty of Science and I.Q.A.C, a Bhavan's College, Mumbai from 24 th March 2021 to 26 th March, 2021.
	Dr. Jamson Masih	Co-convenor	"Emerging Trends in Chemistry Education and Research (ETCER)"		Wilson College in association with University of Mumbai and Association of Chemistry Teachers on 25 th & 26 th June, 2020
	Dr. Jamson Masih	Attended	National Level Webinar on 'Revised NAAC Assessment and Accreditation'		Organized by Wilson College, IQAC cluster and WhiteCode partner 29 th April-3 rd May, 2020
6	Dr. Hina Shaikh	Presented paper	International e-conference on "Perspectives of preparing and implementing the 'Swachh Bharat Abhiyan'	Determination of toxic and essential metals in present in plant sample using spectroscopic techniques	
		Attended	National Webinar on "Film factors"	--	Department of B.A.M.M.C of Smt. Mithibai Motiram Kundani college on 13 th June, 2020
		Attended	National webinar on "POCSO- Laws in Covid time"	--	IQAC and women development cell, Thakur College of science and commerce on 18th June 2020

		Attended	National level webinar on "Indian economy in Post Covid 19 :Prospects and challenges"	--	Department of economics, THK Jain College on 9th June 2020
		Attended	National seminar on "Covid 19: Chemistry perspective"	--	Department of Chemistry, Smt. Chandibai Himathmal Mansukhani College on 15th June 2020
		Attended	National Webinar on "Decoding Entrepreneurship"	--	Hansraj Jivandas College of Education & Career HUB under the aegis of RUSA on 15 th and 16 th June, 2020
		Attended	National Webinar on "Challenges and Strategies in Commerce and Management- Post Covid Era"	--	Vindhya Institute of Management and Science, M.P on 23 rd and 24 th June, 2020
		Attended	National Webinar on "Emotional Management"	--	IQAC and Department of Psychology Rajaram College, Kolhapur on 13 th June, 2020
		Attended	National virtual seminar on "Green Chemistry and sustainable development"	--	Department of Chemistry, Shahid Bhagat Singh Govt PG College, Pipariya, Madhya Pradesh on 15 March 2021
		Attended	International webinar on "DOAJ & Open Access"	--	AISSMS College of Engineering Pune in association with DOAJ, America on 6 th June 2020
		Attended	International Webinar on "Material and their Applications"	--	SSM Institute of Engineering and Technology, Dindigul on 18 th and 19 th June , 2020
		Attended	International webinar on "Innovations in science and technology"	--	Department of Chemistry, Smt. Narsamma Arts, Commerce and Science College, Amravati in association with Association of Chemistry teachers (ACT) Mumbai on 27th February 2021
		Attended	International webinar on Sustainable Chemistry IWSC 2021	--	Association of Chemistry teachers c/o Homi Bhabha Center for science education (TIFR) Mumbai on 18th March 2021

		Participated	International webinar on “multidisciplinary research”	--	Department of Chemistry, Guru Nanak College of Science Ballarpur District Chandrapur on 13th March 2021
		Participated	International conference on “Post pandemic Education and Employment: Challenges and Opportunities”	--	Sangoshthi Ram Lal Anand College, University of Delhi on 4th and 5th March 2021
		Participated	Workshop on “Chromatography and UV visible, IR spectroscopy”	--	Department of Chemistry, RD and SH National College and SWA Science College on 13th March 2021
		Participated	National level online faculty development program on “Recent advancement in medical engineering”	--	Department of Mechanical engineering, Bharat institute of Engineering and Technology, Hyderabad, Telangana from 22nd to 26th June 2020
		Participated	“Reigniting the Research-Spark: Exploring new methodologies and perspectives”	--	St. Xavier’s autonomous College under the aegis of RUSA from 15th to 20th March 2021
7.	Mr. Kailas Shinde	Presented Paper	‘Drug Discovery, Development and Applications’	Synthesis, Characterization, Molecular Docking and Biological Activities of New Quinoline Analogues bearing Carboxamide Moiety.	Karmaveer Bhaurao Patil College on 15 th and 16 th June, 2020
		Presented Paper	‘Emerging Methodologies in Pharma, Environmental and Life Sciences’	Synthesis, Characterization and Biological Evaluation of Some New Quinoline Analogues as Anti-breast Cancer and Antibacterial Agents	Ismail Yusuf College on 18 th June, 2020
		Presented Paper	International Web-conference on ‘COVID-19: Perspective of Science and Challenges’	Synthesis, Characterization and Anticancer and Antibacterial Activity of Novel N-(2-(3-fluorophenyl)quinolin-5-yl) Benzamide Derivatives	Siddharth College on 19 th and 20 th June, 2020

		Participated	Interdisciplinary Refresher course on "ADVANCED RESEARCH METHODOLOGY Tools and Techniques"	-	Teaching Learning Centre, Ramanujan College, University of Delhi under the aegis of MINISTRY OF EDUCATION, PMMMNMTT from 30 th January, 2021 - 14 th February, 2021
		Attended	International Webinar on "Material Science (IWMS-20202)"	-	ACT in collaboration with Madhav College on 9 th June, 2020
		Participated	National web Conference on "Synthesis of Nanomaterials and their property enhancement"	-	BNN College on 11 th June, 2020
		Participated	International E-Conference On "Impact of Covid-19 On Society, Economy & Environment: Challenges, Solution & Possibilities"	-	MJD Govt. College on 13 th and 14 th June, 2020
		Attended	National Webinar on "Patent: An Intellectual Property Right"	-	Bhavan's H. S. College on 19 th June, 2020
		Participated	National Web Conference on "Writing Research Paper: An Art"	-	BNN College on 18 th June, 2020
		Attended	International webinar on "Emerging Trends in Chemistry Education and Research (ETCER)"	-	Wilson College on 25 th and 26 th June, 2020
		Participated	International Conference on 'Sustainable Development : A Biological and Socio Economic Perspective'	-	Government Vidarbha Institute of Science and Humanities Amravati on 26 th and 27 th June, 2020
		Attended	International webinar on "Patent and Patenting Process"	-	Patkar College on 18 th July, 2020
		Attended	International webinar on "Advances in Chemical science and Engineering"	-	Govt. Bilasaon College on 18 th July, 2020
		Attended	International webinar on "Challenges to discovery of New Drug"	-	Dapoli UBSS College on 31 st July, 2020
		Attended	Webinar on "Computational Chemistry: A modern Chemist's Tool"	-	K. J. Somaiya College on 23 rd July, 2020

		Attended	National Webinar on "Instrumental Methods of Analysis (NWIMA-2021)"	-	Kamla Nehru Mahavidyalaya on 17 th and 18 th October, 2020
		Attended	National webinar on "Review – new norm in scientific research"	-	Jai Hind College on 21 st October, 2020
		Attended	National webinar on " Use of Digital Technology in Chemistry "	-	JVMD College on 9 th November, 2020
		Attended	National Webinar on "Hybrid Nanomaterials for Energy Applications"	-	G. M. Vedak College on 13 th January, 2021
		Attended	National webinar on " Functional Materials "	-	Jagat College on 21 st February, 2021
		Attended	National Webinar on "RECENT TRENDS IN NANOTECHNOLOGY FOR SUSTAINABLE DEVELOPMENTS"	-	Govt. College, Morena on 24 th February, 2021
		Attended	Workshop on "KNOW YOUR MOLECULES: THROUGH SOPHISTICATED INSTRUMENTATION TECHNIQUES"	-	Xavier's College on 17 th and 18 th February, 2021
		Attended	International Webinar on "Bio-Nano Frontiers"	-	Doshi Vakil College on 27 th February, 2021
		Participated	National Conference on " Sustainable technology and development – Environmental Impacts "	-	K. L. University on 22 nd and 23 rd February, 2021
		Attended	National Webinar on "Green Chemistry- An Approach for Healthy Environment"	-	Govt. College, Timrani on 26 th February, 2021
		Attended	International Webinar on "Sustainable Chemistry (IWSC-2021)"	-	ACT in collaboration with TIFR on 18 th March, 2021

Volunteers then began to spread the word and reach out to potential donors. On 26th February, 2021 an email was sent to the Public Relation Officer at TATA Memorial Centre seeking permission for donation acceptance. With the

		of proactive student volunteers driven with a common interest to serve and reach out to the underprivileged sections of society. In the first social outreach initiative, the team was instrumental in providing aid to about hundreds of cancer patients at TATA Memorial Centre, Parel. The second campaign began in February 2021, with a motive to provide relief funds to overburdened hospitals and help patients affected by the pandemic.	3) Ms. Suruchi Sawant	Public Relation Officer at TATA Memorial Hospital, Parel. 2. 19th May, 2021 supplies were donated to an NGO Nana Palkar Trust, Parel and Aadhar Adivashi Seva Ashram, Thane.		prompt response of our generous donors, the team was successful in collecting clothes, caps, headwear, scarves for patients facing chemotherapy; sanitation and hygiene supplies viz. sanitizers, soaps, masks; biscuits and monetary donation. It is worth acknowledging that one of our donor: a covid-19 front line warrior, Dr. Swaroop Hegde contributed PPE kits, N95 mask, surgical masks, hand sanitizer, sprays, gloves, head caps and vitamin C tablets, all of these were valuable for the Covid Patients. Despite covid imposed restrictions, it must be lauded that volunteers remained co-operative and active in mobilizing resources, door-to-door collection, unloading bulk donations and stationing them at the Department. All while observing social distancing norms. Clothes, tissues, medical devices like oxy-meters, glucose meter; sanitation and hygiene supplies viz. wipes, disinfectant sprays, personal hygiene kits along with other essential supplies were donated to Nana Palkar Trust; an NGO dedicated to provide shelter, food and medical aid to the cancer patients seeking treatment at Tata Memorial Hospital. Some portion of donation was also directed to Aadhar Adivashi Seva Ashram: home for orphaned children, located at Thane.

PRAYER FOR STUDENTS

Lord, Our God,

in your wisdom and love
you surround us with the mysteries
of the universe. Send your spirit upon
these students and fill them with your
wisdom and blessings. Grant that they
may devote themselves to their studies
and draw ever closer to you, the source
of all knowledge. We ask this
through Christ our Lord.

Amen.

विल्सन महाविद्यालय

हमारा मान

हमारा सम्मान है

हम सभी का अस्तित्व इससे

और इससे ही शान है।

इसका व्यक्तित्व प्रेरणा और साहस

का प्रतीक है

विद्यार्थियों के लिए इससे गुरु और

अभिमान है।

इसकी नींव में

ईमानदारी, मेहनत, सच्चाई और

त्याग का बिम्ब है

शिक्षकों, प्राध्यापकों और व्यवस्थापकों में

दिखता उनका प्रतिबिम्ब है।

कई झंझावातों, तूफानों और संघर्षों को अपने सामने गुजरते देखा

आजादी के संघर्षों की गवाही देता

विल्सन महाविद्यालय

आज भी अडिग और अचल खड़ा

बना प्रेरणा का स्रोत है

भाषा, विज्ञान और इतिहास

की धरोहर संजोए यह महाविद्यालय

ऐतिहासिक पृष्ठभूमि की अमूल्य विरासत है।

हाँ, यही सच है कि यह

हमारा मान और सम्मान है।
